1. INTRODUCTION TO THE NRF

The National Research Foundation (“NRF”) is a juristic person established in terms of the National Research Foundation Act, Act 23 of 1998, and a Schedule 3A Public Entity in terms of the Public Finance Management Act (PFMA). The NRF is the government’s national agency responsible for promoting and supporting research and human capital development through funding researchers, provision of the National Research Platforms, and science outreach platforms/programs to the broader community. The NRF provides these services in all fields of science and technology, including natural science, engineering, social science, and humanities.

The NRF is a schedule 3A entity under the PFMA (Act 29 of 1999), which is required to plan and report on its activities and organizational performance, and which is to be audited by the Auditor-General of South Africa (AGSA) on an annual basis. As part of the AGSA audit requirements, the NRF has to collect / document and store details, data and/or information of all persons and activities that form part of its performance record as proof thereof. In terms of this requirement, all persons making use of NRF facilities, platforms, equipment, tools etc., for research and related purposes are required to provide their personal details/data/information as per the template below or other similarly appropriate format. By completing your information in the template/register/record below and appending your signature thereto, you confirm your consent, in line with the Protection of Personal Information Act 4 of 2013, whereby the NRF and any of its business units may process (collect, receive, record, organize, collate, share, store, update, modify, retrieve, alter, consult, use, disseminate, distribute, merge, link, erase or destroy) the personal information you provide within and amongst its business units/functions for the purpose of fulfilling its statutory mandate, public accountability and other regulatory/legal requirements.

1.1. INTRODUCTION TO THE BUSINESS UNIT (NRF-SAAO) RESPONSIBLE FOR THIS RFP

The NRF-SAAO seeks a qualified architect for the renovation of the basement,

HIGH LEVEL SUMMARY OF PROPOSAL REQUIREMENTS

This contract aims to secure services of a professional architect consultant to achieve NRF-SAAO's objective of renovating the basement at NRF-SAAO Cape Town site. The architect shall be responsible for providing professional design and coordination services related to the renovation of the existing basement space. The scope includes assessment, planning, documentation, and oversight to ensure the space is functional, code-compliant, and aligned with the client's needs.

SCOPE OF WORK

Site Assessment & Feasibility Study

- Conduct an on-site inspection of the existing basement conditions.
- Evaluate structural elements, ceiling height, ventilation, lighting, and signs of water ingress.
- Assess the feasibility of proposed uses
- Advise on necessary structural, moisture, and safety upgrades.

Design Development & Space Planning

- Prepare conceptual design options for the renovated basement layout.
- Optimize the use of available space considering natural light, access, circulation, and functionality.
- Design basement as per NRF-SAAO requirements
- Ensure the design meets fire safety and egress requirements (e.g., proper window/door sizes for escape routes).

Regulatory Compliance

- Ensure all designs comply with local building codes, zoning laws, fire safety regulations, and health requirements.
- Coordinate with relevant authorities to clarify compliance issues.
- Prepare and submit necessary drawings for building permit approval.

Technical Drawings & Documentation

- Produce detailed architectural drawings, including floor plans, sections, and elevations.
- Specify materials, finishes, fixtures, and fittings as required.
- Coordinate with structural and MEP engineers for integration of services (if walls are modified, or plumbing/electrical work is required).
- Prepare documentation suitable for tendering and contractor pricing.

Client Liaison & Design Revisions

- Consult with the NRF-SAAO regularly to confirm design direction and incorporate feedback.
- Present material palettes and spatial layouts for client approval.
- Revise plans as needed based on feedback and regulatory requirements.

Construction Support & Site Coordination

- Assist the NRF-SAAO in selecting a qualified contractor or renovation team.
- Review contractor queries and provide clarifications during construction.
- Conduct periodic site visits to ensure works are being carried out in accordance with the approved design.
- Address on-site design issues and provide revised details or instructions as necessary.

Post-Construction Review

- Perform a final walkthrough of the renovated basement upon project completion.

- Identify and document any deficiencies or incomplete work for rectification.
- Assist in the preparation of as-built drawings if required.

OCCUPATIONAL HEALTH AND SAFETY WHEN WORKING ON NRF SITES

All personnel performing work on the NRF-SAAO site/s as part of this contract are responsible to obtain safety induction. Over and above the obligations provided by the Occupational Health and Safety Act (OHS Act No 85 of 1993 and its Regulations, known as 'the Act'), the contracted party meets with all relevant health and safety instructions as given to them by site safety personnel, where relevant. Personal protection equipment including closed safety shoes, hard hats, height safety equipment, and high visibility vests are worn at all times while on the work site. All personnel are to obey the relevant instructions, including signage, related to restricted access and speed limits on all sites.

The contracted party, once signing the contract (SBD 7), is responsible for itself, its employees, and those people affected by its operations in terms of the Act the regulations promulgated in terms thereof. The contracted party performs all work and uses equipment on site complying with the provisions of the Act.

To this end, the contracted party shall make available to the NRF-SAAO on the valid Letter of Good Standing in terms of the COID Act and ensures its validity does not expire while executing this bid, where applicable. The contracted party furnishes its registration number with the office of the Compensation Commissioner. The contracted party enters into a Section 37.2 agreement in terms of Occupational Health and Safety Act (OHS Act No 85 of 1993 and its Regulations) that the NRF-SAAO drafts.

The contracted party maintains a health and safety plan complying with the requirements of The Act at the work site during the period that contracted work takes place on the site. The NRF-SAAO manages the contracted party in his capacity for the execution of this contract to meet the provisions of the said Act and the regulations promulgated in terms thereof.

The contracted party accepts liability for any contraventions to the Act. Each member of the contracted party's team (including sub-contracted personnel), submit a signed indemnity form prior to entering the work site and kept in the contracted party's health and safety file.

PERFORMANCE/SERVICE LEVEL CONDITIONS

The NRF-SAAO measures the contracted bidder's performance in the execution of the requirement of the contract. The contracted bidder recognises that its failure to meet the performance levels has material adverse impact on the operations of NRF-SAAO and that the damage from the contracted bidder's failure to meet any performance level is not susceptible to precise determination. The NRF-SAAO excuses the contracted bidder from failing to comply with the performance levels to the extent that non-performance or delayed performance is solely and directly attributable to an act or omission of the NRF-SAAO or its staff or circumstances of force majeure as referred to in this Agreement.

If the contracted bidder fails to meet any performance level requirement:

- The contracted bidder shall investigate and report on the root causes of the performance level failure;
- Promptly correct the failure and begin meeting the set performance levels;
- Advise the NRF-SAAO as and to the extent requested by the NRF-SAAO of the status of remedial efforts being undertaken with respect to such performance level failure; and
- Take appropriate preventive measures to prevent the recurrence of the performance level failure.

The bidder may be required to provide a schedule of their management system that details their supervisory structure, frequency of management meetings, service-delivery validation meetings with NRF-SAAO project team, the procedure where service delivery is found to be below agreed standards, the performance escalation procedure, as well as the scheduling of the activities to be delivered for specified services.

ETHICAL REQUIREMENTS

- The bidder must confirm that there are no interests with the NRF-SAAO and its business units, it has clean business practises, and has determined its bid independently from others as reflected on its submitted SBD forms. Any interest with the NRF-SAAO or NRF-SAAO official must be declared in the relevant Standard Bidding Document. Failure to provide / or comply with any of the above particulars may render the bid invalid and also misrepresentation of facts.

- The bidder should have a good understanding of the ethical dimension of their work and need to show considerable understanding of the need for confidentiality and maintenance of proper ethical standards.
- The engineer must abide by the Code of Conduct as approved by ECSA on 16 March 2017 and published under the Engineering Profession Act, 2000 (Act 46 of 2000) as Board Notice 41 in Government Gazette No. 40691 on Friday, 17 March 2017.

USE OF REASONABLE SKILL AND CARE

- It will be expected of the bidder to apply reasonable skills and due diligence in the execution of the duties stipulated in this document.
- Although the bidder's documents may be scrutinised by the NRF-SAAO, this shall in no way relieve the architect of their professional responsibility for the proper and prompt execution of their duties. The NRF-SAAO shall also be entitled to have any document or calculations verified by others. In the event of mal performance, default or negligence, the NRF-SAAO shall have the right to claim compensation or damages and set-off such against any amount payable.
- During assessment of any existing facilities, which may have a direct bearing on the Project, the bidder shall determine deficiencies with such facilities in terms of the Occupational Health and Safety Act, 1993 (act 85 of 1993), the SANS 10400, etc. and recommend measures to rectify those during the project execution phase.
- The NRF-SAAO's representative shall be notified by the bidder and their personnel of any transgression of *inter alia* the Occupational Health and Safety Act, 1993 (Act 85 of 1993) and environmental legislation during the service provides operation pertaining to the contract regardless of who may be involved.

CONTRACT MANAGEMENT

The bidder must be issued with a written purchase order authorising the deliverables of this contract before any service can be rendered. The purchase order stipulates work description, delivery date, place, time and costs of the service required.

Contract management:

- The NRF-SAAO's provides the bidder with the requirements for each meeting and the bidder must provide a response within three working days after receiving the request.

- The bidder is responsible to manage his/her account with the NRF-SAAO which will include the timely receipt of valid invoices by NRF-SAAO for payment within the agreed time. NRF-SAAO, where correct procedures are followed, will make prompt payments.
- The NRF-SAAO applies penalties to the bidder where the bidder consistently delivers service levels below the agreed minimum professional service.

Termination of contract due to non-performance

- In the event of the non-performance as per the agreed contract, NRF-SAAO will appoint an alternative at the cost of the appointed third party. The defaulting third party is obliged to settle the damages/additional costs that NRF-SAAO has incurred as result of the non-performance of the appointed bidder.

Occupational Health and Safety when working on NRF-SAAO sites:

- All personnel performing work on NRF-SAAO site as part of this contract are responsible to obtain safety induction.
- Over and above the obligations provided by the Occupational Health and Safety Act (OHS Act No 85 of 1993 and its Regulations, known as 'the Act'), the appointed bidder must meet all relevant health and safety instructions as given to them by site safety personnel, where relevant.
- The appointed bidder, once signing the contract (SBD 7), is responsible for itself, its employees, and those people affected by its operations in terms of the Act the regulations promulgated in terms thereof.
- NRF-SAAO manages the appointed bidder in his capacity for the execution of this contract to meet the provisions of the said Act and the regulations promulgated in terms thereof. The appointed bidder accepts liability for any contraventions to the Act.

Original bid documents for contract signing

- The sets of original bid documents in hard copy format (paper document) serves as the original master set for the legal contract document between the contracting parties. The master set remains at the NRF-SAAO and has precedence over any other copies in the case of any discrepancies within the other sets of documents.

The master set has the originals or certified copies of any certificates stipulated in this document.

Managing service levels

- Upon appointment, both parties agree on the final set of performance levels for each deliverable including measurable key performance indicators with minimum thresholds in writing which form part of this contract document.
- Where both parties agree to variation of these, both parties sign the revision which must be appended to this contract document.
- The appointed bidder and the NRF-SAAO contract manager measure delivered performance against these performance levels. Where either party has identified poor performance under this contract, both parties will meet and investigate the matter to determine the root cause, the correction plan, and the execution planning thereof.
- Both parties will monitor the corrective actions and assess the applicability of penalties to the incurred poor performance and then apply them.
