1 PROJECT BACKGROUND

Magubungela SPS project was under the Eradication of inappropriate Structures Program. The project was handed over on 12 March 2013 with a contractual construction period of 10 Months. The project was concluded and handed over however due to the insolvency of the project Principal Agent, there is a gross lack of documentation to facilitate a well founded closing of the project as required by legislation. Therefore the appointment of an Architectural Consultant to provide required architectural services on stage 6 (close out) to the project is requisite.

2 STATUS REPORT

2.1 Magubungela Senior Primary School

The school is located in Nyanisweni Administrative Area which falls in the Mhlontlo Local Municipality under the OR Tambo District Municipality, though borders to Ntabankulu area. The scope of works to be implemented are as follows:

Discipline	Deliverables but not limited to
Civil and Structural Engineer	• Field assessment in conjunction with Architect & Electrical Engineer • confirmation of structural integrity utilizing quality control systems pertaining to the discipline, • development of as built drawings • Comprehensive quality report

3. OBJECTIVES

3.1 Objective of this document

The document calls for professional Civil and Structural Engineers to submit prices to undertake engineering services in building project, focusing on stage 6 (close out stage) only for the above-mentioned school, as per ECSA guidelines and scope of services.

3.2 Ethical Consideration

ECSA Guidelines on code of ethics shall apply.

4. SCOPE OF WORK

4.1 General:

The scope of work will be, in terms of the Gazetted rates and services as contained in the Engineering Council of South Africa.

Deliverables

4.2 Assessment of site

The Engineer must assess the site to ascertain the structural integrity of the existing structures, as well as integrity of civil works executed. Develop as built drawings. Measurement and drawing of the existing structure.

4.3 Project Implementation

On confirmation of structural and civil works integrity having passed minimum quality requirements that would have led to issuing of final completion certificate, the consultant will, be expected to but **NOT LIMITED** to facilitating Stage 6 (Close out). Compile and present a comprehensive quality report of site findings; Provide letters of approval speaking to the structural integrity of the existing structures noting recommendations where necessary.

5. APPROACH AND METHODOLOGY

The successful Civil and Structural Engineer will be appointed as a matter of urgency and required to start investigations immediately, these investigations will include, but not be limited to:

- Site investigations;
- Development of as built drawings
- Permeability tests;
- Consultations with Stakeholders;

As the process aims to be as independent as possible to deliver results that might good to achieve project closure, or bad to an extent subject to Arbitration and Litigation, the appointed bidder will under no circumstances, divulge information from one stakeholder to the next without explicit written consent of the IDT.

6. PRICING INSTRUCTIONS

6.1.1 The services will be on time basis

6.1.2 The service provider is to propose a percentage discount in line with the National Department of Public Works Government Gazette.

6.1.3 Please note that price for Professional Service Providers would be based on the calculated fees as per the relevant Gazette given plus discount expressed as a percentage.

6.1.3 Disbursement costs are not part of pricing and will be remunerated in accordance to the publication by DPWI

6.1.4 Please note that the base town to be used by the Professional Service Providers for claiming disbursement travel will be KOKSTAD or UMTATHA depending on the geographical location of bidder.
