CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

1 Includes price quotations, advertised competitive bids, limited bids and proposals.

2 Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

7.2.6. F.2.14 Information and data to be completed in all respects

Accept that bid offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the employer as non-responsive.

7.2.7. F.2.15 Closing time

7.2.7.1. F.2.15.1 Ensure that the employer receives the bid offer at the address specified in the bid data not later than the closing time stated in the bid data. Proof of posting shall not be accepted as proof of delivery. The employer shall not accept bid offers submitted by telegraph, telex, facsimile or e-mail, unless stated otherwise in the bid data.

7.2.7.2. F.2.15.2 Accept that, if the employer extends the closing time stated in the bid data for any reason, the requirements of these conditions of bid apply equally to the extended deadline.

Note: Sub-clause F.2.17 does not preclude the negotiation of the final terms of the contract with a preferred bidder following a competitive selection process, should the Employer elect to do so.

7.2.10. F.2.18 Provide other material

7.2.10.1. F.2.18.1 Provide, on request by the employer, any other material that has a bearing on the bid offer, the bidder's commercial position (including notarized joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the employer for the purpose of a full and fair risk assessment. Should the bidder not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the employer's request, the employer may regard the bid offer as non-responsive.

7.2.10.2. F.2.18.2 Dispose of samples of materials provided for evaluation by the employer, where required.

7.2.11. F.2.19 Inspections, tests and analysis

7.2.15. F.2.23 Certificates

Include in the bid submission or provide the employer with any certificates as stated in the bid data.

7.3. F.3 The employer's undertakings**7.3.1. F.3.1 Respond to clarification**

Respond to a request for clarification received up to five working days before to the bid closing time stated in the bid data and notify all bidders who drew procurement documents.

7.3.2. F.3.2 Issue addenda

If necessary, issue addenda that may amend or Amplify the bid documents to each bidder during the period from the date that bid documents are available until seven days before the bid closing time stated in the bid data. If, as a result a bidder applies for an extension to the closing time stated in the bid data, the employer may grant such extension and, shall then notify all bidders who drew documents.

7.3.3. F.3.3 Return late bid offers

Return bid offers received after the closing time stated in the bid data, unopened, (unless it is necessary to open a bid submission to obtain a forwarding address), to the bidder concerned.

7.3.4. F.3.5 Opening of bid submissions

7.3.4.1. F.3.5.1 Unless the two-envelope system is to be followed, open valid bid submissions in the presence of bidders' agents who choose to attend at the time and place stated in the bid data. Bid submissions for which acceptable reasons for withdrawal have been submitted will not be opened.

7.3.4.2. F.3.5.2 Announce at the meeting held immediately after the opening of bid submissions, at a venue indicated in the bid data, the name of each bidder whose bid offer is opened, the total of his prices, preferences claimed and time for completion, if any, for the main bid offer only.

7.3.4.3. F.3.5.3 Make available the record outlined in F.3.4.2 to all interested persons upon request.

7.3.5. F.3.6 Two-envelope system

- 7.3.5.1.** F.3.6.1 Where stated in the bid data that a two-envelope system is to be followed, open only the technical proposal of valid bids in the presence of bidders' agents who choose to attend at the time and place stated in the bid data and announce the name of each bidder whose technical proposal is opened.
- 7.3.5.2.** F.3.6.2 Evaluate the quality of the technical proposals offered by bidders, then advise bidders who remain in contention for the award of the contract of the time and place when the financial proposals will be opened. Open only the financial proposals of bidders, who score in the quality evaluation more than the minimum number of points for quality stated in the bid data, and announce the score obtained for the technical proposals and the total price and any preferences claimed. Return unopened financial proposals to bidders whose technical proposals failed to achieve the minimum number of points for quality.

7.3.6. F.3.7 Non-disclosure

Not disclose to bidders, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of bid offers, the final evaluation price and recommendations for the award of a contract, until after the award of the contract to the successful bidder.

7.3.7. F.3.8 Grounds for rejection and disqualification

Determine whether there has been any effort by a bidder to influence the processing of bid offers and instantly disqualify a bidder (and his bid offer) if it is established that he engaged in corrupt or fraudulent practices.

7.3.8. F.3.9 Test for responsiveness

- 7.3.8.1.** F.3.9.1 Determine, on opening and before detailed evaluation, whether each bid offer properly received:
- a) complies with the requirements of these Conditions of Bid,
 - b) has been properly and fully completed and signed, and
 - c) is responsive to the other requirements of the bid documents.

7.3.8.2. F.3.9.2 A responsive bid is one that conforms to all the terms, conditions, and specifications of the bid documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:

- a) detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,
- b) change the Employer's or the bidder's risks and responsibilities under the contract, or
- c) affect the competitive position of other bidders presenting responsive bids, if it were to be rectified.

Reject a non-responsive bid offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

7.3.9. F.3.10 Arithmetical errors

7.3.10. F.3.10.1 Check responsive bid offers for arithmetical errors, correcting them in the following manner:

- a) Where there is a discrepancy between the amounts in figures and in words, the amount in words shall govern.
- b) If the bills of quantities (or schedule of quantities or schedule of rates) apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected.
- c) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the bidder's addition of prices, the total of the prices shall govern and the bidder will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the bided total of the prices.

7.3.11. F.3.10.2 Consider the rejection of a bid offer if the bidder does not correct or accept the correction of his arithmetical errors in the manner described in F.3.9.1.

7.3.12. F.3.11 Clarification of a bid offer

Obtain clarification from a bidder on any matter that could give rise to ambiguity in a contract arising from the bid offer.

7.3.13. F.3.12 Evaluation of bid offers

7.3.13.1. F.3.12.1 General

Appoint an evaluation panel of not less than three persons. Reduce each responsive bid offer to a comparative offer and evaluate it using the bid evaluation method that is indicated in the bid data and described below:

Method 1: Financial offer	1)	Rank bid offers from the most favourable to the least favourable comparative offer.
	2)	Recommend highest ranked bidder for the award of the contract, unless there are compelling and justifiable reasons not to do so.
Method 2: Financial offer and preferences	1)	Score bid evaluation points for financial offer.
	2)	Confirm that bidders are eligible for the preferences claimed and if so, score bid evaluation points for referencing.
	3)	Calculate total bid evaluation points.
	4)	Rank bid offers from the highest number of bid evaluation points to the lowest.
	5)	Recommend bidder with the highest number of bid evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.
Method 3: Financial offer and quality	1)	Score quality, rejecting all bid offers that fail to score the minimum number of points for quality stated in the Bid data.
	2)	Score bid evaluation points for financial offer.
	3)	Calculate total bid evaluation points.
Method 3: (Continue)	4)	Rank bid offers from the highest number of bid evaluation points to the lowest.
	5)	Recommend bidder with the highest number of bid evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.
Method 4:	1)	Score quality, rejecting all bid offers that fail to score the minimum number of points for quality stated in the Bid data.

Handwritten signatures and initials:

Financial offer, quality and preferences	2)	Score bid evaluation points for financial offer.
	3)	Confirm that bidders are eligible for the preferences claimed, and if so, score bid evaluation points for referencing.
	4)	Calculate total bid evaluation points.
	5)	Rank bid offers from the highest number of bid evaluation points to the lowest.
	6)	Recommend bidder with the highest number of bid evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.
	7)	Score financial offers, preferences and quality, as relevant, to two decimal places

7.3.13.2. F.3.12.2 Scoring financial offers

Score the financial offers of remaining responsive bid offers using the following formula:

NFO = $W_1 \times A$ where:

N_{FO} = the number of bid evaluation points awarded for the financial offer.

W_1 = the maximum possible number of bid evaluation points awarded for the financial offer as stated in the bid data.

A = a number calculated using either formulas 1 below as stated in the bid data.

Formula	Basis for comparison	Option 1	Option 2
1.	Lowest price or percentage commission/fee	$\left(1 - \frac{(Pt - P_{min})}{P_{min}}\right)$	P_m/P

where:

P_m = the comparative offer of the most favourable bid offer.

P = the comparative offer of bid offer under consideration.

7.3.13.3. F.3.12.3 Scoring quality (functionality)

Score quality in each of the categories in accordance with the bid data and calculate total score for quality.

Handwritten signatures and initials: *AM*, *KP*, *Jim*, and a circular stamp.

7.3.13.4. F.3.13 Insurance provided by the employer

If requested by the proposed successful bidder, submit for the bidder's information the policies and / or certificates of insurance which the conditions of contract identified in the contract data, require the employer to provide.

7.3.13.5. F.3.14 Acceptance of bid offer

7.3.13.5.1. F.3.14.1 Accept bid offer only if the bidder complies with the legal requirements stated in the bid data.

7.3.13.5.2. F.3.14.2 Notify the successful bidder of the employer's acceptance of his bid offer by completing and returning one copy of the form of offer and acceptance before the expiry of the validity period stated in the bid data, or agreed additional period. Providing the form of offer and acceptance does not contain any qualifying statements, it will constitute the formation of a contract between the employer and the successful bidder as described in the form of offer and acceptance.

7.3.13.6. F.3.15 Notice to unsuccessful bidders

After the successful bidder has acknowledged the employer's notice of acceptance, notify other bidders that their bid offers have not been accepted.

7.3.13.6.1. F.3.16 Prepare contract documents

If necessary, revise documents that shall form part of the contract and that were issued by the employer as part of the bid documents to take account of:

- a) Addenda issued during the bid period,
- b) inclusion of some of the returnable documents,
- c) other revisions agreed between the employer and the successful bidder, and
- d) the schedule of deviations attached to the form of offer and acceptance, if any.

7.3.13.6.2. F.3.17 Issue final contract

Prepare and issue the final draft of contract documents to the successful bidder for acceptance as soon as possible after the date of the employer's signing of the form of offer and acceptance (including the schedule of deviations, if any). Only those documents that the conditions of bid require the bidder to submit, after acceptance by the employer, shall be included.

7.3.13.6.3. F.3.18 Complete adjudicator's contract

Unless alternative arrangements have been agreed or otherwise provided for in the contract, arrange for both parties to complete formalities for appointing the selected adjudicator at the same time as the main contract is signed.

7.3.13.6.4. F.3.19 Provide copies of the contracts

Provide to the successful bidder the number of copies stated in the bid data of the signed copy of the contract as soon as possible after completion and signing of the form of offer and acceptance.
