 - 10.1. MBD 1: Invitation to tender.
 - 10.2. MBD 4: Declaration of Interest.
 - 10.3. MBD 5: Declaration Of Procurement Above R10 Million (Vat Included)
 - 10.4. MBD 6.1 Preferential Points
 - 10.5. MBD 8: Declaration of bidders past supply chain management practices
 - 10.6. MBD 9: Certificate of independent bid determination.

B. BIDDING TENDER CONDITIONS:

(NON- COMPLIANCE WITH THE BELOW WILL LEAD TO BIDDER BEING NON-RESPONSIVE).

11. All suppliers of good & services are urged to register in the National Treasury web based Central Suppliers Database with Effect from 1 July 2016 @ www.csd.gov.za.
12. As per National Treasury Instruction No.4 A of 2016/2017 National Treasury Supplier Database, organs of state must ensure that suppliers awarded business with the State are registered on the CSD prior to award letter/purchase order/signed contract being issued.
13. Tenders by joint ventures are to be accompanied by the Document Formation of the joint venture, duly registered and authenticated by a Notary Public or other official deputized to witness sworn statements. This document must define precisely the conditions under which the joint venture will function, the period for which it will function, the persons authorized to represent and obligate it, the

address for correspondence, the participation of several firms forming the joint venture and any information necessary to permit a full appraisal of its functioning, including a clause to the effect that the members of the joint venture are jointly and severally bound.

14. No electronic signature will be accepted in the bidding document. The bidder's signature must always be signed by hand in black ink.
15. No late tender will be accepted.
16. Telefax or e-mail tenders will not be accepted.
17. All bids must be submitted on the official and original forms and must not be re-typed, copied or scanned. Tenders must only be submitted on the bid documents as provided by Mogale City Local Municipality.
18. Tenders must be completed in black ink, hand-written and must not be typed.
19. The use of tipp-ex is not allowed on the bid documents.
20. Bids completed in pencil will be regarded as invalid bids.
21. No page(s) must be removed from the original tender document.
22. Requirements for sealing, addressing, delivery, opening and assessment of tenders are stated in the tender document;
23. In the event of a mistake having been made on the pricing schedule, it shall be crossed out in ink and be accompanied by initials at each and every alteration. The Municipality reserves the right to reject the bid if corrections are not made in accordance with the above.
24. The lowest or any tender will not necessarily be accepted, and Mogale City reserves the right to accept a tender in whole or in part.
25. The Municipality reserves the right to appoint and not to appoint.
26. The validity period for this tender is hundred and twenty (120) days.
27. A Corporate social responsibility contribution of two (2) percent inclusive of 15%VAT will be levied on all companies/ service providers appointed as successful bidders if such companies are not based in jurisdiction of Mogale City.
28. The Municipality reserve the right to negotiate a fair market related price with recommended bidders after a competitive bidding process or price quotations.
29. Fees shall be inclusive of VAT for all registered VAT vendors.
30. All bid Fees must be in RSA currency and inclusive of VAT.
31. In the instance of a term tender (period longer than one year), please indicate the estimated annual price increase and the intervals of such increases, failure to indicate the escalation will lead to a disqualification.
32. Bids will be opened immediately after the closing date and time in a venue to be indicated.
33. No bids will be accepted from persons in the service of state as it is defined in the Municipal Finance Management Act and Regulations.
34. The supply Chain Management Policy of Mogale City Local Municipality allow persons aggrieved by decisions or actions taken by the municipality in the implementation of its supply chain management system, to lodge within fourteen (14) days of the decision or action a written objection or complaint to the municipality against the decision or action.
35. Tender documents may be downloaded from e-tender portal at www.etenders.gov.za as well as www.mogalecity.gov.za.

C. ESSENTIAL DOCUMENTS

(THIS WILL NOT RESULT IN A DISQUALIFICATION OF A BIDDER).

36. Tax Clearance Certificate / Tax Compliance Status documents with Pin.
Each company within the Joint Venture / Consortium must submit Tax Clearance Certificate or a copy of Tax Compliance Status document with Pin.
37. Copies of director's ID not older than three (3) months, not a copy of a certified copy.
38. Bids must be submitted in original and an electronic copy in PDF format submitted on a USB drive.
39. Completed and signed the Declaration of Municipal Account.

OFFICE OF THE MUNICIPAL MANAGER

PART T1: TENDERING PROCEDURES**T1.2 Tender Data****T1.2.1 Conditions of Tender**

The conditions of tender are the Standard Conditions of Tender as contained in Annex F of the CIDB Standard for Uniformity in Construction Procurement (July 2015) as published in Government Gazette No 38960 of 10 July 2015, Board Notice 136 of 2015. (See www.cidb.org.za).

The Standard Conditions of Tender make several references to the Tender Data for details that apply specifically to this tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the Standard Conditions of Tender.

Each item of data given below is cross-referenced to the clause in the Standard Conditions of Tender to which it mainly applies.

T1.2.2 Tender Data

The clause numbers in the Tender Data refer to the corresponding clause numbers in the Conditions of Tender which follows this section (see Annex 1).

The additional Conditions of Tender are:

Clause Number	Tender Data
F.1.1	The Employer is, Mogale City Local Municipality
F.1.2	The tender documents issued by the Employer comprise of: Part T1: Tendering Procedures T1.1 Tender Notice and Invitation to Tender T1.2 Tender Data Part T2: Returnable Documents T2.1 List of Returnable Documents T2.2 Returnable Schedules Part C1: Agreement and Contract Data C1.1 Form of Offer and Acceptance C1.2 Contract Data C1.3 Forms of Securities Part C2: Pricing Data C2.1 Pricing Instructions C2.2 Bill of Quantities Part C3: Scope of Work C3.1 Description of the Works C3.2 Engineering C3.3 Procurement C3.4 Construction C3.5 Management of the Works C3.6 Project Specifications C3.7 Health and Safety Specifications C3.8 Environmental Management During Construction Part C4: Site Information C4.1 Site Information

Clause Number	Tender Data
F.1.3.2	The tender document of the winning tenderer will become the contract document between the Employer and Contractor.
F.1.4	The Employer's agent is: Contact Person : Executive Manager Company Name : Department Infrastructure Development Services Address : Mogale City Local Municipality, P O Box 94 KRUGERSDORP 1740 Email Address : <u>scmenquiries@mogalecity.gov.za</u>
F.1.5	The Employer's right to accept or reject any tender offer: The Employer may accept or reject any variation, deviation, tender offer, or alternative tender offer, and may cancel the tender process and reject all tender offers at any time before the formation of a contract. The Employer shall not accept or incur any liability to a tenderer for such cancellation and rejection, but will give reasons for such action upon written request to do so.
F.1.6.1	Data pertaining to targeted procurement This tender will be adjudicated and awarded in terms of the Mogale City Local Municipality Procurement Policy. The complete document can be requested from Mogale City Local Municipality. A list of trained local labour will be provided by the Municipal structure on award of the Tender.
F.1.6.2	Corporate Social Responsibility A 2% VAT inclusive contribution will be deducted from all certified payments to the contractor and will be deducted from the amount payable before payment is issued. This is only applicable to service providers outside of the Mogale City jurisdiction.
F.1.6.3.1	Tenderers shall submit their proposals. The Employer shall evaluate each responsive submission in terms of the method of evaluation stated in F.3.11.3 in the Tender Data.
F.2.1	Eligibility Criteria and Requirements CIDB Registration and Grading: 1) Only tenderers who are registered with the CIDB or have a sub-contractor registered with the CIDB, or are capable of being so prior to the evaluation of submissions, in a contractor grading designation equal to 3CE or higher class of construction work, are eligible to submit tenders. 2) Only the following tenderers who are registered with the CIDB, or are capable of being so registered prior to the evaluation of submissions, are eligible to submit tenders: contractors who have a contractor grading designation equal or higher to 3CE class of construction work; and 3) Joint ventures are eligible to submit tenders provided that: i) Every member of the joint venture is registered with the CIDB; ii) The lead partner has a contractor grading designation in the, 3CE class of construction work; and iii) The combined contractor grading designation calculated in accordance with the CIDB Regulation is equal or higher to 3CE class construction work. 4) Information to be submitted with the tender: The tenderer shall submit CV's of the management and key staff submitted in this tender document that will be employed to carry out this project, together with satisfactory evidence that such staff members satisfy the eligibility requirements.

T1.2 Tender Data

Clause Number	Tender Data
F.2.7	The arrangements for the compulsory Project Briefing Session are: Date: Refer to Invitation to Tender Venue: Refer to Invitation to Tender Enquiries may be directed to scmenquiries@mogalecity.gov.za Tenderers must sign the attendance list in the name of the tendering entity. Addendum will be issued to and tenders will be received only from those tendering entities appearing on the attendance list.
F.2.13.	The tenderer must submit one tender offer only in a sealed envelope. The Employer's address for delivery of tender offers and identification details to be shown on the tenderer's offer package are: Location of tender box: Reception desk of the Supply Chain Management Unit upper level of the West Wing of the Mogale City Civic Centre Physical Address: Corner Commissioner and Market Street in Krugersdorp. Identification Details: Tender reference number, Title of Tender Closing date and time of the tender, Tenderer's name, his authorised representatives name, Postal address and telephonic contact numbers
F.2.13.6	This tender will be submitted as a 1 envelope tender document
F.2.13.10	Additional Clause: All annexures (for the Returnable Schedules) must be submitted in a separately bound document together with the tender document.
F.2.15.1	Refer to the Invitation to Tender for the closing time for submissions of the tender offers. No late submissions will be considered. Telephonic, telegraphic, telex, facsimile or emailed submission offers will not be accepted.
F.2.16	All Bids shall remain valid for a period of one hundred and twenty (120) days after the time and date set for the opening of Bids, or until the tenderer is relieved of this obligation by the Employer, in writing, at an earlier date. However, the tenderer may be requested in writing, to extend the validity of this tender for a specific period. The written approval of the tenderer must then be received before the lapsing of the original validity period, in order to remain valid.
F.2.23	The Tenderer must provide the following with his submitted bid document. T2.2.1 Record of Addenda to Tender Documents T2.2.2 Compulsory Enterprise Questionnaire T2.2.3 Authority of Signatory T2.2.4 MCLM Corporate Social Responsibility T2.2.5 Proposed Amendments and Qualifications T2.2.6 Declaration of Interest T2.2.7 Declaration of Procurement Above R10 Million (VAT Included) T2.2.8 Preference Points Claim Form T2.2.9 Declaration of Tenderer's Past Supply Chain Management Practices T2.2.10 Certificate of Independent Bid Determination T2.2.11 Capacity to Execute Work T2.2.12 Key Personnel/Project Team T2.2.13 Previous Experience T2.2.14 Schedule of Proposed Subcontractors T2.2.15 Rates for Special Materials T2.2.16 Certificate of Tenderers Attendance at the Clarification Meeting T2.2.17 Tax Clearance Certificate T2.2.18. Specific Goals T2.2.19 Certificate of Contractors Registration issued by the Construction Industry Development Board T2.2.20 (A) Municipal Accounts (b)Declaration of Municipal Account T2.2.21 Occupational Health and Safety Questionnaire
Clause Number	Tender Data
F.2.23	Failure to submit the required returnable schedules will deem the bid as non-responsive.

	Where a tenderer satisfies CIDB contractor grading designation requirements through joint venture formation, such tenderers must submit the Certificates of Contractor Registration in respect of each partner.
F.3.4	Opening of tender submissions: Tenders will be opened in public. Tender names and total prices, where practical will be read out.
F.3.8	Tenders will be deemed non-responsive if the following conditions are not met: • The contractors fail to comply with the pre-qualification criteria for preferential procurement. • The contractors fail to meet the minimum qualifying score for functionality evaluation criteria for a tender. • The contractors fail to submit a valid CIDB certificate
F.3.11.1	The procedure for the evaluation of responsive tenders is Method 2: Functionality, price and preference. Although quality does not determine the award, quality will be evaluated first (as outlined below) and if the tenderer does not meet the minimum quality criteria he/she will be eliminated and the tender will not be evaluated further.
F.3.11.3	Tenders are to be evaluated on the basis of an 80/20 system, 80 points for price and 20 points for specific goals. The below mentioned criteria regarding Functionality are required for responsiveness and therefore eligibility for the next stage of evaluation. This is done to determine the ability of each bidder to successfully execute the contract according to “scope of work”.

FUNCTIONALITY EVALUATION CRITERIA

The below mentioned criteria regarding Functionality is required for responsiveness and therefore eligibility for the next stage of evaluation. This is done to determine the ability of each bidder to successfully execute the contract according to specifications:

- Failure to achieve the **minimum total score of 11 points out of 22 points**.
- Failure to score the **minimum points** in **each Criteria section** (1 and 2) listed in the table below. If the bidder achieves a total score equal to or above the minimum of 11 points but fails to reach the minimum points stipulated for each criteria (1 and 2) the bid will be deemed as non-compliant and will be rejected.
- If any criterion is rated zero points, the tenderer will be rejected, even if the 11 out of 22 points are achieved.
- Non-compliant bidders will be rejected after this phase and not continue to price scoring.
- These criteria shall only determine whether a tender will further be evaluated and will not influence the points scored on Price.

<u>Technical Evaluation Criteria</u>			Weight	Minimum Score
Description of quality criteria & Sub-criteria				
1. Capacity to execute work, Resources:				
Proof of ownership of equipment/ plant to be submitted on company letterhead and Registration documents, where applicable or : letter of intent provided from Hiring company, on company letterhead, signed and dated.				
	<u>Owned:</u>	<u>Hired:</u>		
Roller; Smooth drum Min. 10tons <u>x1</u>	2 points	1 point	2	1
Water Truck 8000 to 12000liter <u>x1</u>	2 points	1 point	2	1
Rammer Whacker <u>x1</u>	2 points	1 point	2	1
Self-propelled Asphalt Paver <u>x1</u>	2 points	1 point	2	1
Slurry Machine for Slurry / Micro surfacing <u>x1</u>	2 points	1 point	2	1
POINTS			10	5
2. Previous Experience				
Previous experience – similar project experience as the work tendered for. Completion Certificates or reference letter of successful completion by Client to receive any points. <u>Project information must indicate specific projects quantity, value and year of construction.</u>				
	Similar Project with Corresponding completion Certificate/reference letter = 3 points			
Two <u>Similar</u> projects completed successfully	6 points		12	6
Three <u>Similar</u> projects completed successfully	9 points			
Four <u>Similar</u> projects completed successfully	12 points			
1. Capacity to execute work, Resources:			10	5
2. Previous Experience:			12	6
TOTAL			22	11
For the purpose of comparison and in order to ensure a meaningful evaluation, bidders are requested to furnish detailed information on substantiation of compliance to the evaluation criteria.				

- All information and particulars necessary to properly evaluate the tender must be furnished on submission. Incomplete particulars and documents required substantiating or insufficient documentary proof thereof will be construed to mean that the service provider is forfeiting the evaluation points in that regard.

T1.2.3 Annex 1

Standard Conditions of Tender

(As contained in Annexure F of the CIDB Standard for Uniformity in Construction Procurement)

F.1 General

F.1.1 Actions

F.1.1.1 The employer and each tenderer submitting a tender offer shall comply with these conditions of tender. In their dealings with each other, they shall discharge their duties and obligations as set out in F.2 and F.3, timeously and with integrity, and behave equitably, honestly and transparently, comply with all legal obligations and not engage in anticompetitive practices.

F.1.1.2 The employer and the tenderer and all their agents and employees involved in the tender process shall avoid conflicts of interest and where a conflict of interest is perceived or known, declare any such conflict of interest, indicating the nature of such conflict. Tenderers shall declare any potential conflict of interest in their tender submissions. Employees, agents and advisors of the employer shall declare any conflict of interest to whoever is responsible for overseeing the procurement process at the start of any deliberations relating to the procurement process or as soon as they become aware of such conflict, and abstain from any decisions where such conflict exists or recuse themselves from the procurement process, as appropriate.

Note 1) A conflict of interest may arise due to a conflict of roles which might provide an incentive for improper acts in some circumstances. A conflict of interest can create an appearance of impropriety that can undermine confidence in the ability of that person to act properly in his or her position even if no improper acts result.

2) Conflicts of interest in respect of those engaged in the procurement process include direct, indirect or family interests in the tender or outcome of the procurement process and any personal bias, inclination, obligation, allegiance or loyalty which would in any way affect any decisions taken.

F.1.1.3 The employer shall not seek and a tenderer shall not submit a tender without having a firm intention and the capacity to proceed with the contract.

F.1.2 Tender Documents

The documents issued by the employer for the purpose of a tender offer are listed in the tender data.

F.1.3 Interpretation

F.1.3.1 The tender data and additional requirements contained in the tender schedules that are included in the returnable documents are deemed to be part of these conditions of tender.

F.1.3.2 These conditions of tender, the tender data and tender schedules which are only required for tender evaluation purposes, shall not form part of any contract arising from the invitation to tender.

F.1.3.3 For the purposes of these conditions of tender, the following definitions apply:

- Conflict of interest** means any situation in which:
 - someone in a position of trust has competing professional or personal interests which make it difficult to fulfil his or her duties impartially;
 - an individual or organisation is in a position to exploit a professional or official capacity in some way for their personal or corporate benefit; or

- iii) incompatibility or contradictory interests exist between an employee and the organisation which employs that employee.
- b) **Comparative offer** means the price after the factors of a non-firm price and all unconditional discounts it can be utilised to have been taken into consideration;
- c) **Corrupt practice** means the offering, giving, receiving or soliciting of anything of value to influence the action of the employer or his staff or agents in the tender process;
- d) **Fraudulent practice** means the misrepresentation of the facts in order to influence the tender process or the award of a contract arising from a tender offer to the detriment of the employer, including collusive practices intended to establish prices at artificial levels;
- e) **Organization** means a company, firm, enterprise, association or other legal entity, whether incorporated or not, or a public body;
- f) **Functionality** means the totality of features and characteristics of a product or service that bear on its ability to satisfy stated or implied needs.

F.1.4 Communication and Employer's Agent

Each communication between the employer and a tenderer shall be to or from the employer's agent only, and in a form that can be readily read, copied and recorded. Communications shall be in the English language. The employer shall not take any responsibility for non- receipt of communications from or by a tenderer. The name and contact details of the employer's agent are stated in the tender data.

F.1.5 Cancellation and Re-Invitation of Tenders

F.1.5.1 An organ of state may, prior to the award of the tender, cancel a tender if-

- a) due to changed circumstances, there is no longer a need for the services, works or goods requested; or
- b) funds are no longer available to cover the total envisaged expenditure; or
- c) no acceptable tenders are received.

F.1.5.2 The decision to cancel a tender must be published in the cidb website and in the government Tender Bulletin for the media in which the original tender invitation was advertised.

F.1.6 Procurement Procedures

F.1.6.1 General

Unless otherwise stated in the tender data, a contract will, subject to F.3.13, be concluded with the tenderer who in terms of F.3.11 is the highest ranked or the tenderer scoring the highest number of tender evaluation points, as relevant, based on the tender submissions that are received at the closing time for tenders.

F.1.6.2 Competitive Negotiation Procedure

F.1.6.2.1 Where the tender data require that the competitive negotiation procedure is to be followed, tenderers shall submit tender offers in response to the proposed contract in the first round of submissions. Notwithstanding the requirements of F.3.4, the employer shall announce only the names of the tenderers who make a submission. The requirements of F.3.8 relating to the material deviations or qualifications which affect the competitive position of tenderers shall not apply.

F.1.6.2.2 All responsive tenderers, or not less than three responsive tenderers that are highest ranked in terms of the evaluation method and evaluation criteria stated in the tender data, shall be invited in each round to enter into competitive negotiations, based on the principle of equal treatment and keeping confidential the proposed solutions and associated information. Notwithstanding the provisions of F.2.17, the employer may request that tenders be clarified, specified and fine-tuned in order to improve a tenderer's competitive position provided that such clarification, specification, fine-tuning or additional information does not alter any fundamental aspects of the offers or impose substantial new requirements which restrict or distort competition or have a discriminatory effect.

F.1.6.2.3 At the conclusion of each round of negotiations, tenderers shall be invited by the employer to make a fresh tender offer, based on the same evaluation criteria, with or without adjusted weightings. Tenderers shall be advised when they are to submit their best and final offer.

F.1.6.2.4 The contract shall be awarded in accordance with the provisions of F. 3.11 and F.3.13 after tenderers have been requested to submit their best and final offer.

F.1.6.3 Proposal Procedure Using the Two Stage-System

F.1.6.3.1 Option 1

Tenderers shall in the first stage submit technical proposals and, if required, cost parameters around which a contract may be negotiated. The employer shall evaluate each responsive submission in terms of the method of evaluation stated in the tender data, and in the second stage negotiate a contract with the tenderer scoring the highest number of evaluation points and award the contract in terms of these conditions of tender.

F.1.6.3.2 Option 2

F.1.6.3.2.1 Tenderers shall submit in the first stage only technical proposals. The employer shall invite all responsive tenderers to submit tender offers in the second stage, following the issuing of procurement documents.

F.1.6.3.2.2 The employer shall evaluate tenders received during the second stage in terms of the method of evaluation stated in the tender data and award the contract in terms of these conditions of tender.

F.2 Tenderer's Obligations

F.2.1 Eligibility

F.2.1.1 Submit a tender offer only if the tenderer satisfies the criteria stated in the tender data and the tenderer, or any of his principals, is not under any restriction to do business with employer.

F.1.2 Notify the employer of any proposed material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used by the employer as the basis in a prior process to invite the tenderer to submit a tender offer and obtain the employer's written approval to do so prior to the closing time for tenders.

F.2.2 Cost of Tendering

F.2.2.1 Accept that, unless otherwise stated in the tender data, the employer will not compensate the tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer complies with requirements.

F.2.2.2 The cost of the tender documents charged by the employer shall be limited to the actual cost incurred by the employer for printing the documents. Employers must attempt to make available the tender documents on its website so as not to incur any costs pertaining to the printing of the tender documents.

F.2.3 Check Documents

Check the tender documents on receipt for completeness and notify the employer of any discrepancy or omission.

F.2.4 Confidentiality and Copyright of Documents

Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the employer only for the purpose of preparing and submitting a tender offer in response to the invitation.

F.2.5 Reference Documents

Obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, conditions of contract and other publications, which are not attached but which are incorporated into the tender documents by reference.

F.2.6 Acknowledge Addenda

Acknowledge receipt of addenda to the tender documents, which the employer may issue, and if necessary apply for an extension to the closing time stated in the tender data, in order to take the addenda into account.

F.2.7 Clarification Meeting

Attend, where required, a clarification meeting at which tenderers may familiarize themselves with aspects of the proposed work, services or supply and raise questions. Details of the meeting(s) are stated in the tender data.

F.2.8 Seek Clarification

Request clarification of the tender documents, if necessary, by notifying the employer at least five working days before the closing time stated in the tender data.

F.2.9 Insurance

Be aware that the extent of insurance to be provided by the employer (if any) might not be for the full cover required in terms of the conditions of contract identified in the contract data. The tenderer is advised to seek qualified advice regarding insurance.

F.2.10 Pricing the Tender Offer

F.2.10.1 Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes (except Value Added Tax (VAT), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the tender data.

F.2.10.2 Show VAT payable by the employer separately as an addition to the tendered total of the prices.

F.2.10.3 Provide rates and prices that are fixed for the duration of the contract and not subject to adjustment except as provided for in the conditions of contract identified in the contract data.

F.2.10.4 State the rates and prices in Rand unless instructed otherwise in the tender data. The conditions of contract identified in the contract data may provide for part payment in other currencies.

F.2.11 Alterations to Documents

Do not make any alterations or additions to the tender documents, except to comply with instructions issued by the employer, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations.

F.2.12 Alternative Tender Offers

F.2.12.1 Unless otherwise stated in the tender data, submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted as well as a schedule that compares the requirements of the tender documents with the alternative requirements that are proposed.

F.2.12.2 Accept that an alternative tender offer may be based only on the criteria stated in the tender data or criteria otherwise acceptable to the employer.

F.2.12.3 An alternative tender offer may only be considered in the event that the main tender offer is the winning tender.

F.2.13 Submitting a Tender Offer

F.2.13.1 Submit one tender offer only, either as a single tendering entity or as a member in a joint venture to provide the whole of the works, services or supply identified in the contract data and described in the scope of works, unless stated otherwise in the tender data.

F.2.13.2 Return all returnable documents to the employer after completing them in their entirety, either electronically (if they were issued in electronic format) or by writing legibly in non-erasable ink.

F.2.13.3 Submit the parts of the tender offer communicated on paper as an original plus the number of copies stated in the tender data, with an English translation of any documentation in a language other than English, and the parts communicated electronically in the same format as they were issued by the employer.

F.2.13.4 Sign the original and all copies of the tender offer where required in terms of the tender data. The employer will hold all authorized signatories liable on behalf of the tenderer. Signatories for tenderers proposing to contract as joint ventures shall state which of the signatories is the lead partner whom the employer shall hold liable for the purpose of the tender offer.

F.2.13.5 Seal the original and each copy of the tender offer as separate packages marking the packages as "ORIGINAL" and "COPY". Each package shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.

F.2.13.6 Where a two-envelope system is required in terms of the tender data, place and seal the returnable documents listed in the tender data in an envelope marked -financial proposall and place the remaining returnable documents in an envelope marked -technical proposall. Each envelope shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.

F.2.13.7 Seal the original tender offer and copy packages together in an outer package that states on the outside only the employer's address and identification details as stated in the tender data.

F.2.13.8 Accept that the employer will not assume any responsibility for the misplacement or premature opening of the tender offer if the outer package is not sealed and marked as stated.

F.2.13.9 Accept that tender offers submitted by facsimile or e-mail will be rejected by the employer, unless stated otherwise in the tender data.

F.2.14 Information and Data to be Completed in all Respects

Accept that tender offers, which do not provide all the data or information requested completely and, in the form required, may be regarded by the employer as non-responsive.

F.2.15 Closing Time

F.2.15.1 Ensure that the employer receives the tender offer at the address specified in the tender data not later than the closing time stated in the tender data. Accept that proof of posting shall not be accepted as proof of delivery.

F.2.15.2 Accept that, if the employer extends the closing time stated in the tender data for any reason, the requirements of these conditions of tender apply equally to the extended deadline.

F.2.16 Tender offer Validity

-
- F.2.16.1** Hold the tender offer(s) valid for acceptance by the employer at any time during the validity period stated in the tender data after the closing time stated in the tender data.
- F.2.16.2** If requested by the employer, consider extending the validity period stated in the tender data for an agreed additional period with or without any conditions attached to such extension.
- F.2.16.3** Accept that a tender submission that has been submitted to the employer may only be withdrawn or substituted by giving the employer's agent written notice before the closing time for tenders that a tender is to be withdrawn or substituted.
- F.2.16.4** Where a tender submission is to be substituted, submit a substitute tender in accordance with the requirements of F.2.13 with the packages clearly marked as "SUBSTITUTE".
- F.2.17 Clarification of Tender Offer After Submission**
- Provide clarification of a tender offer in response to a request to do so from the employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the competitive position of tenderers or substance of the tender offer is sought, offered, or permitted.
- Note:** Sub-clause F.2.17 does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the Employer elect to do so.*
- F.2.18 Provide Other Material**
- F.2.18.1** Provide, on request by the employer, any other material that has a bearing on the tender offer, the tenderer's commercial position (including notarized joint venture agreements), referencing arrangements, or samples of materials, considered necessary by the employer for the purpose of a full and fair risk assessment. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the employer's request, the employer may regard the tender offer as non-responsive.
- F.2.18.2** Dispose of samples of materials provided for evaluation by the employer, where required.
- F.2.19 Inspections, Tests and Analysis**
- Provide access during working hours to premises for inspections, tests and analysis as provided for in the tender data.
- F.2.20 Submit Securities, Bonds and Policies**
- If requested, submit for the employer's acceptance before formation of the contract, all securities, bonds, guarantees, policies and certificates of insurance required in terms of the conditions of contract identified in the contract data.
- F.2.21 Check Final Draft**
- Check the final draft of the contract provided by the employer within the time available for the employer to issue the contract.
- F.2.22 Return of Other Tender Documents**
- If so instructed by the employer, return all retained tender documents within 28 days after the expiry of the validity period stated in the tender data.

F.2.23 Certificates

Include in the tender submission or provide the employer with any certificates as stated in the tender data.

F.3 The Employer's Undertakings**F.3.1 Respond to Requests from the Tenderer**

F.3.1.1 Unless otherwise stated in the tender Data, respond to a request for clarification received up to five working days before the tender closing time stated in the Tender Data and notify all tenderers who drew procurement documents.

F.3.1.2 Consider any request to make a material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used to prequalify a tenderer to submit a tender offer in terms of a previous procurement process and deny any such request if as a consequence:

- a) an individual firm, or a joint venture as a whole, or any individual member of the joint venture fails to meet any of the collective or individual qualifying requirements;
- b) the new partners to a joint venture were not prequalified in the first instance, either as individual firms or as another joint venture; or
- c) in the opinion of the Employer, acceptance of the material change would compromise the outcome of the prequalification process.

F.3.2 Issue Addenda

If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date that tender documents are available until three days before the tender closing time stated in the Tender Data. If, as a result a tenderer applies for an extension to the closing time stated in the Tender Data, the Employer may grant such extension and, shall then notify all tenderers who drew documents.

F.3.3 Return Late Tender Offers

Return tender offers received after the closing time stated in the Tender Data, unopened, (unless it is necessary to open a tender submission to obtain a forwarding address), to the tenderer concerned.

F.3.4 Opening of Tender Submissions

F.3.4.1 Unless the two-envelope system is to be followed, open valid tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data. Tender submissions for which acceptable reasons for withdrawal have been submitted will not be opened.

F.3.4.2 Announce at the meeting held immediately after the opening of tender submissions, at a venue indicated in the tender data, the name of each tenderer whose tender offer is opened and, where applicable, the total of his prices, number of points claimed for its BBBEE status level and time for completion for the main tender offer only.

F.3.4.3 Make available the record outlined in F.3.4.2 to all interested persons upon request.

F.3.5 Two-Envelope System

F.3.5.1 Where stated in the tender data that a two-envelope system is to be followed, open only the technical proposal of valid tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data and announce the name of each tenderer whose technical proposal is opened.

F.3.5.2 Evaluate functionality of the technical proposals offered by tenderers, then advise tenderers who remain in contention for the award of the contract of the time and place when the financial

proposals will be opened. Open only the financial proposals of tenderers, who score in the functionality evaluation more than the minimum number of points for functionality stated in the tender data, and announce the score obtained for the technical proposals and the total price and any points claimed on BBBEE status level. Return unopened financial proposals to tenderers whose technical proposals failed to achieve the minimum number of points for functionality.

F.3.6 Non-Disclosure

Not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers, the final evaluation price and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

F.3.7 Grounds for Rejection and Disqualification

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

F.3.8 Test for Responsiveness

F.3.8.1 Determine, after opening and before detailed evaluation, whether each tender offer properly received:

- a) complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

F.3.8.2 A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:

- a) detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,
- b) significantly change the Employer's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

F.3.9 Arithmetical Errors, Omissions and Discrepancies

F.3.9.1 Check the highest ranked tender or tenderer with the highest number of tender evaluation points after the evaluation of tender offers in accordance with F.3.11 for:

- a) the gross misplacement of the decimal point in any unit rate;
- b) omissions made in completing the pricing schedule or bills of quantities; or
- c) arithmetic errors in:
 - i) line item totals resulting from the product of a unit rate and a quantity in bills of quantities or schedules of prices; or
 - ii) the summation of the prices

F3.9.2 The employer must correct the arithmetical errors in the following manner:

- a) Where there is a discrepancy between the amounts in words and amounts in figures, the amount in words shall govern.
- b) If bills of quantities or pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected.

- c) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of the arithmetical error in the manner described above.

F.3.10 Clarification of a Tender Offer

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

Data Pertaining to CIDB Registration

Basis for CIDB Rating Requirement – CIDB Table 8

A contractor registered in a specific contractor's grading designation indicated in column 1 of Table 8, is considered to be capable of undertaking a contract in the range of values indicated in column 4 in the class of construction works to which the category of registration relates to:

The tender value range adjustments set out in table 8 of regulation 17 is amended as follows:

Contractor Grading Designation	Tender Value Range Designation	Approved Adjustment
1 (Class of Construction Works)	1	R 500 000
2 (Class of Construction Works)	2	R 1000 000
3 (Class of Construction Works)	3	R 3 000 000
4 (Class of Construction Works)	4	R 6 000 000
5 (Class of Construction Works)	5	R 10 00 000
6 (Class of Construction Works)	6	R20 000 000
7 (Class of Construction Works)	7	R60 000 000
8 (Class of Construction Works)	8	R200 000 000
9 (Class of Construction Works)	9	N/A

Information regarding the CIDB can be obtained from their website:

APPLICATION

2. These Regulations apply to organs of state as envisaged in the definition of Organ of state in section 1 of the Act.1

IDENTIFICATION OF PREFERENCE POINT SYSTEM, DESIGNATED SECTOR, PRE-QUALIFICATION CRITERIA, OBJECTIVE CRITERIA AND SUBCONTRACTING

- 3 An organ of state must-
- (a) determine and stipulate in the tender documents-

(i) the preference point system applicable to the tender as envisaged in regulation 6 or 7; or

1 The definition of “organ of state” in section 1 of the Act in paragraph (a) to (e) includes-

- a national or provincial department as defined in the Public Finance Management Act, 1999;
- a municipality as contemplated in the Constitution;
- a constitutional institution as defined in the Public Finance Management Act;
- Parliament;
- a provincial legislature.

Paragraph (f) of the definition of organ of state in section 1 of the Act includes any other institution or category of institutions included in the definition of “organ of state” in section 239 of the Constitution and recognised by the Minister by notice in the *Government Gazette* as an institution or category of institutions to which the Act applies. Government Notice R. 501 of 8 June 2011 recognises, with effect from 7 December 2011, all public entities listed in Schedules 2 and 3 to the Public Finance

Management Act, 1999, as institutions to which the Act applies. Note should be taken of notices issued from time to time in terms of paragraph (f) of this definition

The application of these Regulations is also subject to applicable exemptions approved in terms of section 3 of the Act.

- (ii) if it is unclear which preference point system will be applicable, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system;

(b) determine whether pre-qualification criteria are applicable to the tender as envisaged in regulation 4;

(c) determine whether the goods or services for which a tender is to be invited, are in a designated sector for local production and content as envisaged in regulation 8;

(d) determine whether compulsory subcontracting is applicable to the tender as envisaged in regulation 9; and

(e) determine whether objective criteria are applicable to the tender as envisaged in regulation 11.

F.3.11 Evaluation of Tender Offers

F.3.11.1 General

Appoint an evaluation panel of not less than three persons. Reduce each responsive tender offer to a comparative offer and evaluate them using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the tender data.

TENDERS TO BE EVALUATED ON FUNCTIONALITY

- (1) An organ of state must state in the tender documents if the tender will be evaluated on functionality.
- (2) The evaluation criteria for measuring functionality must be objective.
- (3) The tender documents must specify-
 - (a) the evaluation criteria for measuring functionality;
 - (b) the points for each criteria and, if any, each sub-criterion; and
 - (c) the minimum qualifying score for functionality.
- (4) The minimum qualifying score for functionality for a tender to be considered further-
 - (a) must be determined separately for each tender; and
 - (b) may not be so-
 - (i) low that it may jeopardise the quality of the required goods or services; or
 - (ii) high that it is unreasonably restrictive.
- (5) Points scored for functionality must be rounded off to the nearest two decimal places.
- (6) A tender that fails to obtain the minimum qualifying score for functionality as indicated in the tender documents is not an acceptable tender.
- (7) Each tender that obtained the minimum qualifying score for functionality must be evaluated further in terms of price and the preference point system and any objective criteria envisaged in regulation 11.

F.3.11.2 Method 1: Price and Preference

In the case of a price and preference:

- 1) Score tender evaluation points for price
- 2) Score points for specific goals
- 3) Add the points scored for price and specific goals

F.3.11.3 Method 2: Functionality, Price and Preference

In the case of a functionality, price and preference:

- 1) Score functionality, rejecting all tender offers that fail to achieve the minimum number of points for functionality as stated in the Tender Data.
- 2) No tender must be regarded as an acceptable tender if it fails to achieve the minimum qualifying score for functionality as indicated in the tender invitation.
- 3) Tenders that have achieved the minimum qualification score for functionality must be evaluated further in terms of the preference points system prescribed in paragraphs 4 and 5 below.

80/20 PREFERENCE POINT SYSTEM FOR ACQUISITION OF GOODS, SERVICES AND WORKS SERVICES FOR RAND VALUE EQUAL TO AND ABOVE R30 000 AND UPTO TO 50 MILLION

- 4) (a)(i) The following formula must be used to calculate the points for price in respect of tenders (including price quotation) with a rand value equal to, or above R 30 000 and up to Rand value of R50 MILLION (inclusive of all applicable taxes included):

Where

P_s = Points scored for comparative price of tender or offer under consideration;

P_t = Comparative price of tender or offer under consideration; and

P_{min} = Comparative price of lowest acceptable tender or offer.

90/10 PREFERENCE POINT SYSTEM FOR ACQUISITION OF GOODS, SERVICES AND WORKS WITH RAND VALUE ABOVE R50 MILLION

7.(1) The following formula must be used to calculate the points out of 90 for price in respect of a tender with a Rand value above R50 million, (inclusive of all applicable taxes):

Where-

Where

P_s = Points scored for comparative price of tender or offer under consideration;

P_t = Comparative price of tender or offer under consideration; and

P_{min} = Comparative price of lowest acceptable tender or offer.

F.3.11.6 Decimal places

Score price, preference and functionality, as relevant, to two decimal places.

F.3.11.7 Scoring Price

Score price of remaining responsive tender offers using the following formula:

$$N_{FO} = W_1 \times A$$

Where

N_{FO} is the number of tender evaluation points awarded for price.

W_1 is the maximum possible number of tender evaluation points awarded for price as stated in the Tender Data.

A is a number calculated using the formula and option described in Table F.1 as stated in the Tender Data.

Table F.1: Formulae for calculating the value of A

Formula	Comparison aimed at achieving	Option 1 ^a	Option 2 ^a
1	Highest price or discount	$A = (1 + \frac{P - P_m}{P_m})$	$A = P / P_m$
2	Lowest price or percentage commission / fee	$A = (1 - \frac{P - P_m}{P_m})$	$A = P_m / P$
^a P_m is the comparative offer of the most favourable comparative offer. P is the comparative offer of the tender offer under consideration.			

F.3.11.8 Scoring preferences

Confirm that tenderers are eligible for the preferences claimed in accordance with the provisions of the tender data and reject all claims for preferences where tenderers are not eligible for such preferences. Calculate the total number of tender evaluation points for preferences claimed in accordance with the provisions of the tender data.

F.3.11.9 Scoring functionality

Score each of the criteria and sub-criteria for quality in accordance with the provisions of the Tender Data.

Calculate the total number of tender evaluation points for quality using the following formula:

$$N_Q = W_2 \times S_O / M_S$$

Where:

S_O is the score for quality allocated to the submission under consideration;

M_S is the maximum possible score for quality in respect of a submission; and

W_2 is the maximum possible number of tender evaluation points awarded for the quality as stated in the tender data

F.3.12 Insurance provided by the employer

If requested by the proposed successful tenderer, submit for the tenderer's information the policies and / or certificates of insurance which the conditions of contract identified in the contract data, require the employer to provide.

F.3.13 Acceptance of tender offer

Accept the tender offer, if in the opinion of the employer, it does not present any risk and only if the tenderer:

- a) is not under restrictions, or has principals who are under restrictions, preventing participating in the employer's procurement,
- b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract,
- c) has the legal capacity to enter into the contract,
- d) is not insolvent, in receivership, under Business Rescue as provided for in chapter 6 of the Companies Act, 2008, bankrupt or being wound up, has his affairs administered by a court or a judicial officer, has suspended his business activities, or is subject to legal proceedings in respect of any of the foregoing,
- e) complies with the legal requirements, if any, stated in the tender data, and
- f) is able, in the opinion of the employer, to perform the contract free of conflicts of interest.

F.3.14 Prepare contract documents

F.3.14.1 If necessary, revise documents that shall form part of the contract and that were issued by the employer as part of the tender documents to take account of:

- a) addenda issued during the tender period,
- b) inclusion of some of the returnable documents, and
- c) other revisions agreed between the employer and the successful tenderer.

F.3.14.2 Complete the schedule of deviations attached to the form of offer and acceptance, if any.

F.3.15 Complete adjudicator's contract

Unless alternative arrangements have been agreed or otherwise provided for in the contract, arrange for both parties to complete formalities for appointing the selected adjudicator at the same time as the main contract is signed.

F.3.16 Notice to unsuccessful tenderers

F.3.16.1 Notify the successful tenderer of the employer's acceptance of his tender offer by completing and returning one copy of the form of offer and acceptance before the expiry of the validity period stated in the tender data, or agreed additional period.

F.3.16.2 After the successful tenderer has been notified of the employer's acceptance of the tender, notify other tenderers that their tender offers have not been accepted.

F.3.17 Provide copies of the contracts

Provide to the successful tenderer the number of copies stated in the Tender Data of the signed copy of the contract as soon as possible after completion and signing of the form of offer and acceptance.

F.3.18 Provide written reasons for actions taken

Provide upon request written reasons to tenderers for any action that is taken in applying these conditions of tender, but withhold information which is not in the public interest to be divulged, which is considered to prejudice the legitimate commercial interests of tenderers or might prejudice fair competition between tenderers.

F3.19 Transparency in the procurement process

F3.19.1 The CIDB prescripts require that tenders must be advertised and be registered on the cidb i.Tender system.

F3.19.2 The employer must adopt a transparency model that incorporates the disclosure and accountability as transparency requirements in the procurement process.

F3.19.3 The transparency model must identify the criteria for selection of projects, project information template and the threshold value of the projects to be disclosed in the public domain at various intervals of delivery of infrastructure projects.

F3.19.4 The client must publish the information on a quarterly basis which contains the following information:

- Procurement planning process
- Procurement method and evaluation process
- Contract type
- Contract status
- Number of firms tendering
- Cost estimate
- Contract title
- Contract firm(s)
- Contract price
- Contract scope of work
- Contract start date and duration
- Contract evaluation reports

- F3.19.5** The employer must establish a Consultative Forum which will conduct a random audit in the implementation of the transparency requirements in the procurement process.
- F3.19.6** Consultative Forum must be an independent structure from the bid committees. F3.19.7 The information must be published on the employer's website.
- F 3.19.8** Records of such disclosed information must be retained for audit purposes.

MOGALE CITY LOCAL MUNICIPALITY

THE TENDER:

PART T2: RETURNABLE DOCUMENTS

PART T2: RETURNABLE DOCUMENTS

T2.1 List of Returnable Documents

The Tenderer must complete the following returnable documents:

- T2.2.1 Record of Addenda to Tender Documents
- T2.2.2 Compulsory Enterprise Questionnaire
- T2.2.3 Authority of Signatory
- T2.2.4 MCLM Corporate Social Responsibility
- T2.2.5 Proposed Amendments and Qualifications
- T2.2.6 Declaration of Interest
- T2.2.7 Preference Points Claim Form
- T2.2.8 Declaration of Tenderer's Past Supply Chain Management Practices
- T2.2.9 Certificate of Independent Bid Determination
- T2.2.10 Capacity to Execute Work
- T2.2.11 Key Personnel/Project Team
- T2.2.12 Previous Experience
- T2.2.13 Schedule of Proposed Subcontractors
- T2.2.14 Rates for Special Materials

As Witness

**T2.2.3.3 JOINT VENTURE INFORMATION
(COMPLETE ONLY IF APPLICABLE)**

The parties hereto form a Joint Venture for the purpose of jointly bidding and obtaining the award of contract for **“CONSTRUCTION OF ROAD SURFACE WEARING COURSES, ON AN AS AND WHEN REQUIRED BASIS FOR A PERIOD THIRTY-SIX (36) MONTHS”** (hereinafter called the “Project”) and of jointly performing such contract under joint and several responsibility.

The share of the partners in the Joint Venture shall be:

Full Name and address of Lead enterprise

..... %
.....

Full Name and address of 2nd enterprise

..... %
.....

Full Name and address of 3rd enterprise

..... %
.....

The Lead Partner is hereby authorised to incur liabilities, receive instructions, payments, sign all documents in connection with the bid, and to be responsible for the entire execution and administration of the contract for and on behalf of the partners.

The parties hereto shall make available to the Joint Venture the technical advice and benefit of their individual experience and shall, in all other respects, endeavour to share the responsibility and burden of the performance of the Joint Venture.

To this end the parties hereto shall share, in the above proportions, in all risks and obligations arising out of or in connection with the Contract, especially in the provisions of all necessary working capital and guarantees, in profit and loss and personnel.

The Lead Partners shall supply, in its name, Professional Liability Insurance for the amount and period as stated in the Contract Data.

The Joint Venture may not be terminated by any of the parties hereto until either:

The contract has been awarded to another bidder

or

The work undertaken by the Joint Venture under the contract has been completed and all liabilities and claims incurred by and made by the Joint Venture have been settled, the bid is cancelled or the period of validity of bid extended.

No party to the Agreement shall be entitled to sell, assign or in any manner encumber or transfer its interest or any part thereof in the Joint Venture without obtaining the prior written consent of the other party hereto.

The Parties of the Joint Venture shall cooperate on an exclusive basis. No Party shall during the validity period of the bid submit a bid to or enter into a Contract with the MCLM or any other party for the Project, either alone or in collaboration with a third party.

MOGALE CITY LOCAL MUNICIPALITY

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and

1.2 To be completed by the organ of state

- a) The applicable preference point system for this tender is the 80/20 preference point system.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
Total points for Price and SPECIFIC GOALS	100

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

T2.2 Returnable Schedules

- 1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.
- 1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).
- (f) **“comparative price”** means the price after the factors of a non-firm price and all unconditional discounts that can be utilized have been taken into consideration;
- (g) **“consortium or joint venture”** means an association of person for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract;
- (h) **“contract”** means the agreement that results from the acceptance of a bid by an organ of state;
- (i) **“Firm price”** means the price that is only subject to adjustments in accordance with the actual increase or decrease resulting from the change, imposition, or abolition of customs or excise duty and any other duty, levy, or tax, which, in terms of the law or regulation, is binding on the contractor and demonstrably has an influence on the price of any supplies, or the rendering costs of any service, the execution of the contract;
- (j) **“functionality”** means the measurement according to predetermined norms, as set out in the bid documents, of a service or commodity that is designed to be practical and useful, working or operating, taking into account, among other factors, the quality, reliability, viability and durability of a service and the technical capacity and ability of a bidder;
- (k) **“non-firm prices”** means all prices other than “firm” prices;
- (l) **“person”** includes a juristic person;
- (m) **“QSE”** means a Qualifying Small Enterprise as defined by Codes of Good Practice issued in terms of section 9 (1) of the Broad- Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003)
- (n) **“rand value”** means the total estimated value of a contract in South African currency, calculated at the time of the bid invitations, and includes all applicable taxes and excise duties;
- (o) **“sub-contract”** means the primary contractor's assigning, leasing, making out work to, or employing, another person to support such primary contractor in the execution of part of a project in terms of the contract
- (p) **“total revenue”** bears the same meaning assigned to this expression in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9 (1) of the Broad-Based Economic Empowerment Act and promulgated in the Government Gazette on 9 February 2007;
- (q) **“trust”** means the arrangement through which the property of one person is made over or bequeathed to a trustee to administer such property for the benefit of another person.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

3. ADJUDICATION USING A POINT SYSTEM

- 3.1 The bidder obtaining the highest number of points will be awarded the contract.
- 3.2 Preference points shall be calculated after prices have been brought to a comparative basis taking into account all factors of non-firm prices and all unconditional discounts.
- 3.3 Points scored must be rounded off to the nearest two (2) decimal places.
- 3.4 In the event that two or more bids have scored equal total points, the successful bid must be the one scoring the highest number of preference points in the specific goals.
- 3.5 However, when the functionality is part of the evaluation process and two or more bids have scored equal points including the preference points for specific goals, the successful bid must be the one scoring highest score on functionality.
- 3.6 Should two or more bids be equal in all respects, the award shall be decided by the drawing of lots.

4. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES**4.1. POINTS AWARDED FOR PRICE****4.1.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS**

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20**or****90/10**

$$Ps = 80 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right) \text{ or } Ps = 90 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right)$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

4.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT**4.2.1 POINTS AWARDED FOR PRICE**

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20**or****90/10**

$$Ps = 80 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right) \text{ or } Ps = 90 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right)$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmax = Price of highest acceptable tender

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

5 POINTS AWARDED FOR SPECIFIC GOALS

5.1 In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

5.2 In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

(a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or

(b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the quotation and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

T2.2.9 DECLARATION OF TENDERER'S PAST SUPPLY CHAIN MANAGEMENT PRACTICES MBD 8

1. This Municipal Bidding Document must form part of all bids invited.
2. It serves as a declaration to be used by municipalities and municipal entities in ensuring that when goods and services are being procured, all reasonable steps are taken to combat the abuse of the supply chain management system.
3. The bid of any bidder may be rejected if that bidder, or any of its directors have:
 - a) abused the municipality's / municipal entity's supply chain management system or committed any improper conduct in relation to such system;
 - b) been convicted for fraud or corruption during the past five years;
 - c) wilfully neglected, reneged on or failed to comply with any government, municipal or other public sector contract during the past five years; or
 - d) been listed in the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004).
4. In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.

Item	Question	Yes	No
4.1	Is the bidder or any of its directors listed on the National Treasury's database as a company or person prohibited from doing business with the public sector? (Companies or persons who are listed on this database were informed in writing of this restriction by the National Treasury after the <i>audi alteram partem</i> rule was applied).	Yes ☐	No ☐
4.1.1	If so, furnish particulars:		
4.2	Is the bidder or any of its directors listed on the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004)? (To access this Register enter the National Treasury's website, www.treasury.gov.za, click on the icon "Register for Tender Defaulters" or submit your written request for a hard copy of the Register to facsimile number (012) 3265445).	Yes ☐	No ☐
4.2.1	If so, furnish particulars:		
4.3	Was the bidder or any of its directors convicted by a court of law (including a court of law outside the Republic of South Africa) for fraud or corruption during the past five years?	Yes ☐	No ☐

TENDER: CONSTRUCTION OF ROAD SURFACE WEARING COURSES, ON AN AS AND WHEN REQUIRED BASIS FOR A PERIOD OF THIRTY-SIX (36) MONTHS

T2.2 Returnable Schedules

4.3.1	If so, furnish particulars:		
Item	Question	Yes	No
4.4	Does the bidder or any of its directors owe any municipal rates and taxes or municipal charges to the municipality / municipal entity, or to any other municipality / municipal entity, that is in arrears for more than three months?	Yes ☐	No ☐
4.4.1	If so, furnish particulars:		
4.5	Was any contract between the bidder and the municipality / municipal entity or any other organ of state terminated during the past five years on account of failure to perform on or comply with the contract?	Yes ☐	No ☐
4.7.1	If so, furnish particulars:		

Certification:

I, the undersigned (full name) certify that the information furnished on this declaration form true and correct.

I accept that, in addition to cancellation of a contract, action may be taken against me should this declaration prove to be false.

T2.2.10

MBD 9

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

MBD 9

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

IDS (R) 02/2024: CONSTRUCTION OF ROAD SURFACE WEARING COURSES, ON AN AS AND WHEN
REQUIRED BASIS FOR A PERIOD THIRTY-SIX (36) MONTHS

(Bid Number and Description)

in response to the invitation for the bid made by:

Mogale City Local Municipality

(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word “competitor” shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

MBD 9

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

T2.2.23 Occupational Health and Safety Questionnaire

1.	SHE POLICY, ORGANIZATION AND MANAGEMENT INVOLVEMENT		
		YES	NO
1.1	Do you have a SHE Policy?		
	Is this signed by the senior executive?		
	Please supply copy of this policy.		
1.2	Does a SHE structure exist in your company?		
	Please provide details		
1.3	Are senior and middle management actively involved in the promotions of SHE?		
	Periodical work area inspection		
	Regular Health and Safety meetings with personnel		
1.4	Are the SHE responsibilities of managers clearly defined?		
	Please provide details		
1.5	Are annual SHE objectives included in your business plan?		
	Please provide example.		
1.6	Is your company registered with the Compensation Commissioner? (Coid Act)?		
	If so, please provide registration number		
1.7	Do you have a copy of good standing certificate, confirming that your registration is paid up?		
	If so, please provide copy thereof.		
2.	SHE TRAINING	YES	NO
2.1	Is training provided to employees at the following Phases?		
	When joining the company		
	When changing jobs within the company		
	When new plant or equipment needs to be operated		
	As a result of experience of and feedback from an accident/incident reports		
	Are you able to provide proof of specialist training provided?		
	Please state how this can be achieved.		
2.2	What formal SHE training is provided specifically to:		
	First line supervisors		
	Middle and top management.		
	Please describe.		

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

2.3	Are all employees (including sub-contractors) instructed as to the application of rules and regulations?				
2.4	Does this training include the selection, use and care of personal protective equipment?				
2.5	What refresher training is provided and at what intervals?				
	Please list examples.				
	Course Title	Target audience	Interval		
2.6	Has the person(s) allocated as your SHE advisor followed specific SHE training?				
	Please list most recent courses.				
	Does this include refresher training?				
3.	PURCHASE OF GOODS, MATERIALS AND SERVICES			YES	NO
3.1	Do you have a system for establishing SHE specifications as part of the assessment of goods, materials and services?				
	Please describe.				
3.2	Do you have a system, which ensures that all statutory inspection of plant and equipment are carried out?				
	Please give examples of plant/equipment covered.				
3.3	Is there record of inspection?				
	Where is it kept?				
	Are you able to supply copies of these inspection records if required?				
3.4	Is plant and equipment, which has been inspected, identified as being safe to use?				
3.5	Do you evaluate the SHE competence of all sub-contractors?				
	Please describe how this is achieved and how the results are monitored.				
4.	SHE INSPECTIONS			YES	NO
4.1	Are periodic work inspections carried out by first line supervisors or your General Safety Regulation 11(1) appointee?				

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

4.2	Are records of these inspections kept and available?		
4.3	During the inspections, are supervisors required to check that safety rules and regulations (including personal protective equipment) are adhered to?		
4.4	Are unsafe acts and conditions reported and remedial actions formally monitored?		
	Please provide examples of the above.		
5.	RULES AND REGULATIONS	YES	NO
5.1	Do health and safety rules and regulations exist for personnel and sub-contractors?		
	Do these cover:		
	• General rules		
	• Project rules		
	• Specific task rules		
5.2	Do these rules include permit to work system (as applicable)		
5.3	Do you have experience of project SHE plans?		
	Please give examples of where these have been used.		
5.4	Do you have a formal company guideline for holding pre-contract health and safety meetings with the client?		
6	RISK MANAGEMENT	YES	NO
6.1	Have the following, involved in the execution of your work, been identified?		
	• Hazards affecting health and safety?		
	• The groups of people who might be affected?		
	• End evaluation of the risk from each significant hazard?		
	• Whether the risks arising are adequately controlled?		
6.2	Are these findings and assessments recorded?		
6.3	How often are they reviewed?		
	Please list the time frame, eg. Years		
6.4	For what processes/risk is personal protective equipment issued?		
	Process/Risk	Type of PPE	

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

6.5	Do you have a copy of the issue lists for PPE available on request?		
7	EMERGENCY ARRANGEMENTS	YES	NO
7.1	How do you manage your arrangements for dealing with emergencies?		
	Are these communicated to your sub-contractors?		
7.2	What provision have you made for first aid? E.g. Trained First Aiders		
7.3	What training do you provide to employees in Safety/Fire Fighting?		
	Please list institutions used for this training.		
8	RECRUITMENT OF PERSONNEL	YES	NO
8.1	Are health and safety factors considered when hiring personnel?		
8.2	Are medical examinations carried prior to employment?		
	In all cases.		
	Where type of work requires medical examination.		
8.3	Do you cover exit medical examination?		
8.4	How do you assess the competence of staff before an appointment is made?		
	Eg. Via trade testing, reference checks.		
9.	REPORTING AND INVESTIGATION OF ACCIDENTS, INCIDENTS AND DANGEROUS CONDITIONS	YES	NO
9.1	Do you have a procedure for reporting, investigating and recording accidents and incidents?		
	Please supply a copy.		
9.2	Is there a standard report/investigation form used?		
	Please supply copy.		
9.3	Do you have a formal system for reporting situations/close accidents etc.?		
	Please provide a copy		
9.4	Please provide the following statistics for the last five years		

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

	YEAR 1	YEAR 2	YEAR 3	YEAR 4	YEAR 5
Lost time accidents per 100 employees					
Major/Reportable injuries per 100 employees					
Number of dangerous occurrences					
Lost man day due to accidents					
10.	HEALTH AND SAFETY COMMUNICATION AND CONSULTATION			YES	NO
10.1	Are Health and Safety Committee meetings held between management and appointed Health and Safety representatives?				
10.2	Are the results of these meetings communicated to all employees?				
	If yes, please describe method.				
10.3	Are Health and Safety meetings held?				
	At what frequency?				
	Chaired by whom?				
10.4	Do you carry out SHE promotions/campaigns?				
	If yes, please provide examples.				

The following documentation should also be provided with the tender:

1. Management Structure including organogram.
2. Human Resource Plan.
3. Letter of Good Standing from the Compensation Commissioner or licensed compensation insurer.
4. COID Insurance

Declaration

I/we Declare that the above information provided is correct.

MOGALE CITY LOCAL MUNICIPALITY

THE CONTRACT:

PART C1: AGREEMENTS AND CONTRACT DATA

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PART C1: AGREEMENTS AND CONTRACT DATA

C1.1 Form of Offer and Acceptance

C1.1.1 Form of Offer

(Note: The Appendix, Annexures & Reports Form Part of the Tender)

THIS FORM MUST BE FILLED IN BY THE TENDERER AND MUST BE SIGNED AT TIME OF SUBMISSION OF THE TENDER

The Employer identified in the Acceptance signature block has solicited offers to enter into a contract for:

Tender No : **IDS (R) 04/2024**

Description of Works : **CONSTRUCTION OF ROAD SURFACE WEARING COURSES, ON AN AS AND WHEN REQUIRED BASIS FOR A PERIOD THIRTY-SIX (36) MONTHS.**

The Tenderer, identified in the Offer signature block, has examined the General and the Special Conditions of Contract, Specifications, Drawings, and Schedule of Quantities for the works: **IDS (R) 04/2024 TENDER: CONSTRUCTION OF ROAD SURFACE WEARING COURSES, ON AN AS AND WHEN REQUIRED BASIS FOR A PERIOD THIRTY-SIX (36) MONTHS.**

I/We offer to construct, complete and remedy any defects in the said Works in conformity with the General and the Special Conditions of Contract, Specifications, Drawings and Schedule of Quantities, save as amended by Alterations by Tenderer (if any) attached hereto, for the sum of:

Description	Tendered Amount (Rates)	VAT @ 15%	Amount (Incl. VAT)
CONSTRUCTION OF ROAD SURFACE WEARING COURSES, ON AN AS AND WHEN REQUIRED BASIS FOR A PERIOD THIRTY-SIX (36) MONTHS			

In words R.....
.....

or such other sum as may be ascertained in accordance with the terms of the contract.

Our proposed construction period as from site handover:

Description	Construction Period (36 months)
CONSTRUCTION OF ROAD SURFACE WEARING COURSES, ON AN AS AND WHEN REQUIRED BASIS FOR A PERIOD THIRTY-SIX (36) MONTHS.	

My/Our offer/s remains binding upon me and open for acceptance by the purchaser/client during the validity period (120 days) indicated and calculated from the closing time of tender.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

C1.1.1 Form of Offer (Continued)

1. The following documents shall be deemed to form and be read and construed as part of this agreement:

- i) Tender documents, viz
 - Invitation to tender
 - Tender Data
 - Returnable Schedules (Schedule D)
 - Technical Data Sheets
 - Preference claims in terms of the Preferential Procurement Regulations 2001
 - Declaration of interest
 - Contract Data
 - Special Conditions of Contract;
 - Pricing schedule(s)
 - Scope of Works
 - Site Information
- ii) General Conditions of Contract; (GCC 2015) and
- iii) Drawings
- iv) Annexures
- v) Addendums
- vi) Other

2. Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto as listed in the Tender Schedules as well as any changes to the terms of the Offer agreed by the Tenderer and the Employer during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Agreement. No amendments to or deviations from said documents are valid unless contained in this Schedule, which must be duly signed by the authorized representative (s) of both parties.

3. I/We confirm that we have satisfied ourselves as to the correctness and validity of my tender; that the price(s) and rate(s) quoted cover all the goods and/or works specified in the bidding documents; that the price(s) and rate(s) cover all my obligations and I/We accept that any mistakes regarding price(s) and rate(s) and calculations will be at my/our own risk.

In the event of there being any errors of extension or addition in the priced Schedule of Quantities, I/We/we agree to their being corrected by you or by the Engineer acting on your behalf, the rates being taken as correct and the tender amount be adjusted accordingly.

4. I/We confirm that Escalation will be applicable on Special Materials on this contract and will be calculated as per Contract Data & General Conditions of Contract 2015 (GCC 2015)

5. I/We accept full responsibility for the proper execution and fulfilment of all obligations and conditions devolving on me under this agreement as the principal liable for the due fulfilment of this contract. I/We undertake to complete and deliver the whole of the Works comprised in the Contract within the time stated in the Appendix adjusted in terms of the Contract.

6. The Tenderer shall within two weeks after receiving a completed copy of this Agreement, including the Schedule of Deviations (if any), contact the Employer's Agent (whose details are given in the Contract Data) to arrange the delivery of any bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the Conditions of Contract identified in the Contract Data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this Agreement.

The Construction /Performance Guarantee that I/We propose is:

From (Insurer Name)*1

*1 – Letter of Intent to be provided

7. Unless and until a formal agreement is prepared and executed, this Tender, together with the written acceptance thereof by yourselves or the Engineer acting on your behalf, shall constitute a binding Contract between us.
8. I/We* understand that you are not bound to accept the lowest or any tender you may receive.
9. I/We* confirms that he/she is aware of the suspense condition that the tender amount as mentioned in the tender document is subject to availability of funds to cover the total envisaged expenditure for the tender in question and
10. I/We* further confirms that Mogale City Local Municipality has the right to cancel the tender prior to award if the funds necessary to cover the total envisaged expenditure of the tender are not available for the current financial year; Mogale City Municipality has the right to reduce the Scope of Work after award and prior to commencement to comply with the available budget.
11. I/We declare that I/We have no participation in any collusive practices with any tenderer or any other person regarding this or any other tender.
12. I/We, declare that we fully and unconditionally accept the full authority of the engineer as the representative of the client on site and understand that any communications to the Municipality can only be done through the engineer, unless, otherwise instructed / authorized by the engineer. Any disputes between myself, the contractor, and the engineer will be dealt with by the project manager of the municipality working on the particular project.
13. I/We confirm that I/We am duly authorized to sign this contract.

Contractor 1		Contractor 2	

The tenderer shall within two weeks after receiving a completed copy of this agreement, including the schedule of deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of any bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the Conditions of Contract identified in the Contract Data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the tenderer receives one fully completed copy of this document, including the schedule of deviations (if any). Unless the tenderer (now contractor) within five working days of the date of such receipt notifies the Employer in writing of any reason why he cannot accept the contents of this agreement, this agreement shall constitute a binding contract between the parties.

REFERENCE TO:	CLAUSE	DATA
Contractor's General Obligations	4	Add to the clause: "All costs in complying with the provisions of complying with Clauses 4.8; 4.9; 4.10 and 4.11 shall be allowed for in the rates tendered". Add to the clause: "All costs in complying with the provisions of complying with Clauses 4.8; 4.9; 4.10 and 4.11 shall be allowed for in the rates tendered". Add the following to this sub-clause: "The Contractor shall conduct tests or have them conducted continually on a regular basis, to check the properties of natural materials and processed natural materials and of products manufactured on site, such as aggregate or asphalt. Although not a requirement for the contractor to conduct regular tests on any commercially produced products such as cement, bitumen, steel and pipes, the Contractor shall remain fully responsible for any defective material or equipment provided by him. Similarly, the quality of all elements of the works shall be checked on a regular basis so as to ensure compliance with the specified requirements. The intensity of control and of tests to be conducted by the Contractor in terms of these obligations is not specified but shall be adequate to ensure that proper control is being exercised to the satisfaction of the Engineer. Where any natural materials or products made from natural materials are supplied, upon completion of each element of the construction works, the contractor shall test and check such materials, products and or elements for compliance with the specified requirements and shall submit his results to the Engineer for approval. Such submission shall include all his measurements and test results and shall furnish adequate compliance with the specified requirements."
Workmen's Compensation	4.3	The Contractor shall also provide proof, that he has paid al contributions required in terms of the provisions of the Act.
Subcontracting	4.4	Add the following: The Employer may, in order to avoid seizure by the owner, material supplier, subcontractor, at the Employer's option, pay to such owner, material supplier, subcontractor, the amount of any overdue instalment, or any other sum payable under the agreement for purchase or services, and, in the event of so doing, any amount so paid by the Employer shall be a debt due from the Contractor to the Employer, and may be deducted by the Employer from any money due, or that may become due, to the Contractor in terms of the Contract, or may be recovered by the Employer from the Contractor by law. The Retention money due to the Contractor will not be payable to the Contractor until all works are completed as per GCC 2015 and will only be paid to the Contractor once all cession, suppliers and subcontractors and any other payments due has been paid in full
Patent Rights	4.6	The following Sub-clause is added to Clause 4.6: "The copyright in all documents, drawings and records related to the purpose and scope of the Works or related in any other manner to the Works, shall vest in the Employer and the Contractor shall not furnish any information in connection with the Works to anybody without the approval of the Employer."

MOGALE CITY LOCAL MUNICIPALITY
TENDER NO: IDS (R) 04/2024
TENDER: CONSTRUCTION OF ROAD SURFACE WEARING COURSES, ON AN AS AND WHEN REQUIRED BASIS FOR A PERIOD OF THIRY-SIX (36) MONTHS
C1.2 Contract Data

Targeted Labour	4.10 4.8.1.2	A CLO to be appointed as required Add the following: "Targeted Labour" means: Unemployed persons who are employed as local labour on the project. The Contractor shall endeavour to employ 40% women; 20% youth who are between 18 and 35 and 1% people with disabilities
-----------------	-----------------	--

REFERENCE TO:	CLAUSE	DATA
Contractor's Superintendence	4.12	Add the following new clause: The Contractor or his representative shall attend all site meetings with the Employer and / or Engineer on the dates as nominated by the Engineer. The purpose of the meetings shall be to evaluate the progress of work and to discuss the matters relevant to the contract as required by the parties concerned. Unless specifically invited by the Engineer, the Sub-contractors of the Contractor may not attend these site meetings. Add the following additional Clause 22.2 "The Tenderer is to fill in the names of the site agent and foreman in the space provided in Schedule E1."
Commencement of the contract	5.2	"Commencement Date" means the date of receipt by the Contractor of the following: 1. Handover of Site
Commencement of Works	5.3	Within 14 days of Commencement Date On the commencement of Work (Site Handover) the Engineer shall deliver to the contractor 3 copies of the drawings. One copy of the signed contract document will be prepared after signing of the contract and delivered to the contractor to be kept on site at all times and be available to the Engineer or any person authorized by him. Additional copies of Drawings and Contract document will be for the cost of the Contractor. The Contractor shall, in accordance with the Engineer's instructions, maintain a register on the site of all Drawings and revisions thereof in the chronological order in which they are delivered to him. Add to the Clause Commencement of Work will only take place once the following documentation were submitted to the office of the Consulting Engineer: Letter of Acceptance Construction/Performance Guarantee Health & Safety File Letter of Appointment of OHS Rep or Officer Letter of Good Standing Workman's Compensation Prove of submission of Registration of Project at Department of Labour If active construction has not started within 14 days of site handover the Client, Mogale City Local Municipality reserves the right in terms of Clause 9.2.1.3.2 to terminate the contract and MCLM shall not be held liable for any loss or damages resulting from such a termination

Access to the Site	5.4	Site Handover Certificate to be given at Time of Site Handover. Add the following: The Contractor shall as far as possible, confine his operations to the limits of the areas made available to him by the Engineer, but if the land is insufficient for the needs of the work, the Contractor shall make his own arrangements with the owners or tenants concerned for whatever additional land he may require and pay all rent and other charges in connection therewith. The Contractor shall be responsible for all damages and shall indemnify the Employer against all claims which may arise. Add to the clause: The Engineer shall establish the basic reference pegs and benchmarks on the Site and give to the Contractor the particulars thereof in sufficient time to enable the Contractor to meet his approved programme.
Programme	5.6	Within 7 days from date of Site Handover.
Special non-working days	5.8.1	The period 16 December to 5 January inclusive, plus Good Friday, Human Rights Day, Freedom Day, Workers Day and Youth Day
REFERENCE TO:	CLAUSE	DATA

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

Extension of time for completion	5.12	In general, extension of time for the completion of Works will, in terms of the General conditions of Contract, be granted only for additional work and for circumstances which could not have been foreseen and are beyond the control of the Contractor. No extension of time for completion will be granted on account of normal inclement weather, but extension of time shall be determined for abnormal rainfall or wet conditions in accordance with the formula given below, separately for each calendar month or part thereof. It shall be calculated for the full period for the completion of the Contract including any extension thereof by the formula: $V = (Nw - Nn) + \frac{(Rw - Rn)}{X}$ The symbols shall have the following meanings: V = Extension of time in calendar days in respect of the calendar month under consideration Nw = Actual number of days during the calendar month on which a rainfall of Ymm or more has been recorded. Nn = Average number of days, as derived from existing rainfall records provided in the table below on which a rainfall of Ymm or more has been recorded for the calendar month Rn = Average rainfall in mm for the calendar month, as derived from the rainfall records supplied in the table below. Rw = Actual rainfall in mm for the calendar month under consideration. X = 10 Y = 10 If V is negative and its absolute value exceeds Nn, then V shall be taken as equal to minus Nn. The total extension of time shall be the algebraic sum of the monthly totals for the period of construction, but if the grand total is negative the time for completion shall not be reduced due to abnormal low rainfall. Extensions of time for part of a month shall be calculated using pro rata values of Nn and Rn. The factor (Nw – Nn) shall be considered to represent a fair allowance for variations from the average number of days during which rainfall exceeds Ymm. The factor $\frac{Rw - Rn}{X}$ shall be considered to represent a fair allowance for variations from the average in the number of days during which rainfall had not exceeded Ymm, but wet conditions had prevented or had disrupted work. The formula does not take into account flood damage which could cause further or concurrent delays, and which should be treated separately as far as extension of time is concerned. Accurate rain gauging shall be taken at a suitable point on Site. This information shall be regarded as the actual rainfall for this contract. The readings will be done by the Engineer and the Contractor may attend these readings and shall at his own expense take all necessary precautions to ensure that the rain gauge cannot be interfered with by unauthorized persons.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

MOGALE CITY LOCAL MUNICIPALITY
TENDER NO: IDS (R) 04/2024
TENDER: CONSTRUCTION OF ROAD SURFACE WEARING COURSES, ON AN AS AND WHEN REQUIRED BASIS FOR A PERIOD OF THIRY-SIX (36) MONTHS
C1.2 Contract Data

Penalty for Delay	5.13	To a maximum of R1500-00 per calendar day to a max of 10% of the certified value of work.
Completion	5.14	In accordance with approved construction program of each order.
Defects liability period	5.14.5.2 6.10.5.1	12 Months Add to Sub-Clause 5.14.5.2 "In the event of the Contractor not completing all the outstanding work within the period specified by the Project Manager and/or Engineer in terms of Clause 7.8, the Project Manager and/or Engineer shall have the right to extend the Period of Maintenance by the additional time taken by the Contractor to complete such outstanding work to the satisfaction of the Project Manager and/or Engineer. The full retention applicable to the Period of Maintenance shall apply to such extension."
Security	6.2	Within 14 days of Letter of Appointment Add the following to the Clause: "The contract may be awarded to a Subsidiary Company on the condition that the Holding Company shall in addition to the Surety specified, assume responsibility for the due and proper performance of the Works and the fulfilment of the contract, should the Subsidiary Company be unable to do so."
Performance Guarantee Sum	6.2	Not required, 10% retention will applicable of total contract amount excluding Contingencies, VAT for the full construction period.
Amendments to Schedule of Quantities and Scope Reduction	6.3	The extent of the Works that will be included under this contract will be determined by the availability of funds. Should the tender amounts exceed the available funds, the amounts will be adjusted and the extent of the works decreased. It is therefore emphasized that the tendered unit rates must be realistic and will not be affected should the quantities be adjusted. The rates under "Preliminary and General" will be adjusted proportionally with respect to tender and contract amounts. The tendered unit rates will remain applicable. The right to adjust the extent of the contract is, therefore, reserved by the Employer, but approval will be sought from the successful Tenderer before the contract is awarded.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

REFERENCE TO:	CLAUSE	DATA
Value of Variations	6.4	The cost of any Variations ordered in writing by the Engineer and the applicable rates must be accepted by the Engineer in writing prior to execution, in order to be accepted. Special reference will be given to the tendered rates and the wide interpretation of the term "similar conditions" in determining rates. Add the following: The quantities in the Bill of Quantities are nominal quantities which are included solely for the purpose of Tender evaluation. These quantities are not guaranteed, nor have they any other significance in terms of the contract other than a means of assessing the Tender. Only the actual quantities of work, which are executed by the Contractor in fulfilment of his obligations under the Contract, will be measured or approved by the Engineer for payment purposes. An alteration of the quantities included in the Bill of Quantities shall not affect the validity of the contract. The Tendered rates and prices shall remain valid and applicable irrespective of any differences between the quantities in the Bill of Quantities and the quantities finally certified for payment.
Daywork percentages	6.5.1.1	As tendered in Schedule of Quantities
Schedule of Quantities – Estimated quantities	6.7	Tenderer to note that all quantities supplied in Schedule of Quantities are estimated quantities and all items will be re-measured on site. Add to the clause: "An allowance equal to 100% of the task rate or daily rate shall be paid by the contractor to workers who attend formal training."
Special Materials	6.8.3	Not applicable
Contract Price Adjustment (Only applicable to contracts of 12 months and longer)	6.8.2	The following values for the different factors are to be used as per SAFCEC guidelines: $x = 0,10$ <i>(General Engineering Works)</i> aLt (Labour)= 0,35 bPt (Plant) = 0,05 cMt (Material) = 0,55 dFt (Fuel) = 0,05 (Civil Engineering as per SETFSA)
Vesting of Materials	6.9	Add to Sub-Clause 6.9.1.2 "The Contractor shall where practicable before delivery and, in any event not later than 24 hours after delivery to the site, inform the Project Manager and/or Engineer of any materials which are not his sole property."
Valuation of material brought onto site	6.9	Add to Clause 6.10.1.5 "Payment for materials on site will only be considered for those materials which are physically on site. Any statement in which a claim for materials on site is included, shall have attached a declaration that the materials listed in the statement are owned by the Contractor, accompanied by proof of ownership. The ownership of materials shall be transferred to the Employer in accordance with the pro forma "Transfer of Rights" bound in as an annexure to these Special Conditions of Contract".
Contract Price Adjustment (Only applicable to contracts of 12 months and longer)	6.8.2	Contract Price Adjustment will be after every 12 months. Base month will be the month of advertisement from where the 12 months periods will be measured from. Rates will be adjusted in accordance with CPIX.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

REFERENCE TO:	CLAUSE	DATA
Materials on Site	6.10.1.5	80% (Delivery Notes and Tax Invoices to be provided)
Claims Procedure	6.10.4	A strict interpretation is given to the time limits and procedures given in these clauses and any claim, which does not strictly comply with these requirements, will not be considered.
Retention Money	6.10.3	No interest will be paid on retention money
Retention Guarantee	6.10.3	A Retention Guarantee is not acceptable. Add to the clause: 10% Retention will be deducted from each payment certificate. Retention will be reduced to 5% once Practical Completion Certificate is issued for the work.
Quality of Construction Equipment	7.1	Add to Sub-Clause 7.1.1 a) Details in writing of all Constructional Plant and Temporary Works which is brought onto site by, or on behalf of, the Contractor for the purpose of the Works, and which is hired, leased or the subject of hire-purchase agreements, together with the names of the hirers, lessors or owners thereof, shall be supplied to the Engineer by the Contractor. b) The Employer may, in order to avoid seizure by the hirer, owner or lessor, at the Employer's option, pay to such hirer, owner or lessor the amount of any overdue instalment, or any other sum payable under the agreement for hire, lease or hire purchase, and, in the event of so doing, any amount so paid by the Employer shall be a debt due from the Contractor to the Employer, and may become due, to the Contractor in terms of the Contract, or may be recovered by the Employer from the Contractor by law. c) Possession of all Constructional Plant and Temporary Works provided by sub-contractors shall be deemed to vest in the Employer immediately the same is brought onto site and shall mutatis mutandis be subject to the provisions of the Clause hereinbefore contained. The Contractor shall ensure that the foregoing provision will be inserted in all sub-contractors.
Quality of materials and workmanship	7.2	Add to the Clause: "The source of supply of all materials including all stone, sand, gravel or soil or any other natural material required in the execution of the Works shall be located by the Contractor. No material shall be used until it has been approved by the Engineer. "
Defects liability period	7.8	12 Months
Expected risks	8.3	Add the following: "Risk arising from political riot and malicious damage, unless these risks are insurable with the South African Special Insurance Association at the time of tendering and it is stipulated in the Contract Data that the contractor is to effect insurance against these risks."

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

REFERENCE TO:	CLAUSE	DATA
Indemnifications	8.4	"hereby indemnifies the Employer, the Engineer and all consultants against any liability in respect of damage to or physical loss of the property of any person, including any employee of the Contractor, or injury to or death of any person, including any employee of the Contractor and" Add the following: Without prejudice to nay of the rights of the Employer arising form any of the provisions of this agreement, the Contractor indemnifies and holds the Employer harmless against all loss, liability. Damage, claim, proceeding or expenses of any nature whatever (including without limiting the generality of the afore going) all party, attorney and client costs incurred by the Employer which the Employer may suffer as a result of or which may be attributed to: -any liability of the Contractor, whether actual or contingent; -any liability of the Contractor for taxation, for which purpose the terms "taxation" shall include normal taxation, value added tax, minimum or secondary taxation on companies, District or equivalent levies, all other forms of levies or taxation and any penalties or interest as a result thereof; -the contractor's performance in terms of this agreement; -The Contractor indemnifies the Employer in respect of all actions, prosecutions or claims of any nature that might be brought in any manner against the Contractor as a consequence of the negligence of the Contractor, its employees, members or any persons under its control. The Contractor shall not be liable for such liability, loss, damage, claim, proceeding or expense where same was due to any act or neglect of the Employer or any person for whose actions the Employer is legally liable.
Insurances	8.6	Special consideration should be given to damage to existing infrastructure.
Other Insurances	8.6.1.2	Special Risk Insurance – SASRIA (coupon to be provided)
Limit of indemnity	8.6.1.3	R2 000 000 per claim, claims unlimited
Termination of Contract	9.1	In addition, if the contractor fails to adequately protect the existing works / infrastructure against damage and thereby unduly endanger the Works – the employer may cancel the contract and recover damages and losses.
Dispute Resolution	10	Adjudication, Arbitration, and the Court will be acceptable dispute resolution mechanisms

PART C1: AGREEMENTS AND CONTRACT DATA

C1.3 Forms of Securities

Forms for completion by the contractor

The following forms are to be completed by the Contractor after the tender has been awarded to the successful tenderer.

- C1.3.1 Form of Guarantee
- C1.3.2 Written Agreement on Occupational Health and Safety
- C1.3.3 Written Agreement on Environmental Management
- C1.3.4 Bond for Material on Site
- C1.3.5 Ownership of Materials

The forms will be completed by the Contractor who will be instructed to do so in the Form of Acceptance. The completed forms will become part of the Contract.

The Form of Guarantee is a pro forma document. The Contractor will provide an original document, from a financial institution, with the same text within the same time stated in the Contract Data. Only a bank or approved insurance company or guarantee corporation is acceptable as guarantor.

“Contract means: The Agreement made in terms of the Form of Offer and Acceptance and such amendments or additions to the Contract as may be agreed in writing between the parties.

“Contract Sum” means: The accepted amount inclusive of tax of R.....

Amount in words:

“Guaranteed Sum” means: The maximum aggregate amount of R.....

Amount in words:

“Expiry Date” means:

Contract Details

Project Manager
and/or Engineer
issues: Interim Payment Certificates, Final Payment Certificate and the Certificate Completion of the Works as defined in the Contract.

Performance Guarantee

1. The Guarantor’s liability shall be limited to the amount of the Guaranteed Sum.
2. The Guarantor’s period of liability shall be from and including the date of issue of this Performance Guarantee and up to and including the Expiry Date or the Date of issue by the Engineer of the Certificate of Completion of the Works or the date of payment in full of the Guaranteed Sum, whichever occurs first. The Engineer and/or the Employer shall advise the Guarantor in writing of the date on which the Certificate of Completion of the Works has been issued.
3. The Guarantor hereby acknowledges that:
 - 3.1. any reference in this Performance Guarantee to the Contract is made for the purpose of convenience and shall not be construed as any intention whatsoever to create an accessory obligation or any intention whatsoever to create a Surety ship;
 - 3.2. its obligation under this Performance Guarantee is restricted to the payment of money.
4. Subject to the Guarantor’s maximum liability referred to in 1, the Guarantor hereby undertakes to pay the Employer the sum certified upon receipt of the documents identified in 4.1 to 4.3:

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

- 4.1. A copy of a first written demand issued by the Employer to the Contractor stating that payment of a sum certified by the Engineer in an Interim or Final Payment Certificate has not been made in terms of the Contract and failing such payment within seven (7) calendar days, the Employer intends to call upon the Guarantor to make payment in terms of 4.2;
- 4.2. A first written demand issued by the Employer to the Guarantor's physical address with a copy to the Contractor stating that a period of seven (7) days has elapsed since the first written demand in terms of 4.1 and the sum certified has still not been paid;
- 4.3. A copy of the aforesaid payment certificate which entitles the Employer to receive payment in terms of the Contract of the sum certified in 4.
5. Subject to the Guarantor's maximum liability referred to in 1, the Guarantor undertakes to pay to the Employer the Guaranteed Sum or the full outstanding balance upon receipt of a first written demand from the Employer to the Guarantor at the Guarantor's physical address calling up this Performance Guarantee, such demand stating that:
 - 5.1. the Contract has been terminated due to the Contractor's default and that this Performance Guarantee is called up in terms of 5; or
 - 5.2. a provisional or final sequestration or liquidation court order has been granted against the Contractor and that the Performance Guarantee is called up in terms of 5; and
 - 5.3. the aforesaid written demand is accompanied by a copy of the notice of termination and/or the provisional/final sequestration and/or the provisional liquidation court order.
6. It is recorded that the aggregate amount of payments required to be made by the Guarantor in terms of 4 and 5 shall not exceed the Guarantor's maximum liability in terms of 1.
7. Where the Guarantor has made payment in terms of 5, the Employer shall upon the date of issue of the Final Payment Certificate submit an expense account to the Guarantor showing how all monies received in terms of this Performance Guarantee have been expended and shall refund this Guarantor any resulting surplus. All monies refunded to the Guarantor in terms of this Performance Guarantee shall interest at the prime overdraft of the Employer's back compounded monthly calculated from the date payment was made by the Guarantor to the Employer until the date of refund.
8. Payment by the Guarantor in terms of 4 or 5 shall be made within seven (7) calendar days upon receipt of the first demand to the Guarantor.
9. Payment by the Guarantor in terms of 5 will only be made against the return of the original Performance Guarantee by the Employer.
10. The Employer shall have the absolute right to arrange his affairs with the Contractor in any manner which the Employer may deem fit and the Guarantee shall not have the right to claim his release from the Performance Guarantee on account of any conduct alleged to be prejudicial to the Guarantor.
11. The Guarantor chooses the physical address as stated above for the service of all notices for all purposes in the connection herewith.
12. This performance Guarantee is neither negotiable nor transferable and shall expire in terms of 2, where after no claims will be considered by the Guarantor. The original of this Guarantee shall be returned to the Guarantor after it has expired.
13. This Performance Guarantee, with the required demand notices in terms of 4 or 5, shall be regarded as a liquid document for the purposes of obtaining a court order.
14. Where this Performance Guarantee is issued in the republic of South Africa the Guarantor hereby consents in terms of Section 45 of the Magistrate's Courts Act no 32 of 1944, as amended, to the jurisdiction of the Magistrate's court of any district having jurisdiction in terms of Section 28 of the said Act, notwithstanding that the amount of the claim may exceed the jurisdiction of the Magistrate's Court.

C1.3.2 Written Agreement on Occupational Health and Safety

Gauteng Provincial Government, Mogale City LM and the Contractor hereby agree, in terms of the provisions of Section 37(2) of the Occupational Health and Safety Act 1993 (Act 85 of 1992, hereinafter referred to as the Act), that the following arrangements and procedures shall apply between them to ensure compliance by the Contractor with the provisions of the Act, namely:

- a) The Contractor undertakes to acquaint the appropriate officials and employees of the Contractor with all the relevant provisions of the Act and the regulations promulgated in terms of the Act and Gauteng Provincial Government, Mogale City LM Safety Precautions and Health and Safety Instructions included in the contract documents.
- b) The Contractor undertakes that all relevant duties, obligations and prohibitions imposed in terms of the Act and Regulations and Gauteng Provincial Government, Mogale City LM safety Precautions and Health and Safety Instructions included in the contract documents will be fully complied with.
- c) In relation to any work or activity performed by the Contractor, his workmen or any other person for whose acts or omissions the Contractor is responsible in terms of the Contract, the Contractor hereby accepts sole liability for such due compliance with the relevant duties, obligations and prohibitions imposed by the Act and Regulations and expressly absolves Gauteng Provincial Government, Mogale City LM from itself being obliged to comply with any of the foresaid duties, obligations and prohibitions.
- d) The Contractor agrees that any duly authorized officials of the council shall be entitled, although not obliged, to take such steps as may be necessary to ensure that the Contractor has complied with his undertakings as set out more fully in paragraphs (a) and (b) above, which steps may include, but will not be limited to, the right to inspect any appropriate site or premises occupied by the Contractor, or to inspect any appropriate records held by the Contractor.
- e) The Contractor shall be obliged to report forthwith in writing to the Engineer/Architect full details of any investigation, complaint or criminal charge which may arise as a consequence of the provisions of the Act and Regulations, pursuant to work performed in terms of this Contract.

The Employer and Contractor hereby agree, in terms of the provisions of Section 37(2) of the Occupational Health and Safety Act No.85 of 1993, hereinafter referred to as "the Act", that the contractor as an employer in its own right and in its capacity as contractor for the execution of the works, shall have certain obligations and that the following arrangement shall apply between them to ensure compliance by the contractor with provisions of the Act, namely:

- a) The contractor undertakes to acquaint the appropriate officials and the employees of the contractor with all relevant provisions of the Act, and the regulation promulgated in terms of the Act, and
- b) The contractor undertakes that all relevant duties, obligations and prohibitions imposed in terms of the Act and regulations will be fully complied with, and
- c) The contractor hereby accepts sole responsibility for such due compliance with the relevant duties, obligations and prohibitions imposed by the Act and regulations and expressly absolves the employer and the employer's consulting engineers from being obliged to comply with any of the aforesaid duties, obligations and prohibitions in respect of the work included in the contract.
- d) The contractor shall be obliged to report forthwith to the employer any investigation, complaint or criminal charge which may arise as a consequence of the provisions of the Act and regulations pursuant to work performed on behalf of the employer, and shall, on written demand, provide full details in writing of such investigation, complaint or criminal charges.
- e) The Employer recognizes the right of each employee to work safely in a healthy environment under decent human conditions. Each employee has the right to return home safely and healthy to his home and family after each day's work.
- f) Work should not be done at the expense of human safety or health.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

- g) Work shall be executed under humane conditions, especially with reference to hours and H&S issues in mind.
- h) The PC shall appoint a fulltime H&S Manager should he have more than 50 employees on site. A fulltime Safety Representative shall be present on site for 50 employees or less

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

Preamble to Schedule of Quantities

1. The general conditions of contract, the special conditions of contract (if any), the specifications (including the project specification) and the drawings (if any) are to be read in conjunction with the schedule of quantities.
- 1.1. Those parts of the contract to be constructed using labour-intensive methods have been marked in the Schedule of Quantities (SQ) with the letters LI in a separate column filled in against every item so designated. The works, or part of works so designated are to be constructed using labour-intensive methods only. The use of plant to provide such works, other than plant specifically provided for in the Scope of Works, is a variation to the contract. The items marked with the letters LI are not an exhaustive list of all the activities which must be done by hand and those clauses do not over-ride any of the requirements in the SANS 1921: 2005.
- 1.2. Payment for items which are designated to be constructed labour-intensively (either in the SQ or in the Scope of Works or Project Specifications) will not be made unless they are constructed using labour-intensive methods. Any unauthorized use of plant to carry out work which was to be done labour-intensively will not be condoned and any works so constructed will not be certified for payment.
2. For the purposes of this schedule of quantities, the following words shall have the meaning hereby assigned to them:

Unit: The unit of measurement for each item of work as defined in the specifications.

Quantity: The number of units of work for each item.

Rate: The payment per unit of work for which the tenderer tenders to do the work.

Amount: An amount tendered for an item, the extent of which is described in the schedule of quantities, the specification or elsewhere, but of which the quantity of work is not measured in units.

“LI” Labour Intensive methods to be used in accordance with Project Specifications

3. The quantities set out in the schedule of quantities are only approximate quantities. The quantities of work finally accepted and certified for payment, and not the quantities given in the schedule of quantities, will be used to determine payments to the contractor.

The validity of the contract shall in no way be affected by differences between the quantities in the schedule of quantities and the quantities finally certified for payment. Work shall be valued at the rates or lump sums tendered, subject only to the provisions of the general conditions of contract.

4. Rates and lump sums shall include full compensation for overheads, profits, incidentals, tax (**except for Value Added Tax**), etc. and for the completed items of work as specified. Full compensation for completing and maintaining, during the maintenance period, all work shown on the drawings and specified in the specifications, and for all the risk, obligations and responsibilities specified in the general conditions of contract, special conditions of contract and the project specifications shall be considered as provided for collectively in the items of payment given in the schedule of quantities, except in so far as the quantities given in the schedule of quantities are only approximate.
5. The tenderer shall fill in a rate or a lump sum for each item where provision is made for it, - this includes rate only items. Items against which no rate or lump sum has been entered in the tender will not be paid for when the work is executed, as payment for such work will be regarded as being covered by other rates or lump sums in the schedule of quantities.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

Please only complete rates and totals for those items that have entries in the quantity column – this include “rate only” items

The tenderer shall fill in a rate against all items where the words "rate only" appears in the amount column. Although no work is foreseen under such item and no quantities are consequently given in the quantity column, the tendered rate shall apply should work under this item actually be required. Tenderers should note the provisions of paragraph 12 of this preamble.

If the tenderer should group a number of items together and tender one lump sum for such group of items and not to each individual item, or should he indicate that full compensation for any item has been included in the rate for another item, the rate for the item included in another item shall be deemed to be nil.

The tendered lump sum and rates shall be valid irrespective of any change in the quantities during the execution of the contract.

Preliminary & General Section may not be tendered as a lump sum. A tender may be disqualified if the P&G Section is tendered as a lump sum.

6. The works executed are measured for payment in accordance with the methods described in the contract documents under the various payment items.
7. The amount of work or the quantities of material stated in the schedule of quantities shall not be considered as restricting or extending the amount of work to be done or the quantity of material to be supplied by the contractor.
8. The statement of quantities of material or amount of work in the schedule of quantities shall not be regarded as authorization for the contractor to order material or to execute the work. The contractor shall obtain the engineer's detailed instructions for all work before ordering any materials or executing work or making arrangements in this regard.
9. The short description of the payment items in the schedule of quantities is only given to identify the items and to provide specific details. Reference shall inter alia be made to the drawings, project specifications, general conditions of contract and special conditions of contract for more detailed information regarding the extent of work entitled under each item.
10. The provisions of Clause 48 of the general conditions of contract shall apply to provisional sums and prime cost sums.
11. Subject to the conditions stated in paragraph 12 below, the rates and lump sums filled in by the tenderer in the schedule of quantities shall be final and binding and may not be adjusted should there be any mistakes in the extensions thereof and in the amounts, appearing in the tender. Should there be any discrepancies between the tender sum and the correctly extended and totalled schedule of quantities, the rates will be regarded as being correct, and the employer shall have the right to make adjustments to the tender sum to reconcile the tender sum with the total of the schedule of quantities. Under no circumstances will tender rates be adjusted when such errors are corrected. In such an event the contractor will be consulted but, failing agreement between the parties, the decision of the employer shall be final and binding. Adjustment of the tender sum will take place only after acceptance of the tender, but prior to the signing of the contract. In their own interest tenderers must make doubly sure of the correctness of their tendered rates, the extensions and the tender sum.
12. A tender may be rejected if the unit rates or lump sums for some of the items in the schedule of quantities are, in the opinion of the employer, unreasonable or out of proportion, and if the tenderer fails, within a period of seven (7) days of having been notified in writing by the employer to adjust the unit rates or lump sums for such items, to make such adjustments.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

C2.1 Pricing Schedule

13. The units of measurement indicated in the schedule of quantities are metric units. The following abbreviations are used in the schedule of quantities:

mm	=	millimetre	kl	=	kiloliter
m	=	meter	kg	=	kilogram
km	=	kilometre	t	=	ton (1 000 kg)
m ²	=	square meter	No	=	number
ha	=	hectare	%	=	per cent
m ³	=	cubic meter	P C sum	=	prime cost sum
l	=	litre	prov sum	=	provisional sum
mm	=	millimetre	kl	=	kiloliter

14. All rates and sums of money quoted in the schedule of quantities shall be in Rands and whole cents. Fractions of a cent shall be discarded.
15. The schedule of quantities shall be completed in **BLACK INK. Tenders where the Schedule of Quantities is completed in pencil, WILL be disqualified.**
16. All prices and rates shall exclude value added tax (VAT). The Tenderer shall calculate VAT and enter it as the end of the Summary of the Schedule of Quantities

An electronic copy of the Schedule of Quantities will be made available by contacting Mogale City Supply Chain Management. It is a requirement that the original yellow pages contained in the tender document must still be completed in black ink. A tender will be disqualified if only a printed copy of the Schedule of Quantities is submitted

The quantities in the Bill of Quantities are estimates only (Provisional and Re-measurable) and will only be used as a guide by MCLM. The actual quantities will be determined by the works required by MCLM to be performed as instructed to the contractor by means of a Work Order.

Once the works order is approved, the contractor has 24 hours for PLANNED and/or UNPLANNED maintenance work, and for EMERGENCY maintenance work has 1 hour(s) to commence the work.

Written quote(s) will be provided for all unscheduled/unspecified work prior to the commencement of that work and will include (if appropriate) costs of materials, costs of labour and any other considerations on the Bills of Quantities (Contingencies, Provisional Sum, etc) and Mogale City's Project Manager approves such quotation(s).

MOGALE CITY LOCAL MUNICIPALITY

THE CONTRACT:

PART C3: SCOPE OF WORK

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PART C3: SCOPE OF WORK

C3.1 Description of the Works

C3.1.1 General

The Standardized Specifications applicable to this contract are listed in the Project Specification i.e., **CONSTRUCTION OF ROAD SURFACE WEARING COURSES, ON AN AS AND WHEN REQUIRED BASIS FOR A PERIOD THIRTY-SIX (36) MONTHS.**

C3.1.2 Status

Should any requirement of the Project Specification conflict with any requirement of the standardized or particular specifications, the requirements of the Project Specifications shall prevail.

C3.1.3 Employers Objectives

The Employer's objective is to acquire the services of competent contractors for installation and repair of roads and stormwater infrastructure including associated works in Mogale City on an as and when required basis. Works will not be on a continues basis for the three (3) years period but only when required. Contractors will be required to use local labour for works.

C3.1.4 Overview of the Works

Mogale City Local Municipality (MCLM) wishes to maintain and construct road and stormwater infrastructure. This contract will cover the maintenance and construction of civil works.

The description listed hereunder is merely an outline of the works to be done in terms of the Contract, and shall not limit the work to be carried out by the Contractor.

Contractors may make use of sub-contractors for a specialized service where the required skills are not available. Sub-contractors shall be based within the boundaries of Mogale City. A SLA (Service Level Agreement) must be signed by the Contractor as well as any other sub-contractor involved in the maintenance.

Works on various MCLM roads and stormwater infrastructure needs to be done in a structured manner. The work need to be carried out by suitably qualified and experienced artisans. Tasks will be requested and managed in a well-defined manner with strict monitoring systems and principals.

C3.1.5 DILIGENCE

Termination

If it is found that;

- The contractor does not install the correct material and work not according to the relevant specification and/or the instructions of the supplier of the equipment, material and/or system;
- The contractor and/or his/her workmen are found to dump rubble and/or waste illegally on any other place than legal dumping facilities;
- If the contractors response time and work completion period are not within the specified quoted time frame;
- The Contractor will be given **7 (seven) calendar days written notice** to rectify the situation;
- If the Contractor does not respond positively to the satisfaction of the **responsible Municipal Official and/or Project Manager**;

This will result in the **termination of the contract.**

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

C3.1.6 Management Meetings and Progress report

- The following meetings and progress report will be required as minimum for the management of the contract.
- Monthly client site meeting (using standard agenda for management control) and progress report.
 - Technical meetings and progress report as required for each phase of the work.
 - Monthly safety meetings and progress report in terms of the OHS requirements.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PART C3: SCOPE OF WORK

C3.2.1 Project Specifications

C3.2.1.1 General Description

Each works order may require work that may include any one or more of the following activities as set out in clause C3.2.3 below during the term of the Contract.

C3.2.2 Description of site

The site of the Works is situated within Mogale City Local Municipality jurisdiction area.

C3.2.3 Details of contract

The contract consists of construction of road surface wearing courses. The following is included:

Repair/ improvements / replacement and installation of:

- Asphalt base and surfacing.
- Treatment of bituminous road surfaces exhibiting certain defects: Slurry seals & Micro surfacing, etc.
- Single Seals
- Patching (pothole repairs, etc)
- Road layer construction.

Quantities will depend on requirements and will vary from small maintenance repair works, less than R10,000.00 to larger production works, in excess of R300,000.00.

The process to be followed for work not covered or specified in both the Scope of Work (SoW) and the BoQ requires a submission of three (3) quotations prior to permission being granted for a go- ahead.

CIDB GRADING: 3CE or Higher

C3.2.4 Contract Management

C2.2.4.1 Assistance by Contractor

The Contractor shall at all times assist the Contract Manager/s to carry out his/her/their duties according to the applicable clauses of the SLA, General Conditions of Contract entered into amongst Mogale City Local Municipality, and the appointed service provider(s).

C3.2.5 Features requiring special attention

C3.2.5.1 Repairs

The Contractor shall have enough staff, equipment and materials to attend to various works order work simultaneously.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

(a) Breakdown Repairs

Breakdown repairs refer to repairing defects (including malfunctions) which are carried out on an ad-hoc basis when a defect occurs.

The Contractor will be paid for repairing breakdowns using the items listed in the Schedules of Quantities for breakdown maintenance, but should such an item not exist for the work that has to be carried out he/she will be paid in accordance with the rates tendered for labour and material in the Schedules of Quantities.

C3.2.5.2 Replacement of items

Where it is necessary to replace any existing item with a new item under this Contract, the new item shall be of at least the same quality as the existing item. The municipality shall have the right to reject the item if it is of inferior quality. Material removed shall remain the property of the municipality until such time, it is communicated to the contractor for disposal.

C3.2.6 Site to be kept clean

During progress of the works and upon completion thereof, the Site of the Works shall be kept and left in a clean and orderly condition. The Contractor shall store materials and equipment for which he/she is responsible in an orderly and safe manner and shall keep the site free from debris and obstructions inter alia in compliance with Construction Regulations, 2014, as promulgated in Government Gazette No: 37307 and Regulation Gazette No: 10113 of 07 February 2014, in the Occupational Health and Safety Act, 1993 (Act 85 of 1993) (OHS), as amended.

All redundant materials, rubbish and waste arising from the work must be regularly removed from the Site at the Contractor's cost and the Site and buildings left clean and tidy.

C3.2.7 SANS specifications and codes of practice

All reference in this document to South African National Standards (SANS) specifications and codes of practice, or any other standard specifications or codes of practice, shall be deemed references to the latest issues of such specifications and codes. The tender may also reference COLTO – Standards Specifications for Road and Bridge Works for State Road Authorities (1998) where additional clarification is required to a SANS 1200 item.

C3.2.8 Materials

The Contractor shall attach to his/her accounts original supplier's tax invoices for new components and materials to be used or that were used for repair work requiring non-scheduled items. The full description similar to that required to order an item from a supplier, i.e. Make: model, serial number, size, capacity, etc. shall be listed on the account.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

The Contract Manager reserves the right to:

- a) Supply to the Contractor new parts, components and materials required to undertake repairs, or
- b) If the price submitted by the Contractor is unacceptably high, obtain quotations for such new parts, components and materials from other independent sources, and after making reasonable allowance for Contractor’s mark-up, adjust the Contractor’s price accordingly.

The above applies to new parts, components and materials that are to be used for both maintenance and repair.

Where no rate is tendered in the Schedule of Quantities for new items the prices for new items given by the Contractor shall be in line with prices of similar items in the Schedule of Quantities or reasonable prices in the industry, and paid the mark up in the schedule of quantities.

Unless stated otherwise in writing by the Project Manager, all proprietary materials are to be used, mixed, applied, fixed, etc., strictly in accordance with the manufacturer’s recommendations.

C3.2.9 Protection of road furniture and existing infrastructure

Most of the work to be done on existing road and stormwater infrastructure.

The Contractor shall be responsible for protecting exiting infrastructure and road furniture to provide working space for his/her personnel. The movement of existing infrastructure shall be kept to the very minimum and the Contractor shall be solely responsible for any damage arising from its removal and/or replacement.

C3.2.10 Quality Control

The Contractor shall at all times ensure that his/her work complies with Specifications.

The onus to produce work that conforms in quality and accuracy of detail to the requirements of the Specifications and Drawings rests with the Contractor, and the Contractor shall, at his/her own expense, institute a quality-control system and provide experienced Project Manager(s), foremen, materials technicians, other technicians and technical staff, together with all transport, instruments and equipment to ensure adequate supervision and positive control of the Works at all times.

The cost of supervision and process control, including testing carded out by the Contractor, will be deemed included in the rates tendered for the related items of work.

The Contractor’s attention is drawn to the provisions of the various Specifications regarding the implementation of a quality assurance system and the minimum frequency of checking required. The Contractor shall, at his/her own discretion, increase this frequency where necessary to ensure adequate control.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

C3.2.11 Additional Work

The Contractor shall have enough staff, equipment and materials to cope with additional repair work as determined by the Contract Manager. The additional work shall be carried out at tendered rates.

Should the Employer decide during the Contract period to add to the scope of the repair work under his/her Contract, such additional work shall be carried out without in any way detrimentally affecting repair and maintenance work already in progress. To achieve this, the Contractor shall employ enough additional staff and bring onto the Site such extra equipment as may be necessary. Payment for such additional work will be at negotiated rates only if the work is different to that already in progress.

C3.2.12 Applicable Standardized Specifications

For the purposes of this Contract, the following SANS 1200 Standardized Specifications shall apply:

- SANS 1200
- The tender may also reference COLTO – Standards Specifications for Road and Bridge Works for State Road Authorities (1998) where additional clarification is required to a SANS 1200 item

C3.2.13 Operational costs

The bid is for all cost inclusive of operational costs incurred by contractors only.

C3.2.14 Cost of materials and installation

The specified material items listed in the Schedule of Quantities to be used shall be priced complete with all installation material required to complete the installation of each item, complete with supply and delivery of different equipment.

C3.2.15 Consumables

Consumables are material and/or specialised equipment to be hired for use on a specific job not covered in the specified Schedule of Quantities, with prior approval from the Project Manager (s).

The consumable cost to be paid by Council will be subject to a certified copy of invoice from the supplier plus percentage mark-up as tendered by the contractor in the schedule of rates.

The contractor must ensure the material obtained is SANS approved or complies with the relevant SANS specification and is the most cost effective cheapest available. Council reserves the right to check prices and to demand a change of material supplier to curb costs.

Material prices may be audited and amended on MCLM's discretion based on average material prices from known suppliers in the Mogale area.

Costs for hiring specialized equipment must be specified under cost of consumables on estimates and invoices.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

Contractors are warned not to “load” Estimates and quotations as this will lead to the services of another contractor being utilized if a compromise cannot be reached.

C3.2.16 Call outs, estimates and works orders

Contractors will be called out by telephone or cell phone to give an estimate on the repairs to be affected at a specific site in accordance with a works order issued by the Council Official concerned as and when required.

Estimates must be submitted showing the description of work to be carried out as per the works order and the specified items rates for supply and install as tendered and must be shown in Schedule format as per payment reference.

The estimate will be evaluated by the Council Official concerned and if satisfied that the costs and time frames are reasonable an **approved WO** will be faxed and/or emailed to the number and/or E-address provided by the contractor for this purpose.

No work, except in emergencies, may be carried out and/or will be paid for if no approved WO has been issued beforehand.

C3.2.17 Invoicing

Invoices must correspond with Estimates and must be in accordance with the following format:

a) Itemised Cost

Invoices must show the description of work carried out as per the estimate and shall reflect the items in the tender document. As far as practically possible, the bulk of the work shall be priced and claimed from the itemised Schedule of Quantities on prices tendered. This will apply for material supplied and installation and labour cost as priced and invoiced accordingly.

b) Operational Costs

The operational costs is included in the rates tendered.

c) Cost of Consumables

Cost of Consumables used shall **only apply to special items** not covered under the Itemised cost and with prior approval of the Project Manager concerned, as per the WO. The invoices must show it separately from the Itemised and Operational costs.

All Consumables must be specified on a separate list to be attached to the invoice for verification purposes accompanied by certified copy invoices from the supplier plus the percentage (%) mark-up as tendered.

The separate list must also give a breakdown of the exacta places the material and/or items were used, i.e. Building and room numbers.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

C3.2.18 Signing-off of WO's

- a) After completion of work as specified in WO the relevant employer representative within the Division Roads and Transport Services will inspect the work and if satisfied, sign off the WO and hand the original back to the contractor.
- b) A copy of the signed-off WO must be attached to invoices submitted by the contractor as not to delay payment.
- c) A Certificate of Compliance for the specific work must be attached to the Contractor's invoice.

C3.2.19 Performance Management

- a) Contractors must at all times have due regard for the safety of people on sites, according to the Occupational Health and Safety Act, 1993 (Act 85 of 1993) (OHS) and its Regulations as amended. All onsite incidences shall be reported to the MCLM safety officers, with the relevant procedures shall be at-hand-to.
- b) Contractor's personnel shall wear safety clothes branded with the contractor company name and carry approved company ID cards with their picture.
- c) All work to be performed shall comply with SANS 1200 and the standard specification of Mogale City.
- d) Work to be done professionally with due regard not to damage infrastructure and residential property wilfully; all damaged items shall be recovered from the contractor.
- e) No work may be initiated by the contractor without having been expressly instructed to do so by the responsible Council Official.
- f) Invoices will only be processed for payment after the responsible Council Official has inspected the work, is satisfied with its execution, and signed-off the works order.
- g) Mogale City reserves the right to obtain the services of other contractors, in writing, should, in the opinion of the relevant Project Manager, the prices quoted by a contractor be considered too high for the job at hand and/or the standard of work is unacceptable,
- h) In cases where poor workmanship is identified, Mogale City reserves the right to recover costs incurred in correcting the poor workmanship.

C3.2.20 Special conditions

- a) OHS: In terms of section, 37(2) of the Act a valid contractual agreement must be in place between the Employer (MCLM) and the contractor before the contractor can go on site.
- b) Council's OHS Practitioner-Contracts will be of assistance to finalise the contract.
- c) All the work shall carry an unconditional guarantee of 12 months, calculated from the date of completion.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

C3.2.21 Extent of works

The Works will be carried out by the Contractors under this Contract in the whole area of jurisdiction of the MCLM as indicated in Section C4 of these contract This contract comprise mainly the following components of which the elements requiring General maintenance and repairs are:

Repair/ improvements / replacement and installation of:

- Asphalt base and surfacing.
- Treatment of bituminous road surfaces exhibiting certain defects: Slurry seals & Micro surfacing, etc.
- Single Seals
- Patching (pothole repairs, etc)
- Road layer construction.

Quantities will depend on requirements and will vary from small maintenance repair works, less than R10,000.00 to larger production works, in excess of R300,000.00.

The description of the Works given above is not necessarily complete and shall not limit the work to be carried out by the Contractor under this Contract.

The quantities in the Schedule of Quantities are estimates only and will only be used as a guide by MCLM. The actual quantities will be determined by the works required by MCLM to be performed as instructed to the contractor by means of a Work Order.

It is possible that the MCLM may award the contract to more than one contractor, and the intention is to appoint at least 3 contractors, which will consequently mean that these contractors will, depending on the number appointed, indiscriminately be dispatched to all areas without being specifically dedicated a specific area. Prospective contractors will have to keep this in mind when preparing their bid because the scale of operations will be affected by the number of contractors appointed as well as areas where work is to be executed. The MCLM furthermore reserves the right to not appoint a Contractor for more than one area.

C3.2.22 Ordering of Materials

The quantities set out in the Schedule of Quantities (Works order) have been determined from calculations based on data available at the time and should therefore be approximate quantities only. Before ordering materials of any kind, the Contractor shall check with the Contract Manager whether the scope of the work for which the materials are required is likely to change substantially. No liability or responsibility whatsoever shall be attached to the Employer for materials ordered by the Contractor except when ordered in accordance with written confirmation issued by the Project Manager.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

C3.2.23 Plant**General**

Except where the contrary is specified or when clearly not applicable, all quantities for measurement and payment shall be determined from the 'authorised' dimensions. These are specified dimensions or those shown on the Drawings or, if changed, as finally prescribed by the Contract Manager, without any allowance for the specified tolerances. Except if otherwise specified, all measurements for determining quantities for payment will be based on the 'authorised' dimensions.

If the work is therefore constructed in accordance with the 'authorised' dimensions plus or minus the tolerances allowed, quantities will be based on the 'authorised' dimensions regardless of the actual dimensions to which the work has been constructed.

When the work is not constructed in accordance with the 'authorised' dimensions plus or minus the tolerances allowed, the Project Manager may nevertheless, at his sole discretion, accept the work for payment. In such cases no payment shall be made for quantities of work or material more than those calculated for the 'authorised' dimensions, and where the actual dimensions are less than the 'authorised' dimensions minus the tolerance allowed, quantities for payment shall be based on the actual dimensions as constructed."

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

C3.3 Health and Safety**C3.3.1 HEALTH AND SAFETY REQUIREMENTS AND PROCEDURES****(a) Construction Regulations, 2014**

The Contractor shall be required to comply with the Occupational Health and Safety Act, 1993: Construction Regulations, 2014 (the regulations) as promulgated in Government Gazette No 37307 and Regulation Gazette No 10113 of 7 February 2014. Non-compliance with these regulations, in any way whatsoever, will be adequate reason for suspending the Works.

The proposed type of work, materials to be used and potential hazards likely to be encountered on this Contract are detailed in the Project Specifications, Schedule of Quantity and Drawings, as well as in the Employers' health and safety specifications (regulation 4(1)) of the Construction Regulations 2014

The Contractor shall in terms of regulation 5(1) provide a comprehensive health and safety plan detailing his proposed compliance with the regulations, for approval by the Employer.

The Contractor shall always be responsible for full compliance with the approved plan as well as the Construction Regulations and no extension of time will be considered for delays due to non-compliance with the abovementioned plan or regulations.

Payment items are included in the Schedule of Quantities to cover the Contractor's cost for compliance with the OHS Act and the abovementioned regulations.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

C3.4 Technical Specifications

C3.4.1 PROJECT SPECIFICATIONS – PART 1

PS1. CONTRACT DETAILS

CONTRACTORS WITH A CIDB RATING OF 3CE OR HIGHER FOR CIVIL WORKS ON AN AS AND WHEN REQUIRED BASIS FOR A PERIOD OF THIRTY-SIX (36) MONTHS.

General

- Establishment of Contractor's camps and the moving of plant onto the site. *(No site camp required)*
- Clearing and grubbing of construction footprint
- Security & Maintenance of campsite & all of the construction works
- Compile and submit for approval a detailed site safety plan and construction method statement.
- Compile and submit a quality management plan for approval by the Engineer.
- Structured and detailed interaction with various role players to ensure timeous completion of the works for each shift. .
- Cleaning of the construction area after each work shift to the satisfaction of the Engineer

PS2. CONSTRUCTION DOCUMENTATION REQUIRED

PS2.1 Construction Program

The time limit for submission of a program is at 7 days from date of the Site Handover/ Works order. The Contractor to take cognizance of other contractors that maybe employed on the same project and coordinate, and plan works accordingly.

The program should demonstrate the activities (including their interrelationship to each other), which the contractor intends to deploy in order to complete the work in the contract. In addition, the program shall include:

- The starting date, date of possession of the Site and contractual date for completion of the Works.
- The date when the Contractor plans to complete the Works,
- The work of the Employer and others as stated in the Scope of Work.
- The dates when the Contractor plans to complete work needed to allow the Employer and others to do their work.
- Provisions for float, time risk allowances, health and safety requirements and other procedures set out in the contract.
- The dates when, in order to carry out the work in this contract, the Contractor will need acceptances (of drawings, design and the like), “free issue” plant and materials or other things to be provided by the Employer in terms of the contract.
- Method statements demonstrating the extent of resources of people, facilities and equipment the contractor intends to apply to principal activities shown on the program.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

If the program submitted by the Contractor in terms of Clause 5.6 of the General Conditions of Contract, has to be revised because the Contractor is falling behind in his program, he shall submit a revised program of how he intends to regain lost time to ensure completion of the Works within the period defined in Clause 5.12 of the General Conditions of Contract or within a granted extension of time. Proposal to increase the tempo of work must incorporate positive steps to increase production either by more labour and Plant on the Site, or by using the available labour and Plant in a more efficient manner.

Failure on the part of the Contractor to submit or to work according to the program or revised program shall be sufficient reason for the Engineer to take steps as set out in Clause 5.13 of the General Conditions of Contract.

The approval by the Engineer of a program shall have no contractual significance other than that the Engineer will be satisfied if the work is carried out according to the program. The said approval shall not limit the right of the Engineer to instruct the Contractor to vary the program if necessary. The Contractor is also referred to Project Specifications **PS3, PS 4 & PS17** when he prepares this program.

PS2.2 Safety Plan

Within fourteen days after award of the contract, the Contractor must submit a detailed Safety Plan in accordance with OHSA (Refer to Check List in this tender document). The Safety Plan must detail safety procedures and measurements in which he proposes to carry out the Works. If accepted, the Contractor must execute the works in strict accordance with the Plan. *[Refer to Health & Safety Compliance Form Included in this tender document]*

Safety measures for excavations and trenching will be in accordance with SABS 1200 DM Clause 5.1.1.1 & 5.1.1.2.

PS2.3 Labour Schedule

The following information must be provided by the Contractor at each site meeting to be held every second week: *(Schedules to be faxed to Engineer's Office before each meeting) [EPWP forms are attached to this tender]*

- * Number of total labour force
- * Number of person-days of employment
- * Number of local labour (Listed: Adult Male / Female / Youth Male / Female / Disabled)
- * Minimum day-task rate earned on project
- * Non-Accredited Training provided since previous meeting
- * No of persons who have attended a standard EPWP 10 day accredited training course
- * Equipment on site
- * Expenditure on human resources (all labour costs)

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PS2.4 Site Instruction Book

Contractor must supply a triplicate site instruction book. Only the Engineer will be allowed to remove pages from the site instruction book. All site instructions to be number consecutively and signed by the Engineer or his representative and these instructions shall form part of the contract documentation, while payment for this item is deemed to be included in the P&G items.

PS2.5 Rehabilitation Plan & Environmental Management Plan (EMP)

The Environmental Management Plan (EMP) for the site of the Works can be obtained from Mogale City Local Municipality.

The Contractor shall comply with all the requirements laid down in the EMP and the associated Record of Decision. The Contractor shall acquaint his employees with the provisions, regulations, duties, obligations and prohibitions, and shall accept sole liability for due compliance with the duties, obligations and prohibitions and absolve the Employer from being obliged to comply with the aforesaid duties, obligations and prohibitions.

In case of failure on the part of the Contractor to comply with the requirements of the EMP the Employer shall be entitled to employ and pay other persons to carry out any remedial work to rectify any consequence resulting from the non-compliance by the Contractor and all cost consequent or incidental thereto shall be borne by the Contractor and shall be recoverable from him by the Employer. If it is not practical to rectify any consequence resulting from the non-compliance of the Contractor with the EMP the Employer will be entitled to impose a penalty on the Contractor which penalty shall be in relation to the expense which the Contractor would have incurred to comply.

The Contractor shall indemnify the Employer and the Engineer against responsibility for damage to the environment on the site of the Works by completing the "Agreement Form A1 included in Part 3 of the Contract, before commencement of construction.

PS2.6 Registration of Project at Department of Labour

The contractor must register this project at Department of Labour within 3 weeks (21 days). This is necessary for local labour to obtain Life Skills, AIDS Related Training and Introduction to the World of Work training from the Department of Labour. As proof of registration a photocopy of the original registration form with the original ink stamp of the local Department of Labour, as well as the protocol registration number. *[Refer to Labour Registration Form included in this tender document]*

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PS3 SITE FACILITIES AVAILABLE**PS3.1 Camp Site (Not required)**

A specific Site will be allocated to the appointed Contractor for his construction camp, toilet/ablution facilities and offices and will be pointed out to the contractor at the compulsory site inspection.

The construction site must be fenced and all the Contractor's activities restricted to these areas. The security of the compound and construction site will be the responsibility of the Contractor. During construction the Site of the Works shall be kept and left in a clean and orderly condition. The Contractor shall store materials and equipment for which he is responsible in an orderly manner, and shall keep the Site free from debris and obstructions.

PS 3.2 Water

Water for construction purposes only can be made available at normal tariff and rates costs payable to Municipality. The appointed Contractor must make his own necessary arrangements with the Mogale City Local Municipality and pay the required fees and rates and allow for all distribution on site. The provision for an on-site connection position cannot be guaranteed and water must be carted to the point of usage. The contractor must allow to provide potable drinking water to labour on site at all times.

PS 3.3 Electricity

As for Water (PS 3.2)

PS 4 SITE FACILITIES REQUIRED**PS 4.1 Facilities for the Engineer**

Not required.

PS 4.2 Sewerage

Two portable Toilets must be provided at a designated area which will be pointed out to the contractor on site. Facilities must be constructed/provided in accordance with local authority requirements and Mogale City residential areas Homeowners Association house rules. Where a sewer connection cannot be provided, the contractor must provide chemical toilets at the camp and on the different work fronts. Chemical toilets must be serviced regularly.

No separate payment will be made for obtaining and distributing water, electricity and sewage, the cost of which will be deemed to be included in the tendered rates.

PS 4.3 Site Instruction Book

A triplicate book for Site Instructions shall at all times be kept on the Site.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PS.4.4 Laboratory facilities

Not required.

PS.4.5 Tender Notice Board

Not required.

PS4.6 Landline Telephone

Not required

PS4.7 Rain Gauge

The contractor will be required to erect a rain gauge at the site office to record daily rainfall figures in the Site Instruction Book. The reading of the rain gauge shall be made at 08h00 of each working day for the duration of the contract. The records shall be submitted weekly to the Employer's Agent (the Engineer) together with a statement recording the Contractor's opinion of the effect on his programme of any weather condition that he may consider to be abnormal. The Engineer shall adjudge the extent of the delays that are attributable to "abnormal climatic conditions" in terms of GCC 2010 Clause 5.12 and Special Conditions of Contract.

No separate payment shall be made for this item and it shall be deemed to be included in the other payment items.

PS5. ASPECTS REQUIRING SPECIAL ATTENTION**PS5.1 Site Maintenance & Security**

Trees, other than those to be removed for the Contract, shall be protected from damage.

During progress of the work and upon completion thereof, the Site of the Works shall be kept and left in a clean and orderly condition. The Contractor shall store materials and equipment for which he is responsible in an orderly manner, and shall keep the Site free from debris and obstructions.

Each Contractor will be responsible for his own security at the camp site as well as the site of work for the full duration of the contract.

PS5.2 Existing services

The services indicated on the plans are not necessarily correct and **all services must be located using hand labour** at the start of the Tender the Contractor must arrange with the different service owners to indicate their services and to certify the location and depth thereof in the site book. The availability of

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

each service department shall not be guaranteed by the Client.

The different service owners include Telkom, Eskom and the Municipality. The existing services on site will be indicated prior to construction and must be protected for the duration of the contract. The requirements of the service owners must strictly be adhered to.

Existing services must be located by hand and is measured separately in the Schedule of Quantities. All services must be protected against damage and any damage to services pointed out to the contractor or shown on plans or that can be reasonably determined through contacting services departments, will be for the account of the Contractor.

The Contractor's attention is drawn to SABS 1200A Item 5.4. The contractor shall be responsible for immediately notifying the Authorities concerned regarding any damage caused to public services and existing works. The Engineers Representative will also be notified without delay

PS5.3 Testing and Quality Control

The Contractor may engage the services of an approved independent laboratory for the testing of materials and the quality testing of layerworks, to ensure that his work complies with the Specifications at own cost.

Please note: Full Density tests are required for backfilling with written records provided.

No separate payment will be made for such a laboratory or testing, the cost of which will be deemed to be included in the Contractor's tendered rates for the items of work that require testing in accordance with the Specifications.

All material must, where applicable shall carry the SABS mark.

PS5.4 Removal of trees and other vegetation

No trees or vegetation may be removed without the prior written approval from the employers representative.

Labour intensive methods will be employed to remove trees under supervision of an experienced supervisor. The necessary safety precautions must be taken at all times.

PS5.5 Accommodation of Other Contractors

In addition to the requirements of Clause 4.8 of the General Conditions of Contract (GCC 2010), the Contractor must make allowances for other Contractors on the Site. This may involve adapting his program to accommodate the work of other Contractors and ensuring access to their sites along prescribed routes over the Site of this Contract. This must be considered when the works program is compiled as no extra claims will be entertained in this regard.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PS5.6 Subcontractors

It is a requirement of this contract, **that only local subcontractors shall be used** to carry out any subcontractor tasks.

In addition to the requirements of Clause 4.10 of the General Conditions of Contract, the Contractor shall be responsible for work carried out by subcontractors on his behalf. The Engineer will not liaise directly with such subcontractors. Problems related to payments, programming, workmanship, etc, shall be the concern of the Contractor and the subcontractor, and the Engineer will not become involved except in the case of the nominated subcontractor and only on overall performance and issues that relate to payment between the main contractor and nominated subcontractor.

PS5.7 Opening Up and Closing Down Borrow Pits

Not applicable.

PS5.8 Adjacent Occupied Areas

The Contractor shall organise the work to cause the least possible inconvenience to Mogale City LM and to the property owners adjacent to or affected by the work. The contractor shall exercise the greatest care to avoid unnecessary damage to trees, gardens, fences, wall, and structures on public and private property, and also strictly supervise the behaviour of his workmen. The material resulting from any demolition of existing structures shall be the property of the owner.

Each individual work area will be pre- determined and barricaded or cordoned off as to ensure minimal disruption of traffic flow and inconvenience to the residents.

Work in the proximity of the Provincial Roads

The contractors must take due care and exercise caution when working in the vicinity of the provincial road and all requirements and precautions stated in the Wayleave must strictly be adhered to. No plant may be parked, or structures erected within 30m of the Provincial Road. Notice to all relevant Provincial Authorities and arrangements with them shall be the full responsibility of the contractor and is deemed to be included in the rates tendered.

PS5.9 Blasting operations and requirements.

Blasting will be only be allowed where approved by the employer representative. Blasting to be done by approved blasting contractor and all regulation regarding blasting to be adhered to. A safety plan to be submitted prior to blasting.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PS5.10 Beacons & Pegs

The Contractor's attention is drawn to SABS 1200 A Clause 5.1.2 - Preservation and Replacement of Pegs subject to Land Survey Act - and to the liabilities of the Employer and the Contractor in this regard. The Contractor shall locate and mark all existing pegs for the whole site. Pegs can be encountered all over the site.

The Contractor shall be held responsible for the maintenance of all the cadastral and bench mark pegs on the site that are recorded as existing at the commencement of construction, and for the placement of any pegs that are found to be missing or disturbed upon the completion of the contract.

PS5.11 Surveying

Surveying and setting out of works to be done in conjunction with surveyor of the client. Where the service of the contractor's surveyor is required prior approval to be given by client representative.

PS6 AS-BUILT DRAWINGS

The Contractor shall provide the Engineer with "As Built" drawings if required.

Only figured dimensions shall be used and drawings shall not be scaled unless required by the Engineer. The Engineer will provide the dimensions that may have been omitted from the Drawings.

PS7 SAMPLES

Materials or work that does not conform to the approved samples, submitted in terms of Subclause 26(4) of the General Conditions of Contract, will be rejected. The Engineer reserves the right to submit samples to tests to ensure that the material represented by the sample meets the specification requirements.

PS8 NOTICES, SIGNS, BARRICADES AND ADVERTISEMENTS

Notices, signs and barricades, erected in terms of Clause 31 of the General Conditions of Contract, as well as advertisements may be used only if approved by the Engineer. The Contractor shall be responsible for their supply, erection, maintenance and ultimate removal and shall make provision for this in his tendered rates.

The Engineer has the right to have any sign, notice or advertisement moved to another position or to have it removed from the Site of the Works should it in any way prove to be unsatisfactory, inconvenient or dangerous to the general public.

The standard name-board of the South African Association of Consulting Engineers is specified, the cost of which shall be included in the rates tendered for items PSA 8.3.1 and PSA 8.3.2 of Section 1200 A.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PS 9 WORKMANSHIP AND QUALITY CONTROL

The onus to produce work that conforms in quality and accuracy of detail to the requirements of the Specifications and Drawings rests with the Contractor, and the Contractor shall, at his own expense, institute a quality-control system and provide experienced Engineers, foremen, surveyors, materials technicians, other technicians and technical staff, together with all transport, instruments and equipment to ensure adequate supervision and positive control of the Works at all times.

The cost of supervision and process control, including testing carried out by the Contractor, will be deemed to be included in the rates tendered for the related items of work.

The Contractor's attention is drawn to the provisions of the various Standardised Specifications regarding the minimum frequency of testing that may be required. The Contractor shall, at his own discretion, increase this frequency where necessary to ensure adequate control. Also refer to GCC 2010 Clause 7

On completion and submission of every part of the work to the Engineer for examination, the Contractor shall furnish the Engineer with the results of the relevant tests, measurements and levels to indicate compliance with the Specifications.

PS10 SPOIL MATERIAL & STOCKPILE MATERIAL

No indiscriminate spoiling of material is permitted. Surplus or unsuitable materials shall be spoiled or stockpiled at a site approved by the Engineer. Spoiling shall comply with the applicable statutory and municipal regulations.

Stockpiled material shall be classified and stockpiled on different heaps – for use as bedding, backfill or different road layerworks. Special care shall be taken to stockpile material and the selective use thereafter. On this contract the selection and care shall be deemed to form part of the tendered rate for earthworks.

PS11 TRENCHES

Trenches and excavations shall not be left open at all during the builders' holidays or for a period more than 48 hours at any time. The careful guarding to maintain as is subsoil moisture conditions shall be an integral basis of this contract. If for any reason trenches have to be left open, hard barricading as approved by the Engineer with 24 hours site security must be provided. All of the above is deemed to be included in the rates as tendered.

PS12 TRANSPORT OF MATERIAL

All costs for transporting materials, shall be included in the applicable tendered rates. All references in the Specifications to transport, overhaul and haul distances shall be deleted irrespective of whether or not the deletion is included in these Project Specifications.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PS12.1 Approved Transportation Route for Loaded Material

All costs for transporting materials, shall be included in the applicable tendered rates. All references in the Specifications to transport, overhaul and haul distances shall be deleted irrespective of whether or not the deletion is included in these Project Specifications.

Where public streets are involved, an approved route for the transportation of loaded material shall be followed. On such route:

- a) Loaded or muddy material falling from tucks on public roads or on completed work shall be removed immediately.
- b) Roads shall be continuously broomed off and cleaned where mud tracking/falling debris occurs

PS13 EMPLOYMENT OF LOCAL LABOUR**PS13.1 General**

It is the intention of Mogale City Local Municipality that this Contract should make maximum use of the local labour force that is presently unemployed. Only the Contractor's skilled key personnel may be used on the project. Employment of local labour shall be targeted at the most needy within the beneficiary community, with women and youth forming a proportion appropriate to the nature of the project and the community. All labour must be sourced through the local channels as prescribed by the Councils labour policy.

To this end the Contractor is expected to limit non-local employees to key personnel only and to employ and train local labour on this Contract.

The Contractor shall fill in the required EPWP Labour form: Key Personnel, and state how many non-local key personnel he intends to employ in the various categories.

The numbers stated on the above-mentioned form will be strictly controlled during the Contract period and any increase in numbers is subject to the approval of the Employer.

Payments will not be processed until the monthly EPWP labour report is received by MCLM.

PS13.2 Requirements and activities

Prospective tenderers must take note of the following:

- a) It is required from the Contractor to provide all superintendence, labour, small tools and material for the execution of the works where local labour is involved.
- a) Noise pollution must be kept to the minimum and the work hours will be from Monday to Friday from: 8:00 am to 5:00 pm, and no work will be permitted during public holidays.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

- b) People employed must be trained as far as practically possible for their respective tasks. An amount will be provided in the Schedule of Quantities for Accredited Training.
- a) The following types of activities have been identified as suitable for labour-based construction methods on this project:

Repair/ improvements / replacement and supply and laying of:

- Asphalt base and surfacing.
- Treatment of bituminous road surfaces exhibiting certain defects: Slurry seals & Micro surfacing, etc.
- Single Seals
- Patching (pothole repairs, etc)
- Road layer construction.

PS13.3 Wages

The following minimum labour rates must be used as set by Mogale City Local Municipality:

- | | |
|--------------------------|--|
| 1. Unskilled labourer | - R 186.00 / person / day |
| 2. Semi-skilled labourer | - R 256.00 / person / day |
| 3. Skilled labourer | - R 328.00 / person / day |
| 4. CLO | - R 6,160.00 / month cell phone allowance included |

Labour outside the EPWP is subject to prescriptive of the SAFCEC TARIFFS. It is the Tenderer's responsibility to verify the latest labour rates and any anticipated cost increases.

It will be expected from the Tenderers to give a detailed breakdown/explanation of the basis on which labour-based rates have been calculated. This is necessary to enable the Client to make the necessary "rate-adjustments" should minimum wages be changed, via Government legislation, during the course of this Tender.

No payment will be made if work scheduled for labour-intensive methods are done by machines, without prior approval by the Engineer.

Where skills training is provided, provision shall be made at the agreed task rate for time spent on training, both on and off site. No claim whatsoever will be considered for unsatisfactory production of local labourers.

The contractor is required to keep detailed records of employment for each task-based worker and experience of each work will be entered into a log book.

Payment of the CLO on a monthly basis will be done by the Contractor for the full duration of the contract.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PS13.4 Liaison with local communities

The Contractor is to liaise with the local community with regard to local labour to be employed. Mogale City Local Municipality will advise on procedures to be followed.

PS13.5 Skills Related Training

Details of the Accredited Training already provided under the auspices of the Mogale City Municipality can be provided to allow selection of suitable candidates.

PS13.6 Utilization of workers

- a) The Contractor shall, in so far as it is reasonably feasible taking due cognisance of the nature of the works to be executed at any given time, utilise trained workers on those aspects of the works for which they have been trained.

PS13.7 Labour-based Schedules

The following guidelines are available to the prospective tenderers from the Department of Public works:

- Broad Guidelines for the Selection Criteria for Employment
- Guidelines for Task Based Payment Services and Conditions of Employment

The above guidelines are all contained in “the Framework Agreement for Public Works Project Using Labour Intensive Construction Systems.”

The contractor can also obtain a copy of SANS 1921: 2004 Sections 2,3 & 5 from SABS.

PS14 REFERENCES IN SCHEDULE OF QUANTITIES

The tenderer must check that the payment references in the Schedule of Quantities correspond with the description of the item concerned and the work required and also take into account the relevant clauses in the Project Specifications, Conditions of Tender, etc. with special references to Labour Intensive (LI) method of execution required.

PS14.1 Use of mechanical plant

The Contractor shall be deemed to have established before tendering the extent to which mechanical plant can be used on the Contract.

Authority to use mechanical plant will not be unreasonably withheld but if it is considered that circumstances are such that the use of plant shall be suspended temporarily or permanently, the relevant construction procedure shall be modified at the Constructor's cost and the Contractor shall be deemed to have no cause for claim against MOGALE CITY LOCAL MUNICIPALITY on account of having to

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

continue the work by another method or if any order issued in terms of this Clause results in the mechanical plant having to stand idle for any period or having to be removed.

Where, due to proximity or any danger to existing structures or services, it is considered advisable to excavate by hand methods; it shall be deemed reasonable for the purpose of this Clause for authority to use mechanical plant to be withheld.

PS15. **RATES ALL INCLUSIVE**

The tendered rates must allow for all direct and indirect costs required for the provision and/or instruction of the items as listed in the Schedule of Quantities as no additional payments will be considered.

PS15.1 **Payment for day works labour**

Where payment for skilled or semi-skilled labour is claimed under day work items proof of such skills shall be submitted.

PS16. **ESCALATION**

Contract Price Adjustment Schedule (SAFCEC) MCLM coefficients for calculating Contract Price Adjustment Factor: (Refer to Contract Data)

$$x = 0,10$$

(General Engineering Works Routine)

$$aLt \text{ (Labour)} = 0,35 \quad bPt \text{ (Plant)} = 0,05$$

$$cMt \text{ (Material)} = 0,55 \quad dFt \text{ (Fuel)} = 0,05$$

(Civil Engineering as per SEIFSA indices)

PS17 **ACCOMMODATION OF TRAFFIC**

The Contractor must allow for the accommodation of traffic under the items allowed for in the Schedule of Quantities. These rates to allow for any temporarily bridges, safety measures at excavations, traffic signs as required by the Safety Regulations, etc. (Rates will be inclusive of traffic accommodation)

PS18 **EARTHWORKS**

The Contractor must allow for the control of flow of traffic where road earthworks are done. Material placed on a road must be levelled and compacted the same day to allow unhindered flow of traffic. No heaps of material may be left on the road after normal working hours.

PS19 **OCCUPATIONAL HEALTH & SAFETY ACT**

The Employer and Contractor hereby agree, in terms of the provisions of Section 37(2) of the Occupational Health and Safety Act No.85 of 1993, hereinafter referred to as "the Act", that the contractor as an employer in its own right and in its capacity as contractor for the execution of the works, shall have certain obligations

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

and that the following arrangement shall apply between them to ensure compliance by the contractor with provisions of the Act, namely:

1. The contractor undertakes to acquaint the appropriate officials and the employees of the contractor with all relevant provisions of the Act, and the regulation promulgated in terms of the Act, and
2. The contractor undertakes that all relevant duties, obligations and prohibitions imposed in terms of the Act and regulations will be fully complied with, and
3. The contractor hereby accepts sole responsibility for such due compliance with the relevant duties, obligations and prohibitions imposed by the Act and regulations and expressly absolves the employer and the employer's consulting engineers from being obliged to comply with any of the aforesaid duties, obligations and prohibitions in respect of the work included in the contract.

The contractor shall be obliged to report forthwith to the employer any investigation, complaint or criminal charge which may arise as a consequence of the provisions of the Act and regulations pursuant to work performed on behalf of the employer, and shall, on written demand, provide full details in writing of such investigation, complaint or criminal charges.

A checklist of all Health & Safety Activities that may be required on site is included. The Tenderer is expected to implement all of the requirements as listed. Allowance is made in the P&G's Section of the Schedule of Quantities (fixed and time related) to price all of the required safety measures to be executed and formalized on site.

The Contractor shall complete the "Agreement Form B1." included in Part 4 of the Contract and therein designate in writing the name of the responsible person required in terms of the General Safety Regulations R11 sub clause 1.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PS20 APPLICABLE STANDARDISED SPECIFICATIONS & REGULATIONS

For the purposes of this Contract, the following shall apply:

- SABS 1200 Standardized Specifications for Civil Engineering Construction
- COLTO Standard Specifications for Road and Bridge Works for State Road Authorities.
- Sabita Manual 6,28,40

All specifications for work not covered by the SABS 1200 Standardised Specifications are also bound in Portion 3 of the Project Specifications:

The following Labour-Intensive Specifications will be applicable:

SANS 1921-1 - 2004 : General Engineering and Construction Works
SANS 1921-5 - 2004 : Earthwork Activities to be performed by hand

REGULATIONS

The Contractor shall conform in all respects to the requirements contained in regulations by higher authorities. Such regulations shall include inter alia:

- 01) National Building Regulations.
- 02) Code of Practice for the Wiring of Premises, SABS 0142-1981 as amended.
- 03) The Mines and Works Regulations, Government Notice Number R1609 of 1962-09-28, as amended.
- 04) The Occupational, Health and Safety Act 85/93, as amended.
- 05) The local Municipal By-laws and Regulations as well as the regulations of the local Supply Authority.
- 06) The local Fire Regulations.
- 07) The regulations of Telkom.
- 08) The regulations of the local Gas Board where applicable.
- 09) The standard regulations of any Government Department or public service company where applicable.
- 10) The Regulations of Rand Water.
- 11) The Regulations of Eskom
- 12) Department of public works: Guide lines for the implementation of labour intensive infrastructure project
- 13) The NHBRC (*National Home Builders Registration Council*) Building code: Volume 1, 2 & 3.

The Contractor shall pay and indemnify the Employer against any fees or charges by law and shall keep the Employer and the Engineer indemnified against all penalties and liabilities of any kind for breach by the Contractor or any of the conditions due by law, except insofar as amended or specifically allowed by the Engineer.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PS21 STATUS

In event of disputes and/or discrepancies the different documentation will have the following status in order or precedence:

- i) contract agreement;
- ii) form of tender and appendix to form of tender;
- iii) special conditions of tender;
- iv) project specification;
- v) general conditions of tender;
- vi) particular specifications;
- vii) schedule of quantity and summary;
- viii) statutory regulations;
- ix) standard SABS specifications;
- x) any other standard specification

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PART 2 : PROJECT SPECIFICATION

C3.4.2 PART 2

VARIATIONS AND ADDITIONS TO THE STANDARDISED SPECIFICATIONS FOR THIS CONTRACT, AND PARTICULAR SPECIFICATIONS

The following variations and additions to the COLTO Specifications referred to in the last clause of Portion 1 apply to this Contract.

SECTION 1100: DEFINITIONS AND TERMS

B1115 GENERAL CONDITIONS OF CONTRACT

Replace Clause 1115 with the following:

The General Conditions applicable to this Contract are the General Conditions of Contract for Construction Works, 2015, Third Edition, (GCC 2015)

The General Conditions applicable to this Contract are the General Conditions of Contract for Construction Works, 2015, Third Edition, (GCC 2015).

Accordingly, all reference in the Standard Specifications to any other General Conditions of Contract (GCC) has to be amended. The Standard Specifications have been scrutinized and clauses, which refer to another GCC, identified. These are tabulated below together with the relevant equivalent clause in the GCC 2015 Conditions of Contract. The context of the reference to the GCC is also noted.

Whereas every effort has been made to include all of the affected clauses in the table, there may be some omissions. In every case, however, the GCC 2015 Conditions of Contract for Construction, as amended by the Special Conditions in Section C1.2 of this Volume, shall apply and the contractor shall be responsible for interpretation of the equivalent clause.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2

1303 (iii)	1300-1		Not applicable to this contract		Not applicable to this contract

SECTION 1300: GENERAL REQUIREMENTS AND PROVISIONS

**B1303 PAYMENT
ADD THE FOLLOWING:**

With the bulk of the works being done on an as-and-when required basis, a maximum allowance for General obligations will be 12% per works order received as indicated in the Bill of Quantities under item 1300.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

SECTION 1500: ACCOMMODATION OF TRAFFIC**B1517 MEASUREMENT AND PAYMENT**

Add the following payment items:

The Contractor's obligation under this Section 1500 shall be measured for payment according to the traffic accommodation along the route/road where the traffic is handled.

Primary (P)	–	Multi Lanes
Secondary (S)	–	Single Lane
Secondary (S)	–	Multi Lane
Main Tertiary (T)	–	Single Lane
Tertiary (t)	–	Single Lane

The bulk of the works to be performed will be on residential streets, with lower traffic speeds and volumes, compared to highways, thus requiring less stringent measures related to traffic control.

For single lane roads traffic accommodation will only be applicable once, for instance where works are carried out in half widths, the Contractor will only be permitted to claim once off for the traffic accommodation over the length of road and not for recurring visits to complete the other remaining half width.

For Primary and Secondary Multi Lane roads the Contractor traffic accommodation will be applicable twice, for instance once, where the North bound lane is done and again when the South Bound lane is done.

Item	Unit
B15.01 Accommodating traffic and maintaining temporary Deviations along the following routes/roads	
(a) Primary (P) – Multi Lanes	Km
(b) Secondary (S) – Multi/ Single Lanes	Km
(c) Main Tertiary (T) – Single Lane	Km
(d) Tertiary (t) – Single Lane	Km

SECTION 1600: OVERHAUL**B1601 SCOPE**

Add the following to Clause 1601:

“No overhaul will be paid to the contractor for transporting any materials whatsoever, whether obtained from commercial sources, designated borrow areas or any other source of material. No overhaul will be paid for any spoil material to stockpiled areas selected by the Employer when so directed by the Engineer.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

The cost of transporting all such materials must be included in the relevant payment items for work involved, notwithstanding anything to the contrary in any other payment item."

SECTION B1800: DAYWORKS

Add the following section to the standard specifications:

Section B1800: Dayworks

Contents

B1801	Scope
B1802	General Requirements
B1803	Measurement and payment

B1801 SCOPE

This section covers the listing of daywork items in accordance with the General Conditions of Contract clause 6.5, for the use in determining payment for work which cannot be qualified in specific units in the schedule of quantities, or work ordered by the engineer during the construction period which was not foreseen at tender stage and for which no applicable rate exists in the schedule of quantities. Prescribed Labour Rates will also form part of dayworks.

B1802 GENERAL REQUIREMENTS

Work will be classified as day work only if the Engineer considers no other rate in the Bill of Quantities appropriate for payment purposes.

An instruction regarding all work to be carried out under daywork in terms of Clause 6.5 of the General Conditions of Contract will be issued at the discretion of the Engineer. Some or all of the items priced under daywork in the Bill of Quantities may possibly not be required for this Contract.

The Contractor and the Engineer will agree on the method of recording the working hours prior to the commencement of the work. Any long period of idling at any one time which in the opinion of the Engineer or his representative is beyond that required for normal operating conditions will not be paid for as working time. Non-working hours for any reason shall not be measured for payment.

SECTION B1900: CONSTRUCTION PLANT, EQUIPMENT AND METHODS

Add the following section to the standard specifications:

Section B1900: Construction Plant, Equipment and method

Contents

B1901	Scope
B1902	General Requirements
B1903	Measurement and payment

B1801 SCOPE

This section covers the Construction Plant, Equipment and methods to be used for the placing of materials and repair works in accordance with the General Conditions of Contract clause 7.2 & 4.9.1.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

B1902 GENERAL REQUIREMENTS

For Preparatory works and materials to be placed on the road surface, suitable Construction Plant and Equipment as indicated below are to be used:

Asphalt Surfacing / overlays:

Asphalt Paver; 1 Ton Smooth Drum Vibratory Roller, Rubber Wheel rollers, Mechanical brooms

Prime Spay

Single Seals:

Chip Spreader, Rubber wheel roller, Mechanical brooms, Spray truck/ tanker for tack coat

Slurry Surfacing:

Slurry truck, capable of storing and mixing the crusher sand/dust, emulsions and additives internally, before applying the Slurry mixture onto the road surface with a box/ bar to the required thicknesses. A Concrete mixer may not be used as alternative. The box/spray bar must be adjustable to a maximum width of 3,7m.

Smaller areas (bellmouths) , etc can be completed by hand.

Patching:

Compressors, wackers/rammers, jack hammers and breakers are to be used for the excavation and preparatory works.

B1903 MEASUREMENT AND PAYMENT

NO ADDITIONAL PAY ITEMS, OTHER THAN SPECIFIED IN THE BILL OF QUANTITIES FOR THE PLACING OF MATERIALS WILL BE APPLICABLE AS PER CLAUSE COLTO, CLAUSE 1209 (C)(II). NO ADDITIONAL PAY ITEMS, OTHER THAN SPECIFIED IN THE BILL OF QUANTITIES FOR CONSTRUCTION PLANT WILL BE APPLICABLE.

SECTION 4200: ASPHALT BASE AND SURFACING

B4201 SCOPE

Add the following:

“The asphalt surfacing mix to be constructed on this project shall either be:

- A medium continuously graded asphalt with a penetration grade binder or.
- A Semi-gap grade asphalt – Type AP1 or similar as per typical design included under item B4203 below.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

B4202 MATERIALS

(a) Bituminous binders

(h) Conventional binders

Add the following:

“The bitumen used in the asphalt surfacing shall be a 40/50 penetration road grade bitumen.

The base bitumen shall comply with SABS 307 – 1972 Amendment 6, 2002.

The contractor shall obtain approval regarding the supplier of asphalt before any work is executed (or orders placed). The contractor will have the Asphalt tested for minimum requirements.

(b) Aggregates

Add the following paragraph after the introductory paragraph:

“The use of run of crusher type materials shall not be permitted. Asphalt mixes shall be manufactured using individual single-size coarse aggregates fractions and crushed fine aggregates blended to conform to the specified grading requirements.”

(v) Absorption

Add the following:

“When tested in accordance with TMH1 method C4 the total binder absorption of the combined coarse and fine aggregate blend shall not exceed 0,5%.”

(vi) Sand equivalent

Add the following:

“No natural sand may be used in asphalt mixes without the written permission of the Engineer. The natural sand shall then comply with the requirements of SABS 1083 and Section 4202(b) of the Standard Specifications and shall have minimum sand equivalent value of 50 when tested in accordance with TMH 1 method B19. If permitted by the engineer, the permissible quantity of natural sand shall not exceed 5% by mass of the combined aggregate in the approved working mix. The Contractor shall submit full details regarding the exact quantity and quality of the natural sand he proposes to use in the asphalt mix which the engineer will then consider.”

(viii) Grading

Add the following paragraphs:

“The grading limits for the combined aggregate grading for the asphalt surfacing shall be as specified in table 4204/7: Continuously graded – medium graded.”

In addition to the specified grading limits, the percentage, by mass, of aggregate smaller than 0,005mm, determined in accordance with THM 1 Method A6, shall be less than 1,0% of the combined aggregates excluding the active filler added.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

The engineer may request a reconsideration of blends to achieve any grading within the relevant envelope in order to improve certain properties.

(c) Fillers

Add the following after the last paragraph:

"The contractor will be required to add 1% by mass active filler in the form of hydrated lime."

(h) General

Add the following after the second paragraph:

"Aggregates used in the approved production mix shall only be taken from stockpiles that are sufficient in size for the production of a minimum of two days work and shall have been tested for conformance and uniformity. The test results shall be presented to the engineer.

The stockpiles shall be covered with plastic sheeting in order to keep the material dry in the event of rain."

B4203: COMPOSITION OF ASPHALT BASE AND SURFACING MIXTURES

In the first paragraph, third last line, after "or active filler", add "or aggregate content"

Add the following after the first paragraph:

"The Contractor shall allow sufficient time in his programme for testing by external laboratories. The approval of the proposed mix design from the source shall be agreed with the engineer. The contractor shall only order asphalt once the mix design has been approved".

Delete the fifth paragraph and replace with the following:

"The design of the asphalt mix shall be tested in accordance with "Interim Guidelines for the Design of Hot Mix Asphalt in South Africa (June 2001)", and appropriate research developments.

The engineer shall make a final selection of binder content based on the results and the compatibility of the mix for its application in the works.

The Contractor shall include the cost of the specified approval process in the price of the asphalt. The cost of testing shall be included in the different rehabilitation measures.

The Contractor shall also allow for the approval process in his construction programme."

(a) Asphalt base and surfacing layers

The relevant asphalt mixes for the base and surfacing layers shall satisfy the requirements in table B4203/1.

For the Continuous graded asphalt – Type AP1, a typical design specification has been provided on the next page.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2

B4204: PLANT AND EQUIPMENT**(a) General**

Add the following paragraph:

"Plant and vehicles used at the paving site shall be free from oil, fuel and hydraulic fluid leaks. Any items of plant or vehicle showing signs of these leaks shall immediately be removed from the site."

(b) Mixing plant**(i) Conventional binders**

Add the following paragraph below the sixth paragraph:

"For drum type mixers, the active filler shall not be added in the cold-feed line of the mixer but a separate feeding pipe shall be installed for feeding the required percentage of lime into the mix at the same position where the binder is fed into the mix."

B4205: GENERAL LIMITATIONS AND REQUIREMENTS AND THE STOCKPILING OF MIXED MATERIAL:**(a) Weather conditions**

Add the following:

"No paving shall be carried out under unstable weather conditions. Should rain or cold weather threaten, all exposed areas shall immediately be reinstated with asphalt and milling operations shall cease."

(c) Surface requirements**(iii) Tack coat**

Add the following:

"A tack coat shall in all instances be applied to the surface to be paved, including all vertical cut edges. The tack coat shall be 30% cationic spray grade bitumen emulsion applied at 0,4 l/m², or as directed by the engineer. The tack coat may not be applied to the excavated area more than four hours before the asphalt is placed.

Hand spraying shall only be allowed on areas approved by the engineer. Efficient spray equipment, capable of spraying an even layer of emulsion covering the whole area to the specified rate, shall be used."

B4206: PRODUCING AND TRANSPORTING THE MIXTURE**(c) Transporting the mixture**

Add the following:

"Special precautions shall be taken by the contractor to ensure that segregation does not occur. Visual inspection will be carried out by the engineer and his staff. Segregated mixes will under no circumstances be accepted by the engineer. Effective steps shall be taken by the contractor to prevent segregation. Trucks with segregated asphalt mixes shall be rejected by the engineer.

Special precautions shall be taken by the contractor to ensure that the temperature of the total mass of asphalt does not decrease by more than 10°C from point of dispatch to the point where it is to be paved. The use of thermal blankets to cover the asphalt is obligatory."

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

B4210: COMPACTION

Add the following to the 4th paragraph:

“An appropriate rolling temperature range will be determined by the contractor and will be submitted to the engineer for approval. This range shall be applied as specification during the contract.”

In the 6th paragraph replace “97 per cent, minus the percentage voids in the approved mix, “ with “94 per cent.”

B4213: CONSTRUCTION TOLERANCES AND FINISH REQUIREMENTS:**(a) Binder content**

Delete the words “clause 8206 or clause 8305” in the third line and Substitute with “clause B8305”.

B4214: QUALITY OF MATERIALS AND WORKMANSHIP**(a) Routine inspection and tests**

Replace the second paragraph with:

“Test results and measurements will be assessed in accordance with the provisions of Section 8200 as specified in the project specifications.”

Add the following sub-clause:

“(d) Process control by the contractor

The Contractor shall keep accurate records and submit the following information to the engineer on a daily basis:

- (a) Where every truckload of asphalt is laid (position, lane, time and date).
- (b) The truck number from which control samples have been taken. All samples taken from trucks shall be numbered.
- (c) The temperature of the asphalt in the truck both at the mixing plant and at the paving equipment.”

B4215: MEASUREMENT AND PAYMENT**Item****Unit****B42.04: Tack coat of 30% stable-grade emulsion:**

Litre (l)

Add the pay item as follows:

“The tendered rate and unit of measurement shall mutadi mutandis be applicable for the application of a tack coat by means of hand sprayers on written approval by the engineer only.”

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

Item	Unit
“B42.08 100mm cores in asphalt paving	Number (No)
<i>Amend the 1st sentence by adding the following after the word “drilled.”</i>	
“irrespective of depth of core.”	
	Number (No)
For resurfacing of existing road surfaces and new roads construction, items B42.01 & B42.02 will apply.	
B42.01 Asphalt base, 4,5 % Bitumen, 35/50 Pen Bitumen).	Ton (t)
(a) Continuously graded, max 26,5mm aggregate	
B42.02 Asphalt Surfacing (medium),	
(a) Continuously graded max 13,2mm aggregate (medium grade) 5,0%, 50/70 Pen Bitumen)	Ton (t)
(d) Continous graded (Type AP-1, TRH 8 , max.19mm aggregate)	Ton (t)
For patching repairs to existing road surfaces, item B42.11 will apply.	
B42.11 Asphalt constructed for rehabilitation purposes in accordance with the provisions of sub-subclause 4213 (f)(ii)	
(a) Base constructed with new asphalt using a 35/50 Pen Bitumen,4,5% bitumen:	
(i) Continuously graded – BTB, max 26,5mm aggregate:	
(i) to various depths	ton (t))
(b) Surfacing constructed with new asphalt using a 50/70 Pen Bitumen,5% Bitumen:	
(i) Continuously graded – medium, max 13,2mm aggregate:	
(i) Max 60mm thickness	ton (t))

After the first paragraph add the following:

“The unit of measure for sub item (a) shall be the ton or square meter of asphalt overlay placed to the thickness specified and measured according to certified weighbridge tickets issued in respect of the mixture used. (Including temporary wedges to longitudinal and transverse joints). No payment shall be made for excess width and wastage of asphalt, and the mass of such excess or wasted material shall be deducted from the recorded delivery for payment purposes. No payment shall be made for asphalt in excess of the mean spread rate(s), which shall be determined on a daily basis as follows:

$$S = \frac{1000}{A \cdot B} \text{ m}^3 / \text{ton}$$

Where:

S	=	Mean spread rate in m ² /ton
A	=	Average bulk relative density achieved on the road in ton/m ³
B	=	(specified asphalt thickness in mm) + 5mm”

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

Add the following to the 3rd paragraph.

“The tendered rate shall also include full compensation for joint forming, temporary ramping of construction joints between paving operations when new work is opened to traffic (including ramping material), breaking up and disposal of temporary ramps and waste material, weighing the material on the specified weighbridge and cleaning the surface”.

SECTION 4400: SINGLE SEALS

B4402 MATERIALS

The nominal rate of application per table 4403/2 is amended to read 1,8L/m²

B44.02 BITUMEN BINDER VARIATIONS

The tenderer shall specify.

SECTION 4800: TREATMENT OF AN EXISTING SURFACE EXHIBITING CERTAIN DEFECTS

B4802(iv) MATERIALS

Add the following paragraphs:

Treatment with diluted bitumen emulsion (fog spray). Emulsion to comply with SANS 4001: B3 Specification for Anionic and Cationic bitumen road emulsions, with the Quality Certificate supplied from the refinery where the binder is to be sourced attached, with a Bitumen content of 30 – 60%, as per the order received.

B4802 (vi) MATERIALS

Add the following paragraphs:

The grade of binder for the slurry seal shall be identified and no tenderer shall deviate from the mix offered. Slurry overlays shall consist of a slurry compound which can be laid as a levelling course and/ or a wearing course on an existing bituminised surface without any tack coat being applied.

Cationic Bituminous emulsion only to be used for fogspray, when using a spray tanker.

Anionic Bituminous emulsion to be used for fogsprays, when using local labour to apply the product ,using a motorized bitumen emulsion sprayer.

B4804 CONSTRUCTION

Add the following paragraphs:

When using a spray tanker, the nominal rate of application top be between 0,6 to 0,8 Litre/m² as specified by the Engineer.

48.03 SLURRY SEALS (EXCLUDING RAPID SET SLURRY, ITEM 48.14),

Slurry seals shall be applied with a spreader box or by hand and can be mixed in a suitable concrete mixer. The aggregate shall consist of approved crusher stone and shall comply with the following Requirements with regards to grading for a **Fine Coarse grade and Coarse, type 2 Slurry** as per table 4302/11 below.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

RAPID - SET SLURRY, ITEM 48.14

- Each layer shall be capable of carrying traffic within 1 hour of laying.
- The slurry system shall be a process whereby a rubber modified bitumen emulsion as per the tables below with Rapid set characteristics, is combined with high quality aggregate pre-approved source in a purpose designed machine which applies a continuous cold mix.
- The Rubber Modified Cationic Emulsion Blend shall comply with the tables below and T-G1 2020 addition of AC-E1.
- The aggregate shall consist of approved crusher stone and shall comply with the requirements with regards to grading Type II below.
- Also refer to applicable tables as per Sabita Manual 40 below.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2

MIX design

The mix design is to be supplied by the Contractor containing the following minimum information but not limited to: aggregate source, water source, cement, curing time, mixing time 90 – 120 seconds, marshal voids, wet track abrasion, grading, loose bulk density, sand equivalency, methylene blue, binder content,

Prices tendered are to be based on above proportions with variations as necessary on emulsion and cement.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

B4804 MATERIALS

Add the following paragraphs:

Only Bitumen Rubber sealant may be used as specified in the Bill of Quantities

The rubber must meet the requirements as specified in Sabita Manual 4. Bitumen (80/100) must meet the requirements as specified in SABS 307. The bitumen rubber mixture must meet the requirements as specified in Sabita Manual 6 with rubber content 18 to 24%.

B4804 CONSTRUCTION

Add the following paragraphs:

Cracks shall first be blown clean with compressed air (750 kPa) and all foreign and loose matter shall be removed from cracks.

Bitumen rubber at approximately 185 OC must be injected into the cracks by means of hand-operated lance. Immediately after the cracks have been sealed, a scraper is to follow to remove all excess material.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

SECTION 5600: ROAD SIGNS**B5700 ROAD MARKINGS****B5701 SCOPE / GENERAL REQUIREMENTS****1.1 DELIVERY AND RESOURCE REQUIREMENTS**

- The Contractor shall provide a minimum of 1 (one) fully equipped team to complete work orders. Each team shall be capable of applying the equivalent of 1,5 km of 100mm wide lines or 15m² of symbols per day.
- Each team shall be fully equipped with the necessary equipment (mechanical road painting machine and all additional hand operated equipment necessary for completing the work), generator, tools, camera, cellular phone, the South African Road Traffic Signs Manual (SARTSM), and all other incidentals necessary for the completion of the work.
- All records complete with photographs shall be handed in at the MCLM Depot within 1 (one) week after completion.
- All work orders to be completed within the period agreed on reception of the order.

1.2 CONTRACTORS GENERAL RESPONSIBILITIES

- The Contractor shall with due care and diligence execute and complete the works and remedy any defects therein in accordance with the provisions of the Contract.
- The Contractor shall take all reasonable measures to limit disruption to traffic as far as possible. He shall particularly programme his activities so as to minimise his time of occupation or disruption to traffic.
- Unless otherwise stated, the Contractor shall at his own expense supply and provide all the superintendence, plant (mechanical road painting machine and all additional hand operated equipment necessary), tools, machinery, labour, consumables and facilities required, safety equipment, transport to and from the sites and anything else required for the completion of the works.
- It will be the Contractor's responsibility to liaise with the relevant departments of the MCLM to ascertain the correct positions of stop lines, pedestrian crossings, etc, in order that road markings are applied correctly.
- The Contractor must engage and give preference to local labour in the provision of services and engineering works required for the fulfilment of the Contract.
- The Contractor shall ensure that all his staff maintain cordial approaches, attitude and behaviour to all members of the public.
- Notwithstanding anything previously stated, all works, repairs, connections, etc shall comply with the appropriate Standard Regulations current in the Republic, the local By-Laws at the time of installation and the Traffic Ordinance.

1.3 CONTRACTORS RESPONSIBILITIES RELATED TO COMMUNICATION AND REPORTING PROCEDURES

- The Contractor shall supply the MCLM Project Manager with daily timesheets of work completed. Timesheets will be supplied by the MCLM and an example can be obtained from the MCLM if required by the Bidder.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

- The following procedures should take place **before** any project is undertaken by the Contractor:
 - (i) MCLM Project Manager will place an official written order with the Contractor.
 - (ii) The Contractor should identify the appropriate materials and quantities to be supplied and issued by the MCLM and must have it approved by the MCLM Project Manager.
 - (iii) Photographs should be taken of each section of road in at least two directions to confirm the condition of the road prior to commencement of work.
 - (iv) Work order placed with Contractors will be confirmed by the MCLM and scope of work agreed.
 - (v) Contractor and MCLM Project Manager to agree time scales for each project / installation.
 - (vi) Contractor and MCLM Project Manager to agree action-dated deadlines for each project or installation.

After completion of the work the following procedures / inspections should take place:

- (i) Photographs should be taken of the road markings in the same positions as the before photographs. The photograph shall be of a high quality clear with focus showing the road markings along the route and at intersections, in particular. The photograph shall indicate the date of the application by means of an electronic type date imprinted on the photograph.
 - (ii) In the case of new road markings and/or where specified by the MCLM Project Manager, the Contractors shall first apply pre-markings in accordance with the specifications. These premarkings shall be approved by the MCLM Project Manager prior to any painting operations being commenced.
 - (iii) The Contractor shall supply the MCLM Project Manager a breakdown of materials used as well as daily timesheets of work completed. All quantities claimed and calculations to be fully computerised for each project.
 - (iv) Once the MCLM Quality Assurer is satisfied that the work has been completed in accordance with the MCLM requirements and specifications, the Quality Assurer will issue a final acceptance and approve the hand-over of the installation to the MCLM.
 - (v) The MCLM will perform quality control by means of regular on-site spot checks. The MCLM Project Manager will at any time perform random tests of the application rate and quality of the paint being used.
 - (vi) The Contractor shall issue an invoice for the project within one week of project sign off.
- Where these communication / reporting procedures are not being adhered to or if the Contractor fails to meet the agreed deadlines on any project, without due notice and reasonable cause for the delay, the MCLM Project Manager may terminate the contract and work will be continued by an alternative contractor or the MCLM and no compensation will be made for work to date on that project.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

1.4 CONTRACTORS RESPONSIBILITIES RELATED TO SAFETY

- The Contractor shall at all times observe adequate safety precautions to ensure the safety of the public as well as of his own staff and other persons engaged in or about the Works during the entire period of the Contract. In this respect he shall observe all laws, ordinances and regulations pertaining to his work. The site must be kept in an orderly state appropriated to the avoidance of danger to such persons at all times.
- As the work will be performed mainly in residential areas, the work site must be kept clean and must be cleared on a daily basis.
- The Contractor must at all times bear in mind the requirements of road and pavement users and must cause as little inconvenience and obstruction as possible. Access for the public shall be limited or restricted for as short a period as is reasonably possible.
- When work is carried out within a road reserve, the road surfaces not affected by the work and which remain open to traffic, shall be kept clean and safe at all times.
- The Contractor shall ensure that all relevant duties, obligations and prohibitions imposed in terms of the Occupational Health and Safety Act, 1993 (Act 85 of 1993), and Regulations will be fully complied with at all times. A written agreement in accordance with the Occupational Health and Safety Act must be entered into on award of Bid.
- All reasonable precautions shall be taken to protect workmen against falling material and/or objects and other dangers whilst they are carrying out their duties.
- The Contractor shall provide a properly equipped first-aid box, which shall be accessible at all times.
- The Contractor shall display in a prominent position the telephone numbers of the local police, the ambulance, the fire brigade and the nearest doctor for use in case of an emergency.
- No worker of the Contractor shall be allowed to do any work in the road reserve without a clean bright orange overall, high visibility pull over, waste coat, jacket or other approved clothing with strips of retro-reflective material and all other safety equipment necessary.
- Where adequate safety precautions are not being observed, the MCLM Project Manager may order the Contractor to comply with minimum safety requirements at the latter's expense. Compliance with such order will not absolve the Contractor from any of his responsibilities and obligations under the Contract. At the discretion of the MCLM Project Manager, he may order the Contractor to move off-site or and work will be continued by another contractor or MCLM and no compensation will be made for work to date on that project.

1.5 CLIENTS RESPONSIBILITIES

- Furnish the contractor with written instructions, drawings, documentation etc indicating the project site and the nature and extent of work to be performed as required. Where a Consultant has been appointed this will form part of their responsibility.
- Specify the locations and details of the road markings to be applied by the Contractor.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

B5702 MATERIALS**1.1 Introduction**

Road markings will be applied using standard road-marking paint and/or any approved alternative materials or products offered by the Bidder.

1.2 Standard road-marking paint

Standard road-marking paint complying with SANS 731 shall be provided by the contractor. **The paint may not be thinned down by the Contractor.**

1.3 Colour

The colours to be used shall be bright white, or red. The colour of the red road marking materials shall be as specified in SANS 731-1.

B5703 WEATHER LIMITATIONS

Road marking paint shall not be applied to a damp surface or at temperatures lower than 10°C, or when, in the opinion of the MCLM Quality Assurer, the wind strength is such that it may adversely affect the painting operations.

B5704 MECHANICAL EQUIPMENT FOR PAINTING

The equipment shall consist of an apparatus for cleaning the surfaces, a mechanical road marking machine and all additional hand-operated equipment necessary for completing the work.

The machine shall be so designed that it will be capable of painting the road markings everywhere to uniform width with sides within the tolerances specified, without the paint running or splashing.

The machine shall further be capable of painting lines of different widths by adjusting the spray jets on the means or by means of additional equipment attached to the machine.

The machine shall be equipped with a device that will enable the driver to follow a target on the roadway or to follow previously placed lines. The machine shall be capable of adjusting the spacing of dotted lines in such a way that existing road markings can be reinstated.

The machine shall be capable of spraying at a speed of not less than 5,0 km/h and shall be provided with clearly visible warning flashing lights which shall always be in operation when the machine is on the road.

The mechanical road marking machine shall be capable of applying two types of retro-reflective beads as the MCLM will supply Contractors with wet and dry beads.

B5705 SURFACE PREPARATION

Before any paint is applied, the road surface shall be clean and dry and completely free from any soil, grease, oil, acid or any other material which will be detrimental to the bond between the paint and the road surface. The surface where the road-marking materials is to be applied shall be properly cleaned by means of watering, brooming or compressed air if required.

Traffic markings shall be applied to new bituminous surfaces only after sufficient time has elapsed to ensure damage will not be caused to the painted surface by volatiles evaporating from the road surface.

Where road markings are to be applied to a concrete pavement, an armour coat based primer or similar approved by the MCLM shall be applied before any road markings are applied. The primer shall be provided by the Contractor and the rates provided in the Schedule of rates shall make allowance for this. Particular care shall be taken to ensure the surface shall be clean.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

Thermoplastic road marking material must be applied to a dry road surface, with no surface dampness, dew or subsurface wetness to ensure good adhesion. The ambient temperature shall be above 10°C or the temperature recommended by the Manufacturer.

B5706 SETTING OUT THE ROAD MARKINGS

The dimensions and positions of road markings required by the MCLM shall be shown on the drawings provided by the MCLM and shall be in accordance with SARTSM.

In the case of new road markings, the lines, symbols, figures or marks shall be premarked by means of paint spots of the same colour as that of final lines and marks. These points shall be at such intervals as will ensure that the traffic markings can be applied, and in no case shall they be more than 1,5 m apart. Normally spots of approximately 10mm in diameter should be sufficient.

After premarking the positions of the proposed road markings such as broken lines and the starting and finishing points of barrier lines shall be indicated on the road. These premarkings shall be approved by the MCLM Project Manager prior to any painting operations being commenced.

The positions and outlines of special markings shall be produced on the road surface in chalk and shall be approved by the MCLM Project Manager before they are fixed in position.

B5707 APPLYING THE PAINT

The figures, letters, signs, symbols, broken or unbroken lines or other markings shall be painted in accordance with the instructions of the MCLM Project Manager and SARTSM.

Where the paint is applied by machine, it shall be applied in one layer. The Contractor shall ensure the satisfactory operation of the road-marking machine before the machine is used on the actual road surface. It shall be tested on a suitable site which is not part of the roadway. Adjustments to the machine shall be followed by further testing. Only when the machine has been correctly adjusted and its use has been approved by the MCLM Quality Assurer may the machine be used on the permanent work. The operator shall be experienced in the use of the machine.

After the machine has been satisfactorily adjusted the rate of application shall be checked and adjusted if necessary before application on a large scale is commenced.

The paint shall be stirred before application in accordance with the manufacturer's instruction. Paint shall be applied without the addition of thinners.

Standard road-marking paint shall be applied at a nominal rate of 1,0 l/m² or as directed by the MCLM Project Manager and proprietary brands shall be applied at the rates specified by the Manufacturer.

B5712 FAULTY WORKMANSHIP OR MATERIALS

If any material which does not comply with the requirements or if the MCLM Quality Assurer find that any road marking material has been thinned down, or if any work of an unacceptable quality is carried out such material or work shall be removed, replaced or repaired as required by the MCLM Quality Assurer at the Contractor's own cost.

- Rejected traffic markings and paint which has been splashed or dripped onto the pavement, kerbs, structures or other such surfaces, shall be removed by the contractor at his own cost in an approved manner so that the markings or spilt paint will not show up at all.
- The MCLM Project Manager / Quality Assurer shall have authority to randomly inspect or test the application rate of the road marking materials.
- The MCLM Project Manager / Quality Assurer shall have authority to randomly inspect or test any material that is being used on site to ensure that the quality is in accordance with the

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

specifications or that road marking materials free-issued by the MCLM has not been thinned down or modified in any way.

- If found that the Contractor has modified the material in anyway, the MCLM Project Manager may terminate the contract and work will be continued by another contractor or MCLM and no compensation will be made for work to date on that project.
- Should any of the work carried out by the Contractor, become defective within a period of twelve (12) months as a result of poor workmanship or negligence on the side of the Contractor, the Contractor will be ordered to re-execute the work at no cost to the MCLM. Should the Contractor fail to comply with this order, the MCLM Project Manager shall have the right to remove and have the work reinstated by another contractor or the MCLM and the cost will be recovered from the Contractor.

QUALITY AND GUARANTEE

- If at any time after delivery the MCLM Project Manager shall be dissatisfied with the workmanship, the contractor shall immediately remedy the said defect to the specification provided by the Engineer.
- Should the Contractor delay remedial work in excess of the time stipulated by the MCLM's representative, the MCLM Project Manager may have such remedial work executed at the contractor's expense.
- The guarantee period against faulty and poor workmanship or negligence on the side of the Contractor shall be twelve (12) months after the issuing of the final acceptance of the installation.
- The Hot-Applied Thermo Plastic Paint, cold applied plastics and/or and alternative products offered shall clearly state the details of the guarantee for approval by the MCLM.

B5713 PROTECTION

After the paint has been applied, the traffic markings shall be protected against damage by traffic or other causes. The Contractor shall be responsible for erecting, placing and removing warning boards, flags, cones, barricades, and other protective measures which may be necessary in terms of any statutory provision and/or as may be recommend SARTSM.

B5714 MEASUREMENT AND PAYMENT

57.02 Applying Road marking paint

- The unit of measurement for painting the lines shall be a kilometre of each specific of line and the quantity paid for shall be actual length of line painted in accordance with the instructions of the MCLM Project Manager and SARTSM, excluding the gaps in broken lines.
- The unit of measurement for painting the lettering, symbols or traffic island markings shall be a square meter and the quantity to be paid for shall be the actual surface are of lettering, symbols or traffic island markings complete. Distinction shall be made between the different types of lines, islands and colour of the markings.
- The Bid rate per kilometre or per square metre as the case may be for painting the traffic markings shall include full compensation for materials and providing the necessary labour and equipment, and for painting and protecting as specified, including the setting out of lettering, symbols and traffic island markings, but excluding setting out and premarking the lines.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

57.06 Setting out and pre-marking the lines

- The unit of measurement for setting out lines (excluding traffic-island markings, lettering and symbols) shall be the kilometre of lines set out and marked. Where two or three lines are to be painted next to each other, the setting-out of lines shall be measured only once.
- The Bid rate shall include full compensation for setting out and pre-marking the lines as specified, including all materials. Paint for pre-marking will not be free issued by the MCLM.

SECTION 8100: TESTING MATERIALS AND WORKMANSHIP**81.01 Scope**

- Include the following: During the process of the work test shall be conducted on materials and workmanship to ensure compliance with the requirements and specifications **“or as directed by the Engineer”**

81.02 Testing Methods

All tests shall be conducted in accordance with the standard methods as specified and in the order of preference as per Section 8102.

81.03 The Costs of Testing

The tendered rates for various items of works to make provision for testing as per clause 1205, 8103 (a) for the purpose of process control.

Should further testing, be required by the Engineer, these costs will form part of Contingencies.

81.17 Measurement and Payment

The following will apply:

- Tendered rates to include all standard testing required for process control purposes, as per clause 1205.
- Where it is required or instructed by the Engineer that further testing be performed, this will be covered under Contingencies, provided in the Bill of Quantities.

8200: QUALITY CONTROL

During the process of the work the contractor shall conduct required tests on materials and workmanship as required to ensure compliance with the requirements and specifications in terms of his obligations under clause 1205.

No other Quality Control Scheme is required.

82. 17 Measurement and Payment

Where additional testing / material designs etc. are required as directed by the Engineer, this to be paid under Contingencies with the Contractor to obtain quotations, inclusive of a mark up for handling fees, not exceeding 10%.

A PC sum has been provided in the Bill of Quantities, with tests to be claimed under Contingencies

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

PART 3 : PARTICULAR PROJECT SPECIFICATION

C3.4.3 PART 3

These specifications must be read in conjunction with the relevant specifications.

The following Project Specifications forms part of the Contract have been written to cover phases or items of work involving a specialist type of operations or material to be encountered on this Contract and that are not adequately covered by the SANS 1200, COLTO or General Specifications.

MOGALE CITY : PROJECT SPECIFIC REQUIREMENTS**3.4.3.1 METHOD OF WORKING**

- The contractor must at all times exercise care while undertaking the work to ensure that trees, shrubs, hedges, flowers, etc on the pavements or private properties adjoining the work areas are not unnecessarily removed or negatively affected by the work. Should any damages occur as a result of negligence on the part of the Contractor, he/she shall be responsible for costs in this regard.
- The contract must ensure that adequate safety procedures are employed at all times when working on/next to public roads and storm water channels. The contractor should also issue the required safety/ protective clothing, tools and traffic signs required to perform the work. Staff shall wear safety boots, reflective jackets, gloves and dust masks.
- Sand, weeds and debris removed from road gutters, sidewalks, storm water channels, catch pits, manholes and outlets must be removed from site within two working days. Material can be stored in plastic bags before removal, but may not be deposited directly onto sidewalks. The Employer shall advise the Contractor on the location of the dump site. The Contractor shall be responsible for the dumping costs.
- For the upgrading of storm water drains/ catchpits and manholes, the lids must be removed by the Contractor and replaced immediately after the cleaning has been completed or adequately protected with danger tape to avoid injuries to pedestrians. No storm water lid or manhole cover should be left open or unattended to at any stage. Lids are heavy and care should be taken when removing them.
- Repair work to exposed sidewalks, kerbs and potholes should be completed the same day to prevent further damage and possible accidents. Should it not be possible to fully reinstate the work area the same day, the Contractor must ensure that adequate protection measures are put in place avoid injuries to pedestrians and motorists.
- The Contractor will be held accountable for any claims arising out of injuries or damage to private property as a result of negligence or failure to provide adequate protection measures during the execution of the project
- The Contractor must, at the commencement of the contract, submit the outline of his intended work schedule, for the approval of the Employer's representative.
- Obstructions in waterways shall be removed when instructed by the Employer and the Contractor shall dispose of all material at designated spoil sites.
- When instructed by the Employer representative vegetation and debris removed shall be cut to size for transporting purposes.
- Excavations in excess of 1.5m deep should be executed with machines, unless otherwise determined by the Engineer.
- The stacking of storm water pipes on site should be done in such a manner that the pipes are confined and cannot roll/ move.

Municipality 1		Municipality 2	
Contractor 1		Contractor 2	

3.4.3.2 QUALITY STANDARDS

The road shall be cleared of all sand, debris, weeds rubble and vegetation. The Employers representative shall indicate the required quality of cleaning on site.

The upgrading, repair and or reinstatement of, paved, sidewalks, roads, road crossings and potholes must comply with the specifications.

3.4.3.3 MEASUREMENT AND PAYMENT

3.6.3.3 (a) Preliminary and General

A 12% additional charge on each order value will be for full compensation for the Contractor's charges to complete the full task inclusive of Preliminary and General, labour, plant, material and all other cost associated with completion of the task. No additional payment will be made for any item in the task not listed but form part of the execution of the works.

3.4.3.3 (b) Day Work

The day work rate will be used in accordance with the General Conditions of Contract clause 37.2, for the use in determining payment for work which cannot be qualified in specific units in the schedule of quantities, or work ordered by the engineer during the project which was not foreseen at works order stage and for which no applicable rate exists in the schedule of quantities. The Contractor and the Engineer will agree on the method of recording the working hours prior to the commencement of the work. Any long period of idling at any one time which in the opinion of the Engineer or his representative is beyond that required for normal operating conditions will not be paid. An instruction regarding all work to be carried out under daywork in terms of Clause 37.2 of the General Conditions of Contract will be issued at the discretion of the Engineer. Non-working hours for any reason shall not be measured for payment.

3.4.3.3 (c) Pothole repair / Surface repair: (Up to 100mm deep)

- ❖ Excavate area square to depth of solid material.
- ❖ Ensure vertical sides to the required depth.
- ❖ Compact in- situ material layers to 93% MOD AASHTO up to 30mm below final road surface.
- ❖ If required import G2 material, and stabilize with 2% cement, minimum layer thickness for compaction 100mm:
- ❖ Apply SS60 stablemix anionic emulsion tack coat, place Coldmix Asphalt minimum/maximum thickness 30mm and compact, Seal edges with SS60.

3.4.3.3 (d) Road layer construction:

- ❖ Supply, deliver and construct of road layer to the specified level.
- ❖ Layer to be compacted to specified density.
- ❖ Base Layer to be slushed and prepared for prime.
- ❖ Rate is inclusive of all plant requirements, material supply, controlling of levels and removing of all excess material, removing and disposing of material, finishing of area.

3.4.3.3 (e) Prime coat:

- ❖ Supply, deliver and spray of prime coat at the required rate.
- ❖ Rate to include cleaning and preparing of road surface for prime.
- ❖ Water truck to be supplied by client.
- ❖ Resident to be informed 2 days in advance of priming operations.
- ❖ Traffic to be managed during application and drying time.

3.4.3.3 (f) Surfacing:

- ❖ Supply, deliver and application.
- ❖ Rate to include cleaning and preparing of road surface for prior to surfacing.
- ❖ Resident to be informed 2 days in advance of priming operations.
- ❖ Traffic to be managed during application and drying time.

NOTE: No equipment and/or tools will be provided by MCLM

C4.2 BID CHECKLIST

This list is aimed at assisting all bidders to submit complete bid documents.

Bidders are to check the following points before the submission of their tender document and to complete YES/NO next to each item as an indication that the bidder has complied with the provision of the item concerned. If any of the items are marked as NO – it might lead to the disqualification of your bid.

ITEM	DESCRIPTION	YES	NO
1.	Bidder must attach the Central Supplier Database (CSD) registration report.		
2.	Provide copy of your company VAT registration Certificate		
3.	Copies of ID's for company/entity directors		
4.	Tax clearance certificate or copy of tax compliance status (TCS) document has been submitted – in the name of the bidding entity		
5.	The bidding entity as well as all its directors/shareholders must submit Municipal account not more than three (03) months / ninety (90) days plus in arrears at the time of the closing date. No bid will be awarded to a company and its directors that owe more than three (3) months charges to any municipality or metro.		
6.	A valid lease agreement which is in the name of the business and or directors /shareholders, which must stipulate who is responsible for payment of Municipal services; (Copy of the lease agreement will only be accepted if water and lights are part of lease payment). or If the Bidding Entity operates from informal settlement and is not responsible for Municipal account/services. - The bidder must submit confirmation on Municipality/Metro letterhead signed and stamped from the ward councillor/delegate or If the Bidding Entity operates from parents' place and is not responsible for Municipal account: - The bidder must submit the property owner's Municipal account and a Sworn Affidavit of the property owner with and original stamp from the Commissioner of Oaths.		
7.	All pages of the bid document have been read by the bidder and the returnable schedules and MBD 's forms duly completed and signed. e.g. MBD1, MBD 4, MBD 5, MBD 6.1, MBD 8 AND MBD 9.		
8.	All pages requiring information have been completed in full and in black ink.		
9.	Bids must be submitted in original and copy of original and electronically on a USB which is PDF formatted.		
10.	No pages removed from the tender document		
11.	A copy of the resolution of your Board of Directors, similar to the attached specimen, authorizing the signatory to sign the tender and the subsequent contracts, has been attached and signed.		
12.	JV agreement has been attached and signed (if applicable)		
13.	Pricing Schedule must be signed (should alterations be made on pricing schedule they are accompanied by full signature.		
14.	In case of any amendments made, was it signed in full by the authorized signatory? Please note that the use of tipp-ex will lead to immediate disqualification.		
15.	Please declare any interest as required in terms of MBD - 4 truthfully and correctly as incorrect declarations are considered a criminal offence. Personal Tax Numbers included
