Generation - Nuclear	10	8	10	Free																																							
Resilience	15	35	26	Free																																							
RT&D	5	8	8	Free																																							
Physical Security	10	35	50	Free																																							
3.	SOW document, P4 (The business requires specialized remote sensing and imagery processing software to enable subject matter experts to efficiently preprocess and postprocess both active and passive remote sensing data) Can you please clarify the number of subject matter experts that require such a license, if possible, per department in the table provided?	<table><tr><td>NTCSA</td><td>7</td></tr><tr><td>Eskom Dx</td><td>7</td></tr></table>	NTCSA	7	Eskom Dx	7	22 September 2025																																				
NTCSA	7																																										
Eskom Dx	7																																										
4.	RFP document, P34-38 (It was stated as this is an IT contract payment method 1A or 1B will apply and payment method 2 must be requested prior to tender close) We had many IT projects with Eskom and would like method 2, to be approved?	Payment method 2 will not apply. They can choose other Foreign payment methods i.e. 1A,1B and Fixed ZAR.	22 September 2025

5.	SOW document, P 27 (The table indicates that the Network Information System (place holder) is under evaluation - Figure 6: Logical Communicate Program) During the briefing session it was mentioned the deployment of the NIS has started. Kindly advise if it was awarded and to whom? We need to understand technically, as the NIS and eGIS system needs to communicate with one another.	Details of the NIS service provider will be shared with the recommended supplier if necessary. The requirement to exchange geospatial data in an open GIS (i.e. non-proprietary) format such as OGC REST APIs (alternatively as the legacy OGC web services standard series) apply to all systems in Eskom, as there are hundreds of applications in Eskom which needs to re-use and exchange data interoperably.	22 September 2025
6.	Request for extension due to detail and complexity of information requested	Closing date extension has been granted. The new revised date is 03 November 2025 at 10h00(South African Standard time) Late tender will not be accepted	22 September 2025
