1. BACKGROUND AND CONTEXT

The National Lotteries Commission (“NLC”), is a public entity established in terms of Lotteries Act 57 of 1997 (“Act”), as amended, to regulate Lotteries and Sports Pools industry within the Republic of South Africa. The functions of the NLC can be divided into two categories, namely “regulation of National Lottery, Sports Pools and other Lotteries” and “administration of the National Lottery Distribution Trust Fund” (“NLDTF”).

The NLC’s grant funding model has on various occasions been infiltrated by people or companies who purport to be “agents” of the NLC. To minimize this phenomenon a pilot model was developed and implemented, and agents were appointed. However, there is need to monitor, review and improve this model. In line with the Annual Performance Plan (“APP”) target, a Cross Functional Project Team was established to review the model, identify the challenges, recommend the appropriate mode. A preliminary analysis revealed that there is a need to improve the current model. However, technical support is required to ensure that a sound model is developed.

2. SCOPE OF ENGAGEMENT AND DELIVERABLES

The service provider is required to:

- 2.1 Analyse the current accreditation model and benchmark where necessary with other entities and produce a lesson learnt report.
- 2.2 Determine the challenges of the current model and propose viable solutions to address these challenges.
- 2.3 Interview the current independent accredited agents and any other relevant stakeholders as part of compiling the lessons learnt report;
- 2.4 Propose the appropriate business model.

3. PURPOSE OF THE RFP

The purpose of this Request for Proposals (RFP) is to appoint a suitably qualified service provider to review and develop business model for agents assisting grant applicants.

4. REPORTING REQUIREMENT

The service provider will report to the Accredited Agents Committee and the Chief Operations Officer and/or his delegate for the duration of the appointment; regular meetings may be held to track progress.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
