Dear Valued Suppliers

Request for Enquiry Number	E3398DXGPOU
Description / Project Title	The provision of substations, office Repairs and facility maintenance contract on an “as and when required” basis within Gauteng Cluster for a period of 36 months (Top-Up)
Tender Questions Closing Date	09 October 2026

Item	Questions	Answers
1.	Could you please clarify whether one individual is required to fulfil all of the following roles and requirements: Team Leader, First Aider, Incident Investigator, and certified/authorised to work in high-voltage areas? Alternatively, may these roles and certifications be held by different members of the proposed team?	i. Team Leader: The Team Leader must be the Authorised Person appointed as the Responsible Person. ii. First Aider: The First Aider must hold a Level 2 First Aid qualification and be formally appointed to the role. iii. Incident Investigator: The Incident Investigator must be appropriately trained and formally appointed as an investigator. iv. Certified/Authorised Person: The Certified/Authorised Person must meet all requirements set out in Annexure C: POE of the

		Technical Evaluation criteria document (page 22 of 24).
2.	Additionally, should we intend to subcontract the pesticide and herbicide application services, would it be acceptable to submit the relevant certificates and supporting documentation of our appointed subcontractor as part of our tender submission?	No. The person performing these services must be employed by the tendering company and must have all the required training and certifications. This requirement is intended to minimise potential conflicts and operational risks.
3.	We would like to clarify whether the requirement can be met by two persons in our employment, as follows: A trade-tested electrician (QCTO Trade Certificate – Electrician), who will be responsible for all electrical work.	The person to be authorised must be trade tested and hold a valid Trade Test Certificate, as required under Annexure C: POE of the Technical Evaluation document (page 22 of 24).
4.	An ORHVS Responsible Person who holds ORHVS HVO1, HVO2 and HVO4, ELW 001 (Supervision), First Aid Level 2, Working at Heights and Rescue, and an Electrical Test Instrument certificate, but does not hold the Electrical Trade Test. This person will supervise the team and control access and safety in the substations.	No. The individual cannot be authorised without a valid Trade Test Certificate, as required under Annexure C: POE of the Technical Evaluation criteria document (page 22 of 24).
5.	Together, the two persons will cover the required competencies, and both will be permanently assigned to the contract.	No. One person must hold all the training and qualifications specified in the POE to be authorised.
6.	Please confirm whether this arrangement will be accepted as meeting the Team Leader requirement, or whether all certificates must be held by one person.	All certificates required under Annexure C: POE of the Technical Evaluation criteria document (page 22 of 24) must be held by one person. That individual will be authorised as the Responsible Person.
