TREATMENT OF ARITHMETIC ERRORS IN THE BID PRICE

If the pricing schedule apply and there is an error in the line-item total resulting from the product or services of the unit rate and quantity, the line-item total shall govern, and rate shall be corrected. Where there is obviously gross misplacement of the decimals point in the unit rate, the line-item total as quoted shall govern and the unit rate shall be corrected.

Where there is an error in the of the prices, either as result of other corrections required by the checking process or in the bids addition of prices, the total of the prices shall govern, and the service provider will be asked to revise selected item prices to achieve the total quoted price.

No bidder shall be offered competitive advantage to change total quoted prices after the closing of the bid.
