SECTION B: TERMS OF REFERENCE

THE APPOINTMENT OF A SUITABLE SERVICE PROVIDER TO PROVIDE SUITABLE OFFICE SPACE FOR THE OPERATIONS OF INVESTSA GAUTENG FOR A PERIOD OF FIVE YEARS (5) INCLUDING TENANT INSTALLATIONS

1. INTRODUCTION & BACKGROUND:

The Gauteng Growth Development Agency (GGDA) is the implementing arm of the Gauteng Department of Economic Development (GDED). It is mandated to assist the department to lead, facilitate and manage sustainable job creation and inclusive economic growth and development in the Gauteng City Region. This mandate is articulated through the attraction of foreign and domestic direct investment; trade promotion and export development; the development of economic infrastructure as well as sound economic and sector research of the Gauteng City Region.

To improve investor attractiveness and expedite regulatory bottlenecks associated with setting up a business in South Africa, the GGDA launched the **InvestSA** One Stop Shop (OSS) Gauteng. This is part of an initiative led by the Department of Trade, Industry and Competition (**the DTIC**) to coordinate the establishment of the National and Provincial One Stop Shops to support investors and exporters with critical functions in an integrated approach to address concerns on the ease of doing business in South Africa.

The OSS Gauteng offers a multitude of services to domestic and foreign investors. The OSS facility provides a convenient and efficient service for local and foreign businesses whilst focusing on all aspects related to their development needs from various tiers and agencies of government in a convenient location.

The OSS facility is branded as the **InvestSA** One Stop Shop (OSS) Gauteng for international investors and established local businesses where essential government information and services can be accessed from a single platform.

The **InvestSA** One Stop Shop implementation is based on the OECD best practice principles of:

- Long-term political support,
- Forming part of the broader government administrative simplification process and investment mobilisation,
- Supporting inter-governmental coordination on investment,
- Mobilising public service functionary support for effective and rapid resolution of investment facilitation requests,
- Identifying and advocating for policy reforms in accordance with South Africa's Ease of Doing Business Programme,
- Institutionalising effective project implementation principles,
- Effective marketing and communications strategies for greater visibility and investor uptake,
- Being investor centred (domestic and foreign),
- Fostering effective stakeholder engagement,
- Imbedding effective governance structures and processes,
- Dedicated human resource capacity for sustainable implementation,
- Continuous monitoring and evaluation.

The One Stop Shops (OSSs) is the focal point of contact in government for all investors to coordinate and facilitate the relevant government departments involved in regulatory matters, registration, permits and licencing.

The OSSs endeavours to significantly shorten and simplify administrative procedures and guidelines for the issuance of business approvals, permits and licences, and thereby remove bottlenecks faced by investors in establishing and running business. It will further reduce the silo functioning in the investment arena. It is now easier than ever to be a part of the South African business community through the investor facilitation services offered at the established **InvestSA** One Stop Shops - Gauteng, Western Cape, and KwaZulu-Natal.

The One Stop Shop facilities connect investors to economic opportunities in the country in one central and easily accessible space. Innovative digital support provides access to the OSS services and the rapid response to investor support requests and enquiries. The OSS further provides access to various government entities such as the South African Revenue Services, Departments of Home Affairs, Environment, Forestry and Fisheries, Employment and Labour, Agriculture, Land Reform and Rural Development, Mineral Resources and Energy, Traditional Affairs, Water and Sanitation, Small Business Development, Public Enterprise, National Treasury, Health, Science and Technology, Industrial Development Corporation, Eskom, South African Local Government Association, National Regulator for Compulsory Specifications, and the Companies and Intellectual Properties Commission on an appointment basis.

**B2: THE NATIONAL INDUSTRIAL PARTICIPATION
PROGRAMME (CHOOSE ONLY IF APPLICABLE)**

This document must be signed and submitted together with your bid

INTRODUCTION

The National Industrial Participation (NIP) Programme, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and parastatal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the programme.

1 PILLARS OF THE PROGRAMME

- 1.1 The NIP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to or exceeding US\$ 10 million or other currency equivalent to US\$ 10 million will have a NIP obligation. This threshold of US\$ 10 million can be reached as follows:
 - a) Any single contract with imported content exceeding US\$10 million.
Or
 - b) Multiple contracts for the same goods, works or services each with imported content exceeding US\$3 million awarded to one seller over a 2-year period which in total exceeds US\$10 million. Or
 - c) A contract with a renewable option clause, where should the option be exercised the total value of the imported content will exceed US\$10 million or
 - d) Multiple suppliers of the same goods, works or services under the same contract, where the value of the imported content of each allocation is equal to or exceeds US\$ 3 million worth of goods, works or services to the same government institution, which in total over a two (2) year period exceeds US\$10 million.
- 1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1 (a) to 1.1 (c) above will amount to 30 % of the imported content whilst suppliers in respect of paragraph 1.1 (d) shall incur 30% of the total NIP obligation on a pro-rata basis.
- 1.3 To satisfy the NIP obligation, the DTI would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R&D) with partners or suppliers.
- 1.4 A period of seven years has been identified as the time frame within which to discharge the obligation.

2 REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY

- 2.1 In order to ensure effective implementation of the programme, successful bidders (contractors) are required to, immediately after the award of a contract that is in excess of R10 million (ten million Rands), submit details of such a contract to the DTI for reporting purposes.

2.2 The purpose for reporting details of contracts in excess of the amount of R10 million (ten million Rands) is to cater for multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as provided for in paragraphs 1.1.(b) to 1.1. (d) above.

3 BID SUBMISSION AND CONTRACT REPORTING REQUIREMENTS OF BIDDERS AND SUCCESSFUL BIDDERS (CONTRACTORS)

3.1 Bidders are required to sign and submit this Standard Bidding Document (SBD 5) together with the bid on the closing date and time.

3.2 In order to accommodate multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as indicated in sub-paragraphs 1.1 (b) to 1.1 (d) above and to enable the DTI in determining the NIP obligation, successful bidders (contractors) are required, immediately after being officially notified about any successful bid with a value in excess of R10 million (ten million Rands), to contact and furnish the DTI with the following information:

- Bid / contract number.
- Description of the goods works or services.
- Date on which the contract was accepted.
- Name, address and contact details of the government institution.
- Value of the contract.
- Imported content of the contract, if possible.

3.3 The information required in paragraph 3.2 above must be sent to the Department of Trade and Industry, Private Bag X 84, Pretoria, 0001 for the attention of Mr. Elias Malapane within five (5) working days after award of the contract. Mr. Malapane may be contacted on telephone (012) 394 1401, facsimile (012) 394 2401 or e-mail at Elias@thedti.gov.za for further details about the programme.

4 PROCESS TO SATISFY THE NIP OBLIGATION

4.1 Once the successful bidder (contractor) has made contact with and furnished the DTI with the information required the following steps will be followed:

- (a) the contractor and the DTI will determine the NIP obligation;
- (b) the contractor and the DTI will sign the NIP obligation agreement;
- (c) the contractor will submit a performance guarantee to the DTI;
- (d) the contractor will submit a business concept for consideration and approval by the DTI;
- (e) upon approval of the business concept by the DTI, the contractor will submit detailed business plans outlining the business concepts;
- (f) the contractor will implement the business plans; and
- (g) the contractor will submit bi-annual progress reports on approved plans to the DTI.

4.2 The NIP obligation agreement is between the DTI and the successful bidder (contractor) and, therefore, does not involve the purchasing institution.
