- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

1. INTRODUCTION

It's imperative that the Johannesburg City Parks and Zoo (JCPZ) is, and is seen to be a responsible corporate citizen. JCPZ is an integral part of the broader society in which it operates and as such KING IV advocates a stakeholder inclusive approach in which the Board of Directors takes account of the legitimate and reasonable needs, interests and expectations of all material stakeholders in the execution of its duties in the best interest of the Organization over a period of time. It is important therefore that the Board ensures that the corporate ethics are governed well with a view of supporting an ethical culture in the Organization in line with Principle 2 of KING IV.
