1. BACKGROUND

The NLSA is a world class African national library and information hub. It is the mission of the NLSA to build, record, preserve, conserve and make available a complete South African documentary heritage fostering a reading nation towards and informed citizenry.

The NLSA is listed under schedule 3A of the Public Finance Management Act, Act no. 1 of 1999 as amended (PFMA). The NLSA adopted the Generally Recognized Accounting Practice (GRAP) Framework for financial reporting purpose consistent with section 55 of the PFMA. To achieve fair presentation of the annual financial statements, GRAP requires that the NLSA comply with all provisions of the GRAP standard as published and made effective by the Accounting Standard Board.

The NLSA has been unable to comply with the accounting requirements prescribed in the standard of GRAP for heritage assets (GRAP 103). Non-compliance has resulted in the NLSA receiving a qualified audit in three consecutive years. To remedy the unfavorable audit outcome, the NLSA requires a service provider to conduct the valuation of the priority & special collections held at the Cape Town campus.

The National Library of South Africa (NLSA) is soliciting bids from Service Providers to undertake the valuation of its priority & special collections held in the National Library of South Africa's Cape Town Campus. The valuation requirements must meet with the Accounting Standard of the Generally Recognized Accounting Practice.

2. SCOPE OF WORK

- Special Collections - manuscripts, rare books, maps, posters, glass negatives, photos, nourse, dessinian etc. (199 332 items)

- The valuations must be undertaken in line with the standards laid down by the International Valuation Standards Council and their affiliates for the valuation of personal property.
- The service provider will be required to provide a valuation report containing any assumptions or special assumptions made during the assignment.

- Supply valuation reasoning per heritage asset (GRAP 103) and supply documentary evidence as to the resources used to arrive at the stated value. These must be in a stable format such as screenshots or pdf documents of the sites used.
- The supporting evidence on how the fair values were determined must be submitted and should be audit compliant.
- The collections that require valuations and fair values are based at our Cape Town Campus.
- The service provider will work with the supervision of custodians of the collections.
- The service provider will attend bi-weekly meetings to report on the progress of the project.
- The service provider must be available to provide any additional information required by the auditors on fair values provided even after the valuation has been completed during the 12-month period.
