8 Procurement of specialist studies, inputs, advice and tests

The Consultant shall:

- a) obtain the Employer's prior permission to procure specialist studies, inputs, advice and tests; and
- b) either obtain three quotes for studies, inputs and tests and award a contract to the service provider offering the best value for money or engage a sole provider at open market rates.
- c) Compile terms of reference thereof.

9 Facilities and equipment to be provided by the Consultant

The Consultant shall provide all equipment and facilities required to provide the services relating to required service.

10 Communications

All communications with the Employer which are made in terms of the contract should be made using the standard templates provided by the Employer. Reference to the Framework Agreement description shall at all times precede any project related communication.

11 Issuing of RFQ and Task Orders

Post the appointment of the service provider to the framework agreement, LEDA will call all qualifying service providers and issue request for task orders as necessary – depending on the size of the project and complexity. The Request for Quotations will be based on Option A: Priced Contract with Activity Schedule and Option G: Term contract.

The process of inviting service providers during the issuing of request for task orders will be based on the nature or classification of works (either complex or simple) and size of the project (estimated total value of the project).

For complex projects, only service providers who their principal consultants are registered as professional Quantity Surveyors (Pr. QS) with the SACQSP will be considered and invited.

The estimated value of the construction works applicable to the project will be used to determine the size of enterprises (small, medium or large) to be invited as follows:

- (i) Where the estimated costs of construction works of the project is less than R 50 million, **small bidders** within the framework agreement will be invited.
- (ii) Where the estimated costs of construction works of the project is above R 50 million and less than R 100 million, **only medium and large enterprises** will be invited.
- (iii) Where the estimated costs of construction works of the project is above R 100 million, **only large enterprises** will be invited.

Size of enterprise versus estimated value of electrical works

SIZE OF ENTERPRISE TO BE INVITED	ESTIMATED VALUE OF CONSTRUCTION WORKS	PROFESSIONALS REQUIRED
Small bidders within the framework agreement	Less than R 50 million	A minimum of 1 Professionally registered person
Medium and Large enterprises only	Above R 50 million and less than R 100 million	A minimum of 2 Professionally registered persons
Large enterprises only	Above R 100 million	A minimum of 3 Professionally registered person

The evaluation of task order request will be evaluated in terms of Method 2: Financial Offer and Preference – unless otherwise stated on the specific RFQ. The points for preference will be done in terms of LEDA of Public Works, Roads and Infrastructure Preferential Procurement Regulations of 2022 – or as amended, at the time of the issuing of the request for task order. This information will be included on the request for Quotations.

The number of points awarded for financial offer will be calculated using this equation.

$$P = 80 * \left(1 - \frac{(P_o - P_m)}{P_m}\right) \text{ or } P = 90 * \left(1 - \frac{(P_o - P_m)}{P_m}\right)$$

Where:

P is the points awarded to the bid under consideration

P_m is the lowest acceptable bid price

P_o is the comparative price under consideration

POINTS AWARDED FOR SPECIFIC GOALS

In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

- An invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
- Any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system, then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Specific goals for the tender and points claimed are indicated per the table below.

The specific goals allocated points in terms of this tender	Number of points allocated (80/20 system)	Number of points claimed (80/20 system) (To be completed by the tenderer)	Means of verification
Black people ownership	6		Central Supplier Database and company registration documents
Women equity	3		Central Supplier Database and company registration documents
Youth equity	3		Central Supplier Database and company registration documents
Disability	2		Medical certificate or equivalent
Promotion of small businesses	3		Staff complement and annual turnover

For complex projects, LEDA may also consider additional information during the evaluation of the proposals. This may include amongst others, the following – which will be considered during RQF and evaluation thereof:

- Current performance of the service provider in relation to similar works allocated by LEDA.
- Experience of the consultants (Consultant's general experience and record in the field covered by the ToR) – only professional engineers will be considered.
- Submission of a proposed project approach/methodology that best represents the ToR.
- Submission of proposed project schedule, or work plan that best represents the ToR.

LEDA or any organ of state reserves the right to cancel any RFQ and consider advertising any tender on open tender as the case may be when it is necessary to do so.
