NTCSA will monitor the performance of the contractor/supplier for the duration of the contract, as part of the contractor performance review process. The contractor/supplier agrees to participate in the performance evaluation that NTCSA has adopted. NTCSA will use a performance evaluation tool attached as **Appendix 1 - TPD Contractor Evaluation Tool Rev 16_excel** as the basis for assessing whether the contractor/supplier has met the performance expectations applicable to the awarded contract. NTCSA will periodically review the performance of the contractor/supplier as and when required at any stage while the contract remains in force.

The performance tool (**Appendix 1 - TPD Contractor Evaluation Tool Rev 16_excel**) sets out:

- The performance objectives and targets that must be met by the contractor/supplier in accordance with the weighting allocated to each objective.

NTCSA will inform the contractor/supplier about the specific performance indicators that will be included in the performance management system as applicable to the contractor/supplier.

The performance schedule or agreeing to participate in the performance management system shall not diminish the obligations, duties or accountabilities of the contractor/supplier in terms of the contract or other rights of the Employer.”

Appendix 1 - TPD Contractor Evaluation Tool Rev 16_excel identifies the minimum threshold that must be achieved and maintained. Failure to achieve and maintain a minimum score as stipulated in the tool, NTCSA reserves its rights to refer the contractor/supplier to place an embargo/moratorium on the contractor/supplier to receive further contracts with NTCSA.
