

TECHNICAL EVALUATION CRITERIA

	Functionality	Maximum number of points percentages						
	Technical (Engineering)	100%						
1	<u>Method statement on how work will be executed:</u> Detailed scope of work Number of resources to be used for the project. Responsibilities of each employee PPE to be worn. Tools to be used Risk Identification and mitigation etc. <table><tr><td>No method statement submitted</td><td>0%</td></tr><tr><td>Method statement cover 4 or more of the required headings</td><td>20%</td></tr><tr><td>Method statement cover all headings as required</td><td>30%</td></tr></table>	No method statement submitted	0%	Method statement cover 4 or more of the required headings	20%	Method statement cover all headings as required	30%	30%
No method statement submitted	0%							
Method statement cover 4 or more of the required headings	20%							
Method statement cover all headings as required	30%							
2	<u>CVs of the technicians who will be assigned to the maintenance contract, with proof of their qualifications and relevant work experience plus a minimum of N3 in Electrical Engineering qualification. All CV's with traceable references.</u> <table><tr><td>2 x technicians with electrical engineering qualification and traceable references</td><td>30%</td></tr><tr><td>1 x technician personnel with electrical engineering qualification and traceable references</td><td>15%</td></tr><tr><td>No submissions and or submitted one requirement.</td><td>0%</td></tr></table> Note: Points will be allocated if all documentations are submitted	2 x technicians with electrical engineering qualification and traceable references	30%	1 x technician personnel with electrical engineering qualification and traceable references	15%	No submissions and or submitted one requirement.	0%	30%
2 x technicians with electrical engineering qualification and traceable references	30%							
1 x technician personnel with electrical engineering qualification and traceable references	15%							
No submissions and or submitted one requirement.	0%							
3	<u>CVs of the semi-skilled personnel who will be assigned to the maintenance contract, with proof of their qualifications and relevant work experience plus a minimum of N2 Electrical Engineering qualification. All CV's with traceable references.</u> <table><tr><td>2 x – semiskilled with electrical engineering qualification and traceable references</td><td>20%</td></tr><tr><td>1 x semi-skilled with electrical engineering qualification and traceable references</td><td>10%</td></tr><tr><td>No submissions and or submitted one requirement</td><td>0%</td></tr></table> Note: Points will be allocated if all documentations are submitted	2 x – semiskilled with electrical engineering qualification and traceable references	20%	1 x semi-skilled with electrical engineering qualification and traceable references	10%	No submissions and or submitted one requirement	0%	20%
2 x – semiskilled with electrical engineering qualification and traceable references	20%							
1 x semi-skilled with electrical engineering qualification and traceable references	10%							
No submissions and or submitted one requirement	0%							
4	<u>Submit copies of order/s or contract/s of similar work done</u> <table><tr><td>2 x orders / contracts</td><td>20%</td></tr><tr><td>1 x order / contract</td><td>10%</td></tr><tr><td>No submission of order/s or contract/s</td><td>0%</td></tr></table>	2 x orders / contracts	20%	1 x order / contract	10%	No submission of order/s or contract/s	0%	20%
2 x orders / contracts	20%							
1 x order / contract	10%							
No submission of order/s or contract/s	0%							
	Overall Minimum threshold - 70%
