CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

In instances where material cannot be supplied by the Municipality, the successful contractor can be requested to supply the required material according to the LLM specification at market related cost (proof of purchase will be required which must be market related) and the successful contractor will be allowed a mark-up of a percentage on the said purchased equipment/material and the percentage mark-up must be indicated on the price schedule below. For evaluation purpose only, the pricing will be fixed at R50 000.

In the event of any dispute arising from whether such pricing is market related or not, three quotations will be called by Lesedi Municipality for the same material from three different suppliers and the cheapest of the three will be accepted by the contractor and LLM as the market related value

It is expected that material and labour cost will escalate in the outer years of this contract. The bidder is given the opportunity to allow for this escalation in Item 6 and 7 below by adding a fixed % for Year 2 and 3. In the first year no escalation will be allowed.
