REQUEST FOR PROPOSAL

Summary, Guidelines, Conditions and Instructions

1 PURPOSE OF THIS REQUEST FOR PROPOSAL

- 1.1 The purpose of this Request for Proposal (RFP) is for the South African Revenue Service (SARS) to invite suitably qualified service providers (bidders) to submit proposals (tenders) in accordance with the rules set out in this RFP for an appointment as a service provider(s) on a non-exclusive basis.

2 OVERVIEW OF SARS' REQUIREMENTS

2.1 Summary of the scope

- 2.1.1 Details of the scope of work and the required goods and services are defined in more detail in the Business Requirements Specification document and other documents forming an integral part of this RFP.

2.2 Background

The South African Revenue Service's Physical Facilities Management division is responsible for providing a clean and hygienic environment for SARS employees, visitors and taxpayers. This is accomplished through the appointment of specialist companies to provide hygiene services, equipment and consumables on agreed intervals. Currently the following is provided under this arrangement:

- Hygiene equipment and consumables, which include restroom or ablution sanitising
- equipment (dispensers, sanitisers, hand towels, etc.) and the required toiletries and
- consumables (soaps, air fresheners, paper towels, seat sanitisers, etc.).
- Servicing of sanitary bins, nappy bins and dispensers.
- Deep cleansing of toilets and urinals at agreed intervals.
- Training of cleaners with the replacement of cartridges of consumables for all dispensers.

Hygiene services are vital for preventing infectious diseases, supporting employee health, reducing absenteeism, and ensuring compliance with legal standards.

The SARS Clusters are broken down as follows:

Table 1: Clusters requiring the Services.

Cluster	SARS Regions
Cluster A	Western Cape
Cluster B	Eastern Cape
Cluster C	KwaZulu - Natal
Cluster D	Free State & Northern Cape
Cluster E	Limpopo, Northwest & Mpumalanga
Cluster F	Head Office and Gauteng North
Cluster G	Gauteng South and Central

The SARS Clusters are incorporated into the Pricing Schedule. The successful Bidder will be required to deliver an integrated service to the cluster(s), to which it is appointed. During the period of the contract, SARS reserves the right to add or withdraw a site within a cluster in line with operational requirements.

2.3 Objective criteria and allocation methodology

- 2.3.1 SARS's objective criteria is based on its risk management framework as well as the equitable distribution and sharing of resources amongst suppliers. For SARS to achieve its objective criteria, SARS' intention is to award not more than two clusters per bidder. SARS therefore aims to award a maximum of two (2) clusters to a bidder for which the bidder has submitted a bid. The bid is designed to provide a framework that will enable a broad base of bidders an opportunity to participate.
- 2.3.2 In the event that a bidder(s) has scored the highest number of points (first ranked scoring bidder) on consolidation of preference points for more than two clusters, SARS will apply the following allocation methodology criteria:

- a) The bidder(s) in question will be considered for award for the clusters with the highest contract portion value for which the bidder(s) has submitted bids; and
- b) The other cluster(s) to which the bidder(s) has scored the highest number of preference points will be considered for award to second ranked scoring bidder(s); and
- c) In the case where the second ranked scoring bidder(s) is already a first ranked scoring bidder(s) in another cluster, the bidder(s) next in line of ranking will be considered for award for that cluster.

2.3.3 In the event, that there are clusters that remain unallocated after the maximum allocation, SARS reserves the right to allocate the remaining cluster to the first ranked scoring bidder.

2.3.4 In the event this allocation methodology results in material price differences that are unaffordable to SARS and materially exceed the budget value/allocations, SARS reserves the right to award the specific cluster to the first ranked scoring bidder, notwithstanding the above objective criteria.

 - 7.5.2.4 A statement of changes in equity / net assets; and
 - 7.5.2.5 Accompanying notes.
- 7.5.3 If the bidder cannot provide the preceding year's audited / independently reviewed financial statements as part of its bid submission, the bidder should submit draft annual financial statements or its latest management accounts, together with the three (3) most recent years audited / independently reviewed annual financial statements.
- 7.5.4 Bidders who have been trading for less than three (3) financial periods must provide:
- 7.5.4.1 A letter detailing the fact, signed by a duly authorised representative of the entity;
 - 7.5.4.2 The annual financial statements that the entity can provide, considering the period that it has been trading; and
 - 7.5.4.3 Any other information or documentation which would provide more clarity on the financial history of a bidder.
- 7.5.5 SARS reserves the right to request further information regarding the annual financial statements of a bidder at a later stage to demonstrate the potential bidder's financial capability. These will include, but are not limited to:
- 7.5.5.1 Holding company's / Parent company's accounts;
 - 7.5.5.2 Management accounts;
 - 7.5.5.3 Signed letter from a recognised financial institution confirming capital availability

and bank statements; and/or

7.5.5.4 Credit rating reports (confirming capital availability or access to capital).

7.5.6 In the event of a subsidiary being the bidding entity and it submits the holding company's financial statements for financial analysis purposes, the holding company must furnish a Performance Guarantee that is signed by a Financial Service Provider (Guarantor) of the holding company, stating that the Guarantor will undertake to cover any or all risks associated with a bidder, in the event the bidder is awarded the RFP.

7.5.7 If the proposal is submitted by an incorporated joint venture, the incorporated joint venture is required to submit annual financial statements of the joint venture. If the proposal is submitted by an unincorporated joint venture / consortium arrangement, the unincorporated joint venture / consortium is required to submit annual financial statements of each of the parties to the arrangement.

7.5.8 SARS reserves the right to request a financial guarantee from the recommended bidder(s) prior to award, based on the financial risk evaluation outcome.

7.6 **Recommended bidders' due diligence and risk assessment prior to award**

7.6.1 SARS has a legal and moral obligation to ensure that a supplier's financial position does not place public money or services at unacceptable risks and will therefore perform due diligence and risk assessment of recommended bidder(s) prior to award.

7.6.2 As part of due diligence and risk assessment, the bidder must ensure that the bidder is complying to all regulatory prescripts, including industry regulations specific to the commodity/services procuring, that are applicable to this tender, as well as ethical business practices. SARS has the right to request evidence of this compliance from the bidder, and third parties, for purposes of the due diligence exercise and for audit or contracting arrangements.

7.6.3 In the event that a due diligence exercise reveals that a recommended bidder does not comply with SARS' risk appetite or compliance requirements then SARS has the right not to make an award to the recommended bidder.

7.6.4 The recommended bidder(s) will be required to consent in the agreement to continuous and in-depth due diligence to ensure ethical business practices throughout the term of the tender.

7.7 Proposed legal agreement

- 7.7.1 Any award made to a bidder under this RFP is conditional, amongst other provisions, upon SARS and such bidder concluding a written agreement within twenty-one (21) working days of the bidder receiving the written agreement. The timeous finalisation of such an agreement will be an absolute pre-condition to the recommended bidder(s) being awarded the tender and providing the goods or services to SARS.
- 7.7.2 If the recommended bidder(s) fails to sign the proposed agreement within the time frame stipulated, SARS reserves the right to:
- 7.7.2.1 cancel the award to the recommended bidder;
 - 7.7.2.2 enter into negotiations with the second ranked bidder(s) and conclude the proposed agreement with such second ranked bidder(s); or
 - 7.7.2.3 take any other action SARS deems reasonable and appropriate.
- 7.7.3 Bidders are requested to-
- 7.7.3.1 Comment on the terms and conditions set out in the draft agreement and where necessary, propose required changes to such terms and conditions.
 - 7.7.3.2 Each comment and/or amendment must be explained.
 - 7.7.3.3 All changes and/or amendments to the agreement must be in an easily identifiable colour font and tracked for ease of reference.
- 7.7.4 Upon award, SARS and the successful bidder will conclude the agreement which regulates the specific terms and conditions applicable to the goods and services being procured by SARS. In this regard:
- 7.7.4.1 SARS will enter into negotiations with the bidder with a view to concluding the agreement.
 - 7.7.4.2 SARS will be entitled to cease negotiating with a bidder if SARS, in its sole discretion, is of the opinion that: (i) the bidder has made misrepresentations in its proposal; (ii) the bidder is attempting to withdraw from positions or commitments made in its proposal; (iii) the bidder is not negotiating in good faith; or (iv) an agreement may not be expeditiously concluded with the bidder for any other reason.
 - 7.7.4.3 SARS reserves the right to vary the terms and conditions of the proposed agreement during the course of negotiations with a bidder at SARS' sole discretion.

7.7.4.4 SARS reserves the right to accept or reject any or all amendments or additions proposed by the successful bidder if such amendments or additions are unacceptable to SARS or pose a risk to the organisation.

7.7.5 A bidder should note that the terms of its proposal will be incorporated in the proposed agreement by reference and that SARS relies upon the bidder's proposal as a material representation in making an award to a successful bidder and in concluding an agreement with the bidder. It follows therefore that any misrepresentations in a proposal may result in legal action or other processes by SARS against the bidder, notwithstanding the conclusion of an agreement between SARS and the bidder for the provision of the goods and services in question. In the event of a conflict between the bidder's proposal and the agreement concluded between the parties, the agreement will prevail.

7.8 Performance Standards

7.8.1 SARS may prescribe certain performance standards (Service Levels) that a successful bidder must comply with in the performance of the services.

7.8.2 Failure to adhere to the Service Levels will result in SARS levying a financial penalty for the Service Level Failure.

7.8.3 Multiple Service Level Failures with the SARS' prescribed Service Levels will constitute a material breach of the Service Level Agreement.

7.8.4 Notwithstanding the implementation of the Service Levels and Financial Penalties, SARS reserves the right and without derogation to any other remedies it may have in law, to terminate the Service Level Agreement for breach (persistent non-compliance) by the successful bidder.

- 8.1.1.2 Details of the beneficiaries of the trust. In instances where the beneficiary is a trust, the trust deed of that specific trust is required.

 - 8.1.2.1 identification of each party to the agreement in full;
 - 8.1.2.2 the percentage ownership of the joint venture / consortium of each party to the agreement (if applicable);

 - 8.1.2.4 the anticipated percentage of the revenue that the party(ies) would receive (anticipated revenue that the party(ies) would receive as a percentage of the total revenue the bidder would anticipate receiving over the term of the agreement with SARS), if the bidder is successful; and
 - 8.1.2.5 clearly set out the roles and responsibilities of the Lead Partner and the remainder joint venture / consortium party(ies). The agreement must also clearly identify the Lead Partner, who shall be given the power of attorney to bind the other party(ies) in respect of matters pertaining to the joint venture.
- 8.1.2.6 If a bidder is submitting a proposal in the form of an unincorporated joint venture / consortium, the SBD 4 Bidder's disclosure form should be completed by each party participating in the joint venture / consortium agreement, and proof of CSD registration should be submitted for all parties participating in the joint venture / consortium for this RFP.
- 8.1.2.7 Joint venture members should be advised that each member will be held jointly and severally liable for the performance of the joint venture.

 - 8.1.3.1 the bidder must indicate the name of the subcontractor(s), the percentage of the contract that will be subcontracted, the B-BBEE status level of the subcontractor(s) and whether the subcontractor(s) is an EME or QSE;

- 8.1.3.2 a bidder awarded a contract, may only enter into a subcontracting arrangement with the approval of SARS;
- 8.1.3.3 the agreement will be concluded between the main contractor(s) and SARS, therefore, the main contractor(s) and not its/their subcontractor(s) will be held liable for performance in terms of its contractual obligations;
- 8.1.3.4 the successful bidder must, at all times, be solely and entirely accountable to SARS for the performance of its contractual obligations in terms of the agreement; and
- 8.1.3.5 Without diminishing the bidder's accountability in any way for the delivery of the services, including the performance standards, SARS may require: access to and transparency in the subcontracting agreements; the full details of the functions which the subcontractor will fulfil in terms of the agreement including details of the delimitations of scope within the services to be assigned to such a subcontractor; monitoring and reporting of subcontractor's participation and performance to SARS; direct participation of subcontractor(s) in the account and project planning activities; and subcontractors' representation in governance structures and committees. SARS will, at all times, demand fair dealing in the relationship between a bidder and its subcontractor(s).

9 COMPLAINTS AND ALLEGATIONS

- 9.1.1 Should a Bidder have rational reasons to believe that the tender process is unfair or irregular, including the fact that the technical specifications are not open and/or are written for a particular bidder, brand or product; the bidder is urged to notify the Procurement Department within ten (10) days after publication of the bid and provide details of its complaint for SARS' consideration.
- 9.1.2 Any suspicious activity, including requests, approaches or calls asking for upfront payment to secure an award of a bid or in lieu of claims that the outcome of a tender can be influenced towards a particular bidder, bidders are requested to immediately inform the *SARS Fraud / Anti-Corruption* Hotline at 0800-002870 or email at anti-corruption@sars.gov.za for further investigation.

10.3 **Conflict of interest**

10.3.1 If at any time a bidder identifies an actual or potential conflict of interest, the bidder must immediately notify SARS in writing. SARS reserves the right to exclude the proposal submitted by such bidder from further consideration, unless the bidder is able to resolve the conflict to SARS' satisfaction. 10.4.2 Throughout this RFP process and thereafter, the bidders must secure SARS' written approval prior to the release of any information that pertains to (i) the potential work or activities to which this RFP relates; or (ii) the process which follows this RFP. Failure to adhere to this requirement may result in disqualification from the RFP process and such legal action as SARS may deem suitable.

10.5 **Fronting**

10.5.1 SARS supports the spirit of broad-based black economic empowerment and recognises that real empowerment can only be achieved through individuals and businesses conducting themselves in accordance with the Constitution and in an honest, fair, equitable, transparent and legally compliant manner. Against this background SARS condemns any

form of fronting.

- 10.5.2 SARS, in ensuring that bidders conduct themselves in an honest manner will, as part of the bid evaluation processes, conduct or initiate the necessary enquiries / investigations to determine the accuracy of the representations made in the bid documents. Should any of the fronting indicators as contained in the Guidelines on Complex Structures and Transactions and Fronting, issued by the Department of Trade and Industry be established during such enquiry / investigation, the onus will be on the bidder / contractor to prove that fronting does not exist. Failure to do so within a period of 14 days from date of notification may invalidate the bid / contract and may also result in the restriction of the bidder / contractor to conduct business with the public sector for a period not exceeding ten years, in addition to any other remedies SARS may have against the bidder / contractor concerned.

10.6 Insurance

- 10.6.1 The successful bidder will be required, on or before the effective date of the agreement and for the duration of the agreement, to have and maintain in force adequate insurance cover consistent with acceptable and prudent business practices and acceptable to SARS, which shall include, without limitation, professional indemnity and public liability insurance cover as appropriate.
