

CAPRICORN DISTRICT MUNICIPALITY

#Lefa o nwe meetse –
Do it SMART

Capricorn District Municipality is in the process of installing Smart Meters around the district in Blouberg, Molemole and Lepelle-Nkumpi.

Don't be left behind join the masses and get a Smart Meter installed by visiting your Local municipality or giving your respective councilor a call.

NOW THAT I HAVE A SMART METER, HOW DO I PURCHASE A TOKEN?

Purchasing a water token, it's as simple as purchasing an electricity token. All smart meters have a respective meter number,

- ✓ **STEP 1:** just get to any retail outlet in your area,
- ✓ **STEP 2:** give the teller your meter number
- ✓ **STEP 3:** Detail just how much water you would like to buy.

RETAIL OUTLETS

These are amongst the few Retail Outlets you can purchase your water token:

\$ Spar, Shoprite, Pick 'n Pay, Usave, Petrol Garages, Cellphone Banking and More!

Now remember, Smart Meter works just like a Smart Cellphone, you load just the amount of airtime you need to last you!

The bigger the family, the more water you need!

"Re Soma le Setshaba"

Visit your local fire station to report all smart meter challenges/faults OR Better yet give them a call:
