

Addendum 28 August 2026

Some the clarity seeking question asked at the previous engagements were

1. Will the contract be awarded with different rates – Yes, however during negotiations if they will be any we will negotiate for standardisation.
2. Will they be required to price for Section 31(material) – No, Eskom will provide the materials.
3. PPPFA will be measured on the bottom line (based on the rates provided).
